Subsection 1 of section 12 of the Act—Previously the returns required in connection with the collection of the tax were submitted by March 1st and the assessment made by the mine assessor by October 1st. Due to the advanced date of payment, it is necessary to provide for notice of assessment verifying or altering the amount of tax as estimated in the returns.

Subsection 2 of section 12 of the Act. Relief is provided for if understatement of tax in returns is made with no improper motive.

Subsection 3 of section 12 of the Act. Penalty provided for default in payment of any balance of tax which may be found to be due after assessment and notification by mine assessor.

Subsection 4 of section 12 of the Act. Provides for refund in case of overpayment.

SECTION 5—SUBSECTION 1. Provides for acceleration of forfeiture procedure so that mining lands in default of acreage taxes may be made available for re-staking at an earlier date.

Subsection 2. The present section imposes costs of \$5 per parcel. As patents granted some years ago often contained several mining locations or claims, it is desirable to levy costs on each location or mining claim.

- (4) The Treasurer of Ontario, upon the recommendation of the Minister, following the issue of the notice of assessment, may refund any overpayment of tax or penalties made by the taxpayer. Refunds.

5.—(1) Subsection 1 of section 20 of *The Mining Tax Act* is repealed and the following substituted therefor: Rev. Stat.,
c. 28, s. 20,
subs. 1,
re-enacted.

- (1) The Deputy Minister of Mines shall cause to be prepared annually a list of all mines, mining locations, mining claims, mining rights and other lands in respect of which any tax imposed under this Act is two years or more in arrear and each year shall cause such list to be published in four consecutive issues of the *Ontario Gazette* between the 1st day of January and the 31st day of March and in four issues of one newspaper, if any, published in the district or county in which the property is situate, stating that unless the amount due with penalties, costs and expenses is paid on or before a day specified therein, which shall be not less than six months nor more than one year after the first of such publications, such mines, mining locations, mining claims, mining rights and other lands shall upon the day following the day so specified become forfeit to and re-vested in the Crown. Publication
of list of
arrears and
notice of
forfeiture.

(2) Subsection 2 of the said section 20 is amended by striking out the words "parcel of property" in the last line and inserting in lieu thereof the words "mining location, mining claim or parcel of mining rights", so that the said subsection shall now read as follows: Rev. Stat.,
c. 28, s. 20,
subs. 2,
amended.

- (2) If the taxes due, with costs and expenses, or any part thereof, remain unpaid until within four months of the day so fixed, the Deputy Minister shall, not later than two months prior to such day, mail or cause to be mailed by registered post to the person appearing from search or inquiry at the registry or land titles office to be the owner or last known owner of each property so in default, at what appears to the Deputy Minister to be the address or last known address of such person so far as he can reasonably ascertain it, notice specifying the total amount of taxes, costs, expenses and penalties due or payable under this Act in respect of such property and stating that unless the same is paid on or before the day so fixed the property will be forfeited; and to the amount otherwise payable under this Act there shall in every such case be added and shall be paid as costs of such notice the sum of \$5 for each mining location, mining claim or parcel of mining rights. 5. The Village shall not be entitled to any rebate from the City on account of water registered or passed by the meters at the locations and points of contact mentioned in paragraph No. 1 hereof, or any of them, and for which the City may call upon the Village to pay.

11. The City shall have the right at any time and from time to time during the currency of these presents, for its own purposes to manipulate valves or anything connected with the water supply system of the City within the limits of the municipality of the City of Toronto, and if such manipulation shall diminish, interrupt or cut off the supply of water to the Village provided for by this Agreement the City shall not in any way be liable to the Village on account thereof; PROVIDED, HOWEVER, that this right shall not be construed as giving the City the right to permanently discontinue the supply of water to the Village provided for by this Agreement.

4. Upon the erection and equipping of the houses as in Clause 3 hereof provided, the Company shall lease the houses and lands appurtenant thereto respectively, to sailors, soldiers or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependents and to the dependents of any sailor, soldier or airman of such forces who is on general service outside Canada or who has been killed on active service in such war, at rents ranging from Twenty-two Dollars (\$22.00) to Thirty Dollars (\$30.00) per month per house; Provided, however, that whenever and so often as any of the houses is or becomes vacant and there are no applications of any such sailor, soldier, airman or dependents thereof acceptable to and filed with the Company, the Company shall have the right to lease the same at the rents aforesaid to whomever it shall in its uncontrolled discretion determine; And it is

The City Covenants and agrees to furnish to the houses and to the tenants thereof all such facilities, privileges and services of the City as are furnished or made available to other properties or property owners and tenants in the City including without limiting the generality of the foregoing, fire protection, police protection and schools.

7. 10. The provisions of this Agreement except Clause 13 hereof shall only affect the houses and lands appurtenant thereto while owned by His Majesty and His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided, however, that whenever and so often during the period from the date hereof to the 31st day of December, 1950 (both dates inclusive) as His Majesty shall sell or transfer any of

the houses and lands appurtenant thereto, His Majesty and/or the Company shall pay to the City the sum of Four Hundred Dollars (\$400.00) in respect of the land appurtenant to each house so sold; And provided that whenever during the period from the 1st day of January, 1951 to the 31st day of December 1955 (both dates inclusive) as His Majesty shall sell or transfer any of the houses and land appurtenant thereto His Majesty and/or the Company shall pay to the City the sum of Two Hundred Dollars (\$200.00) in respect of the land appurtenant to each house so sold. PROVIDED FURTHER that in the year in which any house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in Clauses 7 and 8 hereof shall be pro rated proportionately to the part of the year during which His Majesty was owner of such house or houses and the lands appurtenant thereto.

11. His Majesty in consideration of the City entering into and executing these presents, hereby gives to the City an option irrevocable within the time for acceptance herein limited to purchase free from all encumbrances (save and except any encumbrance which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the building lots owned by His Majesty on January 1st, 1961 as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company for the sum of One Thousand Dollars (\$1,000.00), for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of January, 1961 to the 31st day of March, 1961, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Clerk of the City sealed with the Corporate Seal of the City mailed postage prepaid and registered, addressed to His Majesty in care of the Company at 55 York Street, Toronto (or such other address as may be designated by His Majesty or the Company in writing), stating in such letter that this option is accepted and enclosing therewith an accepted cheque payable to the order of His Majesty in the amount of ten per centum (10%) of the said purchase price. The balance of the said purchase price, subject to adjustments, shall be paid within sixty (60) days from the date of acceptance, all adjustments to be made as of the 31st day of March, 1961, and the conveyance of the building lots with the appurtenances aforesaid shall be by deeds or transfers approved by the solicitor for the City.

12. His Majesty and/or the Company from and after the 1st day of April, 1961, shall pay annually to the City in respect of each house and the land appurtenant thereto while owned by His Majesty for services rendered and privileges and facilities made available, a sum equal to the amount of the taxes, rates and/or assessments, including local improvement rates, that would be payable in respect thereof if the same were owned by a non-exempt person, company and/or corporation. Such sum shall be paid to the City on or before the 31st day of December in each year commencing with the year 1961; provided that such payments shall be pro-rated in respect of the portion of the year in which each of the said houses and lands appurtenant thereto ceases to be owned by His Majesty.

13. Any existing or future provisions of the charter and/or by-laws of the City respecting the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

14. In the event that any of the houses while owned by His Majesty are damaged by fire or the elements or otherwise prior to the 1st day of April, 1961, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair or rebuild such house or completely remove the remains of such damaged house from the building lot or portion thereof appurtenant thereto. In the event of the removal of such damaged house His Majesty shall for the nominal sum of One Dollar convey to the City in fee simple free from all encumbrances (save and except any encumbrance which may be registered against such building lot or portion thereof at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the

building lot or portion thereof formerly appurtenant to such house. Such conveyance shall be by a deed or transfer approved by the solicitor for the City.

15. The City at its own cost and expense shall take all possible steps to obtain at the next ensuing session of the Legislature of the Province of Ontario Legislation validating and confirming this Agreement.

IT IS FURTHER AGREED that in the event of any unit being sold to any person other than a Veteran during the prescribed period the regular rate of taxation shall immediately become applicable.

IT IS FURTHER AGREED that in the event of a unit being disposed of to a Veteran, only a proportional part of the said taxation rate of Sixty Dollars (\$60.00), plus the rate for water main frontage at 4c. per lineal foot, computed on the frontage of one street only, shall be payable for that portion of the year of disposition to the said veteran during which the Veteran shall be in actual occupation of the said unit. In the event of any unit being disposed of to a Veteran as aforesaid and reverting to or being repossessed by the Director and granted or disposed of by The Director to any person other than a Veteran, the regular rate of taxation shall be applicable for that portion of the year following the date of such disposition and continued during that period of occupation of the said premises by any person other than a Veteran, PROVIDED that in the event of the subsequent redistribution of such unit to a Veteran the provisions with respect to limitation of taxation as herein provided shall apply thereto, AND FURTHER PROVIDED that such limitation of taxation shall apply so long as a Veteran shall remain the beneficial owner of the said unit whether in actual occupation thereof or otherwise.

AND FURTHER PROVIDED that the said limitation shall also apply if a Veteran established on such property dies, so long as the beneficial ownership of the same remains vested in the widow of the deceased Veteran or in any child or children of the deceased Veteran under twenty-one years of age or any of them and whether or not such widow, child or children or any of them are in actual occupation of the said property.

(7) THE CITY hereby agrees to install the required water and sewer facilities and, in the proper manner, to grade and gravel all streets and construct lanes as and when required by The Director, to serve all or any part of the said lands or subdivision thereof, and to proceed with the said work with the least possible delay immediately after being requested by The Director so to do.

The Director agrees that he will pay the City forthwith upon completion for the work in this Clause agreed to be performed by the City, including the laying of a 12" sewer on John Street approximately 1,328 feet in length from Northern Avenue to Canadian National Railway, grading and gravelling John Street approximately 1,341 feet in length from Northern Avenue to Canadian National Railway, such work and construction not to exceed the sum of Twelve Thousand Dollars (\$12,000.00) and the City agrees that if the cost of this work is found on completion to be less than the sum of Twelve Thousand Dollars (\$12,000.00), that the Director will pay only this lesser sum. The whole cost of installing water main plus engineering and overhead cost on John Street from Northern Avenue, to the Canadian National Railway, will be borne by the City, and not in any way to be included in the total cost of works of

which the Director is to pay up to said Twelve Thousand Dollars (\$12,000.00).

The Director further agrees that he will use his best efforts to secure for the City any additional man power required to do this work.

(8) THE CITY AGREES to extend its light and power lines to such units as may be required by the Director which shall be done at no expense to The Director nor to the unit holders other than charging of the usual monthly accounts for electric energy to the users thereof.

(9) THE DIRECTOR AGREES that when the various units are available for sale to Veterans a priority will be given to the applications of qualified Veterans from the City; PROVIDED that if there be no Veterans from the City properly qualified and recommended at such time as any units may be ready and available for disposition to Veterans The Director shall be at liberty to dispose of such units to any qualified Veteran.

(10) THE PARTIES HERETO AGREE that they will execute such further deeds, documents, assurances and consents as may be necessary to carry out the full intent and purposes of this Agreement.

(11) THIS AGREEMENT shall be binding upon and enure to the benefit of the parties hereto, their successors and assigns respectively.

IN WITNESS WHEREOF The Corporate Seal of the City of Fort William has been hereunto affixed attested by the hands of its proper officers and The Director has hereunto set his hand and seal, the day and year first above written.

4. Upon the erection and equipping of the houses as in Clause 3 hereof provided, the Company shall lease the houses and lands appurtenant thereto respectively, to sailors, soldiers or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependents and to the dependents of any sailor, soldier or airman of such forces who is on general service outside Canada or who has been killed on active service in such war, at rents ranging from Twenty-two Dollars (\$22.00) to Thirty Dollars (\$30.00) per month per house; Provided, however, that whenever and so often as any of the houses is or becomes vacant and there are no applications of any such sailor, soldier, airman or dependents thereof acceptable to and filed with the Company, the Company shall have the right to lease the same at the rents aforesaid to whomever it shall in its uncontrolled discretion determine; And it is

hereby expressly declared and agreed by and between the Parties hereto that all water, gas and electric current supply charges or rates in respect to the houses shall not be assessed or charged against the lands and premises so leased, it being understood that the same are to be paid by the respective lessees.

5. His Majesty and/or the Company at their own cost and expense, shall undertake and carry out the management and control of the houses and all appurtenances thereto belonging and shall at all times well and sufficiently repair, maintain, and keep the houses with the appurtenances and all fixtures and things thereto belonging in good and substantial repair, reasonable wear and tear and damage by fire, lightning, tempest, acts of God and His Majesty's enemies only excepted.

6. The City Covenants and agrees to furnish to the houses and to the tenants thereof all such facilities, privileges and services of the City as are furnished or made available to other properties or property owners and tenants in the City including without limiting the generality of the foregoing, fire protection, police protection and schools.

7. Subject to the provisions of Clause 10 hereof His Majesty and/or the Company shall pay to the City on the 1st day of the month of October in each of the years 1945 to 1960, both inclusive, for services rendered and privileges and facilities made available the sum of Twenty-four Dollars (\$24.00) in respect of each of the houses containing two bedrooms and the sum of Thirty Dollars (\$30.00) in respect of each of the houses containing more than two bedrooms; Provided that the said payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. Subject to the provisions of Clause 10 hereof, His Majesty and/or the Company in addition to the payments provided for in Clause 7 hereof shall pay to the City on the 1st day of the month of October in each of the years 1945 to 1960 both inclusive, the sum of One Dollar (\$1.00) in respect of each of the houses in consideration for the street lighting services to be supplied by the City for the houses; Provided that such payments shall be pro-rated in respect of the portion of the first year in which each of the houses is constructed.

(a) Should it be necessary to revise the estimated cost of the houses, then it will be necessary to revise the duration of this Agreement as follows: for each Two Hundred Dollars (\$200.00) to be added to the estimated cost of the houses, one year is to be added to the duration of this Agreement and for each Two Hundred Dollars (\$200.00) to be subtracted from the estimated cost of the houses, one year is to be subtracted from the duration of this Agreement.

9: In consideration of the payments provided for in Clause 7 and 8 hereof the City agrees not to levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupants of the houses while the same are owned by His Majesty; Provided that nothing contained in this Clause shall be deemed to limit the right of the City to charge the tenants or occupants of the houses while the same are owned by His Majesty, the public utility rates, and other charges provided for in clause 4 hereof, or to collect from such tenants or occupants any license or permit fees or dog tax or business tax which the City has the right to collect from inhabitants of the municipality of Fort William.

Nothing in this Agreement contained shall limit the right of the municipality to collect poll tax from any person resident in the houses.

10. The provisions of this Agreement except Clause 13 hereof shall only affect the houses and lands appurtenant thereto while owned by His Majesty and His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided, however, that whenever and so often during the period from the date hereof to the 31st day of December, 1950 (both dates inclusive) as His Majesty shall sell or transfer any of

the houses and lands appurtenant thereto, His Majesty and/or the Company shall pay to the City the sum of Four Hundred Dollars (\$400.00) in respect of the land appurtenant to each house so sold; And provided that whenever during the period from the 1st day of January, 1951 to the 31st day of December 1955 (both dates inclusive) as His Majesty shall sell or transfer any of the houses and land appurtenant thereto His Majesty and/or the Company shall pay to the City the sum of Two Hundred Dollars (\$200.00) in respect of the land appurtenant to each house so sold. PROVIDED FURTHER that in the year in which any house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in Clauses 7 and 8 hereof shall be pro rated proportionately to the part of the year during which His Majesty was owner of such house or houses and the lands appurtenant thereto.

11. His Majesty in consideration of the City entering into and executing these presents, hereby gives to the City an option irrevocable within the time for acceptance herein limited to purchase free from all encumbrances (save and except any encumbrance which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the building lots owned by His Majesty on January 1st, 1961 as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company for the sum of One Thousand Dollars (\$1,000.00), for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of January, 1961 to the 31st day of March, 1961, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Clerk of the City sealed with the Corporate Seal of the City mailed postage prepaid and registered, addressed to His Majesty in care of the Company at 55 York Street, Toronto (or such other address as may be designated by His Majesty or the Company in writing), stating in such letter that this option is accepted and enclosing therewith an accepted cheque payable to the order of His Majesty in the amount of ten per centum (10%) of the said purchase price. The balance of the said purchase price, subject to adjustments, shall be paid within sixty (60) days from the date of acceptance, all adjustments to be made as of the 31st day of March, 1961, and the conveyance of the building lots with the appurtenances aforesaid shall be by deeds or transfers approved by the solicitor for the City.

12. His Majesty and/or the Company from and after the 1st day of April, 1961, shall pay annually to the City in respect of each house and the land appurtenant thereto while owned by His Majesty for services rendered and privileges and facilities made available, a sum equal to the amount of the taxes, rates and/or assessments, including local improvement rates, that would be payable in respect thereof if the same were owned by a non-exempt person, company and/or corporation. Such sum shall be paid to the City on or before the 31st day of December in each year commencing with the year 1961; provided that such payments shall be pro-rated in respect of the portion of the year in which each of the said houses and lands appurtenant thereto ceases to be owned by His Majesty.

13. Any existing or future provisions of the charter and/or by-laws of the City respecting the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

14. In the event that any of the houses while owned by His Majesty are damaged by fire or the elements or otherwise prior to the 1st day of April, 1961, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair or rebuild such house or completely remove the remains of such damaged house from the building lot or portion thereof appurtenant thereto. In the event of the removal of such damaged house His Majesty shall for the nominal sum of One Dollar convey to the City in fee simple free from all encumbrances (save and except any encumbrance which may be registered against such building lot or portion thereof at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the

building lot or portion thereof formerly appurtenant to such house. Such conveyance shall be by a deed or transfer approved by the solicitor for the City.

15. The City at its own cost and expense shall take all possible steps to obtain at the next ensuing session of the Legislature of the Province of Ontario Legislation validating and confirming this Agreement.

IN WITNESS WHEREOF the Parties hereto have hereunto affixed their respective Corporate Seals attested by the hands of their respective officers in that behalf duly authorized.

MR. MURDOCH

(PRIVATE BILL.)

BILL

An Act respecting the Town of Leamington.

WHEREAS the Corporation of the Town of Leamington **Preamble.** has by its petition represented that by an agreement between The Corporation of the Town of Leamington, The Corporation of the Township of Mersea, Branch 84 of the Canadian Legion of the British Empire Service League and the Trustees for said Branch 84 of the Canadian Legion, it was provided that the Legion should on lands owned by it adjoining Memorial Park in the Town of Leamington, proceed with the erection of a building to be a Memorial in commemoration of persons who served on active service in the armed forces of His Majesty; that to erect a building of suitable size and in the most desirable location, it is desirable that part of the Memorial Park be conveyed to the Legion and for that purpose a supplemental Agreement between the said parties was made; and whereas the Corporation has by its petition prayed for special legislation to validate the agreements and to authorize a conveyance to be made by the Corporation in implementation of the second mentioned agreement; and whereas the Corporation of the Town of Leamington has also by its petition represented that by an Order in Council bearing date the 19th day of September, 1889, the Village of Leamington was erected into a town and the boundaries of the Town were therein described, but there was an error in the description in the omission of one bearing and that the description is otherwise unsatisfactory and indefinite and further that certain lands subsequently annexed to the Town are not accurately or sufficiently described in an order of the Ontario Municipal Board annexing the same, and that other lands have subsequently been annexed to the Town and it is desirable that the boundaries of the Town be fixed and defined and the Corporation has by its petition prayed for special Legislation therefor; and whereas it is expedient to grant the prayer of the said petition;

MR. MURDOCH

TORONTO
PRINTED BY T. E. BOWMAN
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

BILL

An Act respecting the Town of Leamington.

WHEREAS the Corporation of the Town of Leamington Preamble. has by its petition represented that by an agreement between The Corporation of the Town of Leamington, The Corporation of the Township of Mersea, Branch 84 of the Canadian Legion of the British Empire Service League and the Trustees for said Branch 84 of the Canadian Legion, it was provided that the Legion should on lands owned by it adjoining Memorial Park in the Town of Leamington, proceed with the erection of a building to be a Memorial in commemoration of persons who served on active service in the armed forces of His Majesty; that to erect a building of suitable size and in the most desirable location, it is desirable that part of the Memorial Park be conveyed to the Legion and for that purpose a supplemental Agreement between the said parties was made; and whereas the Corporation has by its petition prayed for special legislation to validate the agreements and to authorize a conveyance to be made by the Corporation in implementation of the second mentioned agreement; and whereas the Corporation of the Town of Leamington has also by its petition represented that by an Order in Council bearing date the 19th day of September, 1889, the Village of Leamington was erected into a town and the boundaries of the Town were therein described, but there was an error in the description in the omission of one bearing and that the description is otherwise unsatisfactory and indefinite and further that certain lands subsequently annexed to the Town are not accurately or sufficiently described in an order of the Ontario Municipal Board annexing the same, and that other lands have subsequently been annexed to the Town and it is desirable that the boundaries of the Town be fixed and defined and the Corporation has by its petition prayed for special Legislation therefor; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Provided that such installations shall in all cases include such re-laying of the pavement on the street destroyed in effecting such installations as in the opinion of the said City Engineer shall be necessary and proper. Provided also, and it is hereby expressly declared and agreed by and between the parties hereto, that upon the completion of all such installations the portions of such connections lying within the boundaries of public streets shall become the sole property of the City without the payment of any compensation whatever therefor by the City to His Majesty and/or the Company, and shall thereafter be maintained and repaired by the City at its own cost and expense, except the cost of repairs to any private drain connection that has become blocked or obstructed by causes other than faulty construction or such connection, which cost of repairs shall be paid by His Majesty or the Company to the City.

4. Upon the erection and equipping of the houses as in clause 3 hereof provided, the Company shall lease the houses and lands appurtenant thereto respectively (to soldiers, sailors or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependants and to the dependants of any soldier, sailor or airman of such forces who is on general service outside Canada, or who has been killed on active service in such war), at rents ranging from Twenty-two dollars to Thirty dollars per month per house; Provided, however, that whenever and so often as during the currency of this agreement any of the houses is or becomes vacant and there are no applications of any such soldier, sailor, airman or dependants acceptable to and filed with the Company, the Company shall have the right to lease the same at the rents aforesaid to whomever it shall determine. And it is hereby expressly declared and agreed by and between the parties hereto that all water and electric current supply rates or charges in respect to the houses shall not be assessed or charged against the lands and premises so leased, it being understood that the same are to be paid by the respective lessees.

5. His Majesty and/or the Company, at their own cost and expense, shall undertake and carry out the management and control of the houses and all appurtenances thereto belonging and shall at all times during the currency of this agreement, well and sufficiently repair, maintain, amend and keep the houses with the appurtenances and all fixtures and things thereto belonging in good and substantial repair, reasonable wear and tear and damage by fire, lightning, tempest acts of God and His Majesty's enemies only excepted.

6. His Majesty and/or the Company shall pay to the City on the 31st day of the month of December in each of the years 1945 to 1959, both inclusive, in lieu of taxes on the building lots, the following annual amounts:

(a) The sum of Twenty-four Dollars in respect of each of the houses containing two bedrooms, and

(b) The sum of Thirty dollars in respect of each of the houses containing more than two bedrooms; Provided that the said payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

7. His Majesty and/or the Company, in addition to the payments provided for in clause 6 hereof, shall pay to the City on the 31st day of December in each of the years 1945 to 1959, both inclusive, the sum of One dollar in respect of each of the houses, in consideration for the street lighting services for the houses to be provided by the City. Provided that such payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. That in consideration of the payments provided for in clauses 6 and 7 hereof the City shall not levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupiers of the houses while the same are owned by His Majesty. Provided that nothing contained in this clause shall be deemed to limit the right of the City to charge the tenants or occupiers of the houses while the same are owned by His Majesty, public utility rates and/or charges provided for in clause 4 hereof, or to collect from such tenants or occupiers any license or permit fees or dog tax or business tax which the City has the right to collect from inhabitants of the Municipality of the City of London. Nothing in this agreement contained shall limit the right of the Municipality to collect poll tax from any person resident in the living accommodation.

9. This agreement shall only affect such of the houses and lands appurtenant thereto while owned by His Majesty, and His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided however that no sale or conveyance shall at any time be made to any person, firm, corporation or body exempt from full or any municipal assessment and taxation at the time of such sale or conveyance. Provided further that in the event of any of the houses and lands appurtenant thereto being sold by His Majesty, His Majesty shall pay to the municipality at the time of such sale the sum of Four hundred dollars in payment of each building lot so sold during the period between the date of this agreement and the 31st day of December, 1950, both days inclusive, and the sum of Two hundred dollars in payment of each building lot so sold during the period between the 1st day of January, 1951, and the 31st day of December, 1955, both days inclusive. Provided further that in the year that any such house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in clauses 6 and 7 hereof shall be pro rated in respect of the portion of the year in which each house and the lands appurtenant thereto cease to be owned by His Majesty, and such lands and houses shall forthwith upon such sale immediately become subject to all taxes and local improvement rates which would be assessed and charged against such lands and houses had it not been for the provisions of this agreement, and the ownership thereof by His Majesty and/or the Company.

10. His Majesty, in consideration of the City entering into and executing these presents, hereby gives to the City an option, irrevocable within the time for acceptance herein limited, to purchase, free from all encumbrances (save and except any encumbrances which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the building lots then owned by His Majesty as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company (such fixtures to include but not so as to limit the generality of the foregoing, heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds) for the sum of One thousand dollars for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of January, 1960 to the 31st day of March, 1960, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Treasurer of the City and sealed with the Corporate seal of the City, mailed, postage prepaid and registered, addressed His Majesty, care of the Company, at 55 York Street, Toronto, stating therein that this option is accepted and by paying to His Majesty

forthwith ten per centum of the said purchase price. The balance of the said purchase price, subject to adjustments, shall be paid within sixty days from the date of acceptance, all adjustments to be made as of the 31st day of March, 1960, and the conveyance of the building lots with the appurtenances aforesaid shall be by deeds or transfers approved by the solicitor for the City.

11. Should the City fail to exercise the option to purchase mentioned in clause 10 hereof, His Majesty shall have the right to sell such of the building lots as are then owned by him without payment to the City of any sum whatsoever on the sale of such lands, and His Majesty and/or the Company, from and after the 1st day of April, 1960, shall pay annually to the City in respect of each of the building lots and buildings thereon, while owned by His Majesty, in lieu of taxes, a sum equal to the amount of taxes, rates and/or assessments, including local improvement rates, that would have been payable in respect of each of the building lots and buildings thereon if the same had been owned by a non-exempt person, company and/or corporation; such sum to be paid to the City on or before the 31st day of December in each year commencing with the year 1960. Provided that such payments in lieu of taxes shall be pro rated in respect of the portion of the year in which each of the building lots ceases to be owned by His Majesty.

12. That any existing or future provisions of the by-laws of the City with respect to the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

13. In the event that any of the houses is damaged by fire or the elements or otherwise prior to the 1st day of April, 1960, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair such damage or completely remove the remains of such damaged house from the portion of the building lots appurtenant thereto. In the event of the removal of such damaged house His Majesty shall convey to the City, in fee simple, free from all encumbrances (save and except any encumbrance which may be registered against such portion of the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the said portion of the building lots, such conveyance to be by a deed or transfer approved by the solicitor for the City.

14. The City, at its own cost and expense, shall take all possible steps to obtain, at the next ensuing session of the Legislature of the Province of Ontario, legislation validating and confirming this agreement and empowering the City to carry out its terms and provisions.

IN WITNESS WHEREOF the parties hereto have hereunto affixed their respective corporate seals attested by the hands of their respective officers in that behalf duly authorized.

HIS MAJESTY THE KING IN RIGHT OF CANADA, herein represented by the Honourable the Minister of Munitions and Supply of Canada, acting through Wartime Housing Limited (hereinafter called "His Majesty") OF THE SECOND PART;

—and—

WARTIME HOUSING LIMITED, a Company incorporated under the Dominion Companies Act, pursuant to the provisions of the Department of Munitions and Supply Act (being Statutes of Canada, 4 George VI, Chapter 3, as amended), (hereinafter called "The Company") OF THE THIRD PART.

AND WHEREAS there is a serious shortage of housing accommodation within the said municipality and the City being desirous of taking steps to alleviate such shortage has requested His Majesty to provide additional housing accommodation within the limits of the City of London;

AND WHEREAS His Majesty has agreed to provide such additional housing accommodation of the types, to the extent and upon the terms and conditions all as hereinafter set forth to be known as London Project No. 3, upon the condition that the City shall convey to His Majesty the land necessary to provide such additional accommodation which as appears by a resolution of the Council adopted at a meeting held on the 10th day of December, 1945, the City has agreed to do upon the terms and conditions hereinafter mentioned and set forth;

AND WHEREAS the Minister of Munitions and Supply of Canada has duly delegated to the Company the power and duty of providing the said additional housing accommodation upon the terms and conditions of this Agreement and pursuant to such delegation and in the exercise and discharge of such power and duty the Company enters into and executes this Agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that the Parties hereto mutually covenant and agree as follows:

1. The City shall convey to His Majesty in fee simple, free and clear from all encumbrances, including taxes and local improvement rates charged to the date of the said conveyance, such of the said parcels of vacant land owned by the City as aforesaid as are acceptable to His Majesty and as are set forth in the Schedule hereto annexed marked "A" (such parcels of land and such Schedule being hereinafter referred to respectively as "the building lots" and "the Schedule"), by deeds or transfers approved by the solicitors for His Majesty.

In the event that any of the said Lots are low in contour, the City will provide land fill of a clean and permanent nature sufficient to bring

the level of the lots up to the level of the adjacent sidewalk or street, whichever may be the higher.

2. His Majesty in consideration of the conveyance provided for in the next preceding clause shall pay or cause to be paid to the City the sum of One Dollar (\$1.00) for each of the building lots or each portion thereof upon which His Majesty or the Company erects a house as hereinafter provided, such sum to be paid upon the execution and delivery of the deed or transfer of each building lot or portion thereof.

3. Upon the execution and delivery of the conveyance provided for in clause 1 hereof His Majesty or the Company shall at His or its own cost and expense proceed forthwith:

A. To erect on the building lots so conveyed and set forth in the Schedule, such number of houses as His Majesty in his sole discretion may deem advisable (such houses being hereinafter referred to as "the houses"), at an average cost of approximately (\$4,000.00) each, to be of frame construction on cement blocks or solid concrete foundation to consist of any of the three types of houses shown on the plans of the Company, numbers H. 5, H. 6, drawing numbers 1-6 inclusive; numbers H. 15, H. 16, drawing numbers 1-7 inclusive and H. 45, H. 46, drawing numbers 1-8 inclusive and to be constructed in accordance with the specifications of the Company, dated July 1st, 1945 (which plans and specifications are filed with the Clerk of the City). The houses shall be equipped with heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds, and shall be so erected and equipped with all due diligence and expedition. The said constructing and equipping is subject to the availability of the several materials and equipment and to the provisions of wartime regulations; and

B. To install all necessary water services and private drain connections from the water mains and sewers of the City to the houses (the installations of the portions of such connections from the water mains and sewers of the City to the lot lines to be under the supervision of and satisfactory to the Engineer of the City), or the City shall make such installations and His Majesty or the Company shall pay to the City its reasonable and proper costs thereof forthwith upon receiving accounts therefor, the certificate of the said City Engineer as to the amount of such cost shall in the absence of fraud or mistake be conclusive evidence of the same and shall be final and binding on the Parties hereto; Provided that such installations shall in all cases include such relaying of street pavement as shall be required after and as a result of effecting such installations as in the honest opinion of the said City Engineer shall be necessary; Provided also, and it is hereby expressly declared and agreed by and between the Parties hereto, that upon the completion of all such installations the portions of such connections lying within the boundaries of public streets shall become the sole property of the City without the payment of any compensation whatever therefor by the City to His Majesty and/or the Company and shall thereafter be maintained and repaired by the City at its own cost and expense except the cost of repairs to any private drain connection that has become blocked or obstructed by causes other than faulty construction or maintenance of such connection, which cost of repairs shall be paid by His Majesty or the Company to the City.

4. Upon the erection and equipping of the houses as in Clause 3 hereof provided, the Company shall during the period from the 1st day of May 1946, to the 30th day of April, 1961, lease the houses and lands appurtenant thereto respectively, to sailors, soldiers, or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependants and to the dependants of any sailor, soldier or airman of such forces who is on general service outside Canada or who has been killed on active service in such war, at rents ranging from Twenty-two Dollars (\$22.00) to Thirty Dollars (\$30.00) per month per house; Provided, however, that whenever and so often as any of the houses is or becomes vacant and there are no applications of any such sailor, soldier or airman, or dependants thereof acceptable to and filed with the Company, the Company shall have the right to lease the same at the

rents aforesaid to whomever it shall in its uncontrolled discretion determine; And it is hereby expressly declared and agreed by and between the parties hereto that all water, gas and electric current supply charges or rates in respect to the houses, shall not be assessed or charged against the lands and premises so leased, it being understood that the same are to be paid by the respective lessees.

5. His Majesty and/or the Company at their own cost and expense, shall during the period referred to in Clause 4 hereof, undertake and carry out the management and control of the houses and appurtenances thereto belonging and shall at all times during such period well and sufficiently repair, maintain and keep the houses with the appurtenances and all fixtures and things thereto belonging in good and substantial repair, reasonable wear and tear and damage by fire, lightning, tempest, acts of God and His Majesty's enemies only excepted.

6. The City covenants and agrees to furnish to the houses and to the tenants thereof all such facilities, privileges and services of the City as are furnished or made available to other properties or property owners and tenants in the City including without limiting the generality of the foregoing, fire protection, police protection and schools. The City covenants and agrees that the services to be provided under this clause and clause 3B. preceding will be provided by the City in time to permit of the occupancy of the houses as soon as house construction has advanced sufficiently to permit occupancy by tenants.

7. His Majesty and/or the Company shall pay to the City on the 1st day of the month of October in each of the years 1946 to 1961, both inclusive, for services rendered and privileges and facilities made available the sum of Twenty-four Dollars (\$24.00) in respect of each of the houses containing two bedrooms and the sum of Thirty Dollars (\$30.00) in respect of each of the houses containing more than two bedrooms; Provided that the said payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. His Majesty and/or the Company in addition to the payments provided for in Clause 7 hereof shall pay to the City on the 1st day of the month of October in each of the years 1946 to 1961 both inclusive, the sum of One Dollar (\$1.00) in respect of each of the houses in consideration for the street lighting services to be supplied by the City for the houses; Provided that such payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

9. In consideration of the payments provided for in Clauses 7 and 8 hereof the City agrees not to levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupants of the houses while the same are owned by His Majesty; Provided that nothing contained in this Clause shall be deemed to limit the right of the City to charge the tenants or occupants of the houses while the same are owned by His Majesty, the public utility rates, and other charges provided for in Clause 4 hereof, or to collect from such tenants or occupants any license or permit fees or dog tax or business tax which the City has the right to collect from inhabitants of the City of London.

Nothing in this Agreement contained shall limit the right of the City of London to collect poll tax from any person resident in the houses.

10. Notwithstanding anything contained in this agreement the provisions herein except Clause 13 hereof shall only affect the houses and lands appurtenant thereto while owned by His Majesty and His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided, however, that whenever and so often during the period from the date hereof to the 30th day of April, 1951 (both dates inclusive) as His Majesty shall sell or transfer any of the houses and lands appurtenant thereto, His Majesty and/or the Company shall pay to the City the sum of Four Hundred Dollars (\$400.00) in respect of the lands appurtenant to each house so sold; And provided that whenever during the period from the 1st day of May, 1951 to the 30th day of April, 1956 (both dates in-

clusive) as His Majesty shall sell or transfer any of the houses and land appurtenant thereto His Majesty and/or the Company shall pay to the City the sum of Two Hundred Dollars (\$200.00) in respect of the land appurtenant to each house so sold. PROVIDED FURTHER that in the year in which any house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in Clauses 7 and 8 hereof shall be pro rated proportionately to the part of the year during which His Majesty was owner of such house or houses and the lands appurtenant thereto.

11. His Majesty in consideration of the City entering into and executing these presents, hereby gives to the City an option irrevocable within the time for acceptance herein limited to purchase free from all encumbrances (save and except any encumbrance which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the building lots owned by His Majesty on May 1st, 1961, as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company for the sum of One Thousand Dollars (\$1,000.00) for each of the building lots together with the house and appurtenances. The option hereby given shall be open for acceptance at any time from the 1st day of May, 1961, to the 31st day of July, 1961, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Clerk of the City sealed with the Corporate Seal of the City mailed postage prepaid and registered, addressed to His Majesty in care of the Company at 55 York Street, Toronto (or such other address as may be designated by His Majesty or the Company in writing), stating in such letter that this option is accepted and enclosing therewith an accepted cheque payable to the order of His Majesty in the amount of ten per centum (10%) of the said purchase price. The balance of the said purchase price, subject to adjustments, shall be paid within sixty (60) days from the date of acceptance, all adjustments to be made as of the 31st day of July, 1961, and the conveyance of the building lots with the appurtenances aforesaid shall be by deeds or transfer approved by the solicitor for the City.

12. His Majesty and/or the Company from and after the 1st day of May, 1961, shall pay annually to the City in respect of each house and the land appurtenant thereto while owned by His Majesty for services rendered and privileges and facilities made available, a sum equal to the amount of the taxes, rates and/or assessments, including local improvement rates, that would be payable in respect thereof if the same were owned by a non-exempt person, company and/or corporation. Such sum shall be paid to the City on or before the 31st day of December in each year commencing with the year 1961; provided that such payments shall be pro-rated in respect of the portion of the year in which each of the said houses and lands appurtenant thereto ceases to be owned by His Majesty.

13. Any existing or future provisions of the charter and/or by-laws of the City respecting the manner, mode, location and type of construction of buildings erected in accordance with the terms hereof shall not apply to any of the houses whether owned by His Majesty or otherwise.

14. In the event that any of the houses while owned by His Majesty are damaged by fire or the elements or otherwise prior to the 1st day of August, 1961, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair or rebuild such house or completely remove the remains of such damaged house from the building lot or portion thereof appurtenant thereto. In the event of the removal of such damaged house His Majesty shall for the nominal sum of One Dollar convey to the City in fee simple free from all encumbrances (save and except any encumbrances which may be registered against such building lot or portion thereof at the time of the delivery of the deeds or transfers provided for in Clause 1 hereof) the building lot or portion thereof formerly appurtenant to such house. Such conveyance shall be by a deed or transfer approved by the solicitor of the City.

15. In the event that the actual average cost per house shall exceed or be less than the said estimated average cost of \$4,000.00 per house

referred to in Clause 3 hereof, then the period referred to in Clause 4 hereof shall be extended by one year for and in respect of each full \$200 by which said actual average cost per house exceeds said estimated average cost or be reduced by one year for and in respect of each full \$200 by which said actual average cost per house is less than said estimated average cost, and, in particular, the year "1961" wherever it appears in Clauses 4, 7 and 8 hereof and the year "1961" wherever it appears in Clauses 11, 12 and 14 hereof shall be reduced or increased, as the case may be, by the number of years by which the period referred to in Clause 4 hereof is so extended or reduced as aforesaid.

16. The City at its own cost and expense shall take all possible steps to obtain at the next ensuing session of the Legislature of the Province of Ontario legislation validating and confirming this Agreement.

IN WITNESS WHEREOF the Parties hereto have hereunto affixed their respective Corporate Seals attested by the hands of their respective officers in that behalf duly authorized.

Provided that such payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. That in consideration of the payments provided for in clauses 6 and 7 hereof the City shall not levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupiers of the houses while the same are owned by His Majesty. Provided further that in the year that any such house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in clauses 6 and 7 hereof shall be pro rated in respect of the portion of the year in which each house and the lands appurtenant thereto cease to be owned by His Majesty, and such lands and houses shall forthwith upon such sale immediately become subject to all taxes and local improvement rates which would be assessed and charged against such lands and houses had it not been for the provisions of this agreement, and the ownership thereof by His Majesty and/or the Company.

10. His Majesty, in consideration of the City entering into and executing these presents, hereby gives to the City an option, irrevocable within the time for acceptance herein limited, to purchase, free from all encumbrances (save and except any encumbrances which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the building lots then owned by His Majesty as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company (such fixtures to include but not so as to limit the generality of the foregoing, heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds) for the sum of One thousand dollars for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of January, 1960 to the 31st day of March, 1960, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Treasurer of the City and sealed with the Corporate seal of the City, mailed, postage prepaid and registered, addressed His Majesty, care of the Company, at 55 York Street, Toronto, stating therein that this option is accepted and by paying to His Majesty

forthwith ten per centum of the said purchase price. 11. Should the City fail to exercise the option to purchase mentioned in clause 10 hereof, His Majesty shall have the right to sell such of the building lots as are then owned by him without payment to the City of any sum whatsoever on the sale of such lands, and His Majesty and/or the Company, from and after the 1st day of April, 1960, shall pay annually to the City in respect of each of the building lots and buildings thereon, while owned by His Majesty, in lieu of taxes, a sum equal to the amount of taxes, rates and/or assessments, including local improvement rates, that would have been payable in respect of each of the building lots and buildings thereon if the same had been owned by a non-exempt person, company and/or corporation; such sum to be paid to the City on or before the 31st day of December in each year commencing with the year 1960. Provided that such payments in lieu of taxes shall be pro rated in respect of the portion of the year in which each of the building lots ceases to be owned by His Majesty.

12. That any existing or future provisions of the by-laws of the City with respect to the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

13. In the event that any of the houses is damaged by fire or the elements or otherwise prior to the 1st day of April, 1960, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair such damage or completely remove the remains of such damaged house from the portion of the building lots appurtenant thereto. In the event of the removal of such damaged house His Majesty shall convey to the City, in fee simple, free from all encumbrances (save and except any encumbrance which may be registered against such portion of the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the said portion of the building lots, such conveyance to be by a deed or transfer approved by the solicitor for the City.

14. The City, at its own cost and expense, shall take all possible steps to obtain, at the next ensuing session of the Legislature of the Province of Ontario, legislation validating and confirming this agreement and empowering the City to carry out its terms and provisions.

Such sum shall be paid to the City on or before the 31st day of December in each year commencing with the year 1961; provided that such payments shall be pro-rated in respect of the portion of the year in which each of the said houses and lands appurtenant thereto ceases to be owned by His Majesty.

13. That if the said meters, or either of them, shall cease to register correctly or shall at any time be removed for repair and adjustment or renewal or for any other reason; then in respect of each day that the Town provides water hereunder to the Dominion until said meters, or either of them shall be replaced, adjusted or repaired so as to register correctly the quantity of water passing through them or either of them the Town shall be entitled to charge, and the Dominion shall be liable to pay for the quantity of water equal to the average "per day" consumption during the two months next ensuing after the said meters, or either of them, have been repaired, adjusted or replaced. 3. That portion of the 24 inch trunk watermain (with valves, chambers and appurtenances connected therewith) installed in Eglinton Avenue lying between Lyon Avenue and the west limit of the meter installed at the intersection of Bathurst Street, notwithstanding that it is located within the limits of the Village, shall from and after the said date be and remain the sole property and responsibility of the Township, and the Township shall have the right at any time and from time to time through its agents and workmen to enter upon any lands or highways within the Village for the purpose of maintaining, altering and repairing at its own expense the said portion of trunk main as may be necessary, and for this purpose if necessary may cut the pavement and sidewalk and dig in and under the highway. The Township shall notify the Village of its intention before making repairs, or as soon thereafter as possible; and the Village shall upon completion of the said work by the Township restore and repair the pavement and sidewalk as soon as practicable thereafter at the expense of the Township.

4.—(a) That portion of the said 24-inch trunk watermain (including valves, chambers and appurtenances) in Eglinton Avenue lying between Duplex Avenue and the west limit of the meter installed at the intersection of Bathurst Street, shall from and after the first day of September, 1942, be owned jointly by the Township and Village, the Township having an undivided 75% interest therein, and the Village an undivided 25% interest.

(c) Subject to the provision of Clause (b) that portion of the said trunk main lying between Duplex Avenue and the West Limit of the meter installed at the intersection of Bathurst Street shall, with the co-operation of the Village, be maintained, and repaired, by the Township. The cost of the maintenance, and repair, of this portion of the trunk main is to be borne annually in the proportion of: 75 percent by the Township and 25 percent by the Village; any loss of water in this portion of the said trunk main which is due to breaks or leakage shall be considered part of the cost of maintenance and shall be borne and paid for in the same proportion.

(d) The percentage of the cost of the maintenance and repairs as provided in clause (b) and (c) of this paragraph, shall be reviewed by the Engineers of the Township and the Village, every 5 years hereafter, and shall be readjusted if necessary on the basis of the amount of water used through said trunk main by the Township and the Village respectively.

(e) The words "maintained and repaired" and the words "maintenance and repairs" where used in this paragraph 4, are not to be deemed to mean or include "enlarged" or "enlargement".

5. It is agreed that the owners of lands fronting on the east side of Lyon Avenue within the Village and the owners of lands fronting on the east side of Bathurst Street between the south Village limit and a point 600 feet north of the north street line of Lonsmount Drive within the Village, having paid their share of the cost of the 12 inch watermain constructed in front of the said lands, shall be entitled to be served by the Township with water from the existing main but any necessary connection to the said watermain shall be made at the expense of any such owner.

Each consumer service located on any of the said lands shall be metered. The said meters shall be read by the Village, and the total sum of the metered consumption of all such services as computed by the Village shall be paid by the Village to the Township at regular billing intervals, at the base rate for water paid by the Township to the City of Toronto. In the event of the Village constructing a watermain in front of any of the said lands the right of any such owner fronting thereon to receive water from the Township main shall thereupon cease.

6. The Township shall at the expense of the Village close and seal all existing valves and instal, close and seal such additional valves (as are so shown to be installed on the separation plan prepared by the Village, a copy of which is hereto attached) on the boundaries or crossing the boundaries between the Township and the Village; any internal changes of the waterworks system required within the Village boundaries shall, except as hereinafter provided, be made by the Village at its own expense.

7. The Village shall forthwith proceed to instal,

- (a) A Venturi Meter together with meter chamber, recording house and all appliances and appurtenances at Bathurst Street and Eglinton Avenue, which meter shall have a maximum capacity of ten million imperial gallons per day.
- (b) A compound meter together with meter chamber and all appliances and appurtenances at Bathurst Street and Lonsdale Road which meter shall be at least equal in capacity to the one at present installed at Kilbarry Road.
- (c) Rearrange the present meter piping and meter chamber at Kilbarry Road so that the meter will be installed on an 8-inch bye-pass and a 12-inch valve will be placed in the 12-inch main opposite the bye-pass.

Notwithstanding the provisions contained in any agreement between the City of Toronto and the Township, and/or between the said City and Village, the cost of the meter and other installations referred to in clause 7(a) and the cost of installing the same, shall be wholly borne and paid for by the Village. The cost of the meter and other installations referred to in clause 7(b) and the cost of installing the same, and the cost of rearranging the meter referred to in clause 7(c) shall be paid in the proportion of 33 $\frac{1}{3}$ % by the Township and 66 $\frac{2}{3}$ % by the Village. The three meters and other appliances and appurtenances referred to above, and the Venturi meter and its appliances and appurtenances at Eglinton Avenue and Gilgorm Road, shall be owned jointly by the Township and the Village, the Township having an undivided 75 percent interest therein and the Village an undivided 25 percent interest. The maintenance, repair, renewal or enlargement of the meter, meter chamber and piping at Eglinton and Gilgorm Avenue, and the renewal or enlargement of the other three meters and piping shall when considered necessary by either party, or by the City of Toronto, be done by the Township with the co-operation of the Village, and the cost of the same, and of the heating and rental of the recorder houses, and the supply of charts for the Venturi meters shall be borne and paid for by the Township and Village in the proportion of 75% by the Township and 25% by the Village. The said percentage of the cost to be borne by the Township and Village respectively shall be reviewed by the Engineers of the Township and the Village, every five (5) years hereafter, and readjusted if necessary on the basis of the amount of water used by each party through any such meter.

Nothing in this paragraph contained shall be deemed to authorize or provide herein for the enlargement of any meter beyond the present capacity of the main supplying any such meter.

8. If the Works Commissioner of the Township or of the Village questions the accuracy of any of the four meters above-mentioned and requests that a test be made, a test shall be carried out by a suitable third party within one month from the making of the request. Upon receipt of the report any necessary repairs, adjustments or renewals shall be made.

If due to inaccuracy in the meters at Bathurst and Eglinton and at Bathurst and Lonsdale or either of them, the Township shall have overpaid or underpaid its share of any water bill to the City of Toronto, the Village shall make the proper adjustment with the Township. Any discrepancy due to inaccuracy in either of the other two meters will be a matter of adjustment between the Village and the City of Toronto.

9. In the event of an emergency, a sealed valve in a watermain at

the boundary between the two Municipalities may be opened by the Commissioner of Works of one Municipality upon notice to the Commissioner of Works of the other. The amount of water drawn by such Municipality through such valve during such emergency shall be estimated as accurately as possible and paid for at the base rate payable to the City of Toronto. Any dispute with regard thereto shall be settled in the manner hereinafter provided for the settlement of disputes.

10. The Village has constructed a 12 inch watermain from the existing watermain in Lonsdale Road near the west boundary of Plan M-408 to the existing watermain in Lonsmount Drive. The Township has constructed a 6-inch watermain to connect the existing watermain on Heath Street with existing watermain on Tichester Road. It is agreed that the cost of these two extensions shall be totalled and the total amount thereof shall be ultimately borne and paid for by the two Municipalities in the proportion of 80 per cent by the Township and 20 per cent by the Village; settlement on this basis is to be made in cash on or before the first day of October, 1942. The Municipality in which the said mains are respectively situate shall own and maintain the same.

11. The Village has extended the existing 12-inch main on Elm Ridge Drive (Roselawn Avenue) westerly from Marwood Road (Nokomis Street) to the Village limits connecting with the Township main at this point where a valve has been placed and sealed.

As required by Village development but in any event within three years from the date of this agreement the Village shall undertake as a Local Improvement the extension of the 12-inch main on Elm Ridge Drive (Roselawn Avenue) easterly from Marwood Road (Nokomis Street) to Bathurst Street.

The Township hereby agrees to pay to the Village 80 per cent of 55 per cent of the cost of the main (less cross-connections and hydrants) in respect of (a) the 12-inch main which has been installed in Elm Ridge Drive (Roselawn Avenue) from Marwood Road (Nokomis Street) westerly to the West Village limits and (b) the 12-inch main later to be installed in Elm Ridge Drive from Marwood Road (Nokomis Street) easterly to connection with the existing 12-inch main in Bathurst Street. The Village shall own and maintain these 12-inch mains on Elm Ridge Drive (Roselawn Avenue).

The construction of the watermain in Elm Ridge Drive, referred to in clause (b), shall if possible be carried out under the Local Improvement Act, failing which the same shall with the approval of the Township be constructed at a general expense, in which event 80 per cent of the cost of the said main (less cross-connection and hydrants) shall be borne by the Township and the remainder of the cost shall be borne by the Village. The Township shall pay its share of the cost either in cash within six months of completion of the work, or by instalments over the terms of the debentures.

The construction and installation referred to in clause (b) hereof shall be subject to the obtaining of all necessary legal authority.

12. The Village shall not close (other than temporarily for the purpose of carrying out repairs) any valves on the internal network of 6 inch or 12 inch watermains within the Village of Forest Hill so as to stop or impede the flow of water westerly across the said Village to the outlets on the boundary between the said Village and the Township. The Township shall have the right in perpetuity to the use of Village watermains.

13. The Village covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Village to cover the cost of any watermains, appurtenances and appliances purchased or installed by the Village since its incorporation and will likewise, except as herein provided, pay the cost of any such watermains, appurtenances and appliances which are now or which may hereafter be

installed or purchased and in respect to which no debentures have been issued.

14. The Township covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Township to cover the cost of any watermains, appurtenances and appliances purchased or installed by the Township as part of the Waterworks System in Waterworks Area A and will likewise except as herewith provided pay the cost of any such watermains, appurtenances and appliances which may now or hereafter be installed or purchased by the Township in that portion of Waterworks Area A within the limits of the said Township and in respect to which no debentures have been issued.

15. The Township hereby covenants and agrees with the Village that in addition to its obligations under the provisions of paragraphs 7, 10 and 11 hereof, that it, the said Township, will pay to the Village the sum of \$26,914.67 made up as follows:

As settlement in full of all claims by the Village against the Township in respect of the assets of the said waterworks system and its operation by the Township, including any surpluses up to the 31st day of December, 1941.....	\$ 25,000.00
All claims against the Township in respect of the said waterworks system and its operation including surpluses for the period from January 1st, 1942, to August 31st, 1942.....	4,208 00
	<hr/> \$29,208.00
Less: Hydrant rental payable by the Village to the Township on 344 hydrants at \$10.00 per hydrant per annum for eight months from January 1st to August 31st, 1942.....	2,293.33
	<hr/> \$26,914.67

Payment of the said amount may be satisfied in whole or in part by delivery by the Township to the Village of accounts due for water consumption within the Village. Any balance over and above the total of such accounts shall be paid by the Township to the Village as provided in paragraph 23 hereof.

16. The Village hereby grants, quit claims and releases to the Township all its right, title and interest in and to any and all of the assets and undertaking of the said waterworks system (except as herein expressly conveyed to the Village) including but not so as to limit the generality of the foregoing, all trucks, office equipment, waterworks stores, cash surpluses and reserves, watermains, meters, appliances and appurtenances; and the Village doth hereby release the Township of and from any and all claims of every nature and kind whatsoever relating to or arising out of the said waterworks system and its assets.

17. It is understood and agreed that the Village has entered into an agreement with the Corporation of the City of Toronto under which the Village agrees to purchase its water supply direct from the said City on and after September 1st, 1942. The said agreement provides that the quantity of water purchased from the City by the Township and the Village, respectively, shall be determined as follows:

- (1) The Township shall be charged by the City for all water passing through the meters at—
 - (a) Eglinton Avenue and Bathurst Street;
 - (b) Lonsdale Road and Bathurst Street.
- (2) The Village shall be charged by the City for all water passing through the meters at—

(a) Eglinton Avenue and Gilgorm Road;

(b) Kilbarry Road,

but only after deducting therefrom the quantity of water charged by the City to the Township as provided in clause 1 hereof.

18. It is agreed that the provisions of this agreement, and of the agreement entered into between the Village and the City, shall not effect or prejudice the rights of the Township under the agreement made between the City and the Township, dated the 18th day of July, 1916, and the agreement dated the 20th day of June, 1938, or under any Act of the Legislature, except as herein expressly provided.

19. The Township will, forthwith after the first day of September 1942, deliver to the Village all original plans in its possession which relate solely to that portion of the waterworks system within the limits of the Village, except the plans relating to the Eglinton Avenue trunk main; The Township will, at the same time, deliver to the Village all meter books, consumer ledger records, water service installation sheets, and other documents which relate solely to that part of the system within the Village.

The Township agrees that forthwith after the first day of September, 1942, it will pay over to the Village all security deposits then held by the Township in respect of water consumer premises situate within the limit of the Village of Forest Hill, and the Village hereby covenants to indemnify and save harmless the Township of, and from all claims, actions, suits and demands for or in respect and in any way arising out of all, such consumer deposits so paid over.

20. It is hereby agreed as between the Village and the Township that after the first day of September, 1942, each Municipality will notify the other thirty days in advance of making any decision to change the rates at which they sell water to their domestic, institutional or industrial consumers.

21. Any dispute which may arise between the parties hereto as to any matters relating to or arising out of this agreement shall be settled by the engineers of the respective Municipalities.

In the event however, of the failure of the said engineers to settle any such dispute the same shall be referred to The Ontario Municipal Board as arbitrators, and the said Board may hear and determine the dispute so referred to it and the decision of the Board shall be final and conclusive and binding on the parties hereto and shall not be subject to appeal.

22. This agreement is subject to the terms of an agreement entered into between the Township and the Corporation of the City of Toronto dated the 6th day of July, 1942, respecting the supply of water to the Township.

23. Except where otherwise provided 50 per cent of all payments to be made under the terms of this agreement shall be made on or before the first day of October, 1942, the balance on or before the first day of December, 1942.

This agreement shall enure to the benefit of and be binding on the parties hereto and their respective successors and assigns.

SCHEDULE A

MEMORANDUM OF AGREEMENT made this First day of August, 1942.

BETWEEN:

THE CORPORATION OF THE TOWNSHIP OF YORK, herein-
after called the "Township",

OF THE FIRST PART,

—and—

THE CORPORATION OF THE VILLAGE OF FOREST HILL,
hereinafter called the "Village",

OF THE SECOND PART.

WHEREAS the Village, which formerly comprised part of the Township of York, was incorporated as a municipality separate and apart from the Township as of the Fifteenth day of December, 1923;

AND WHEREAS the area which now composes the Village formed part of Waterworks Area "A" in the Township of York;

AND WHEREAS since incorporation of the said Village the Township has continued to operate the waterworks system and to serve water consumers in the Village as though it had remained in Waterworks Area "A" as part of the Township;

AND WHEREAS since its incorporation the Village has issued Debentures to provide for the cost of all new waterworks installations within the limits of the Village; and the Township has contributed 79.88 per cent. of the Corporation's or area's share of the annual payments of all watermain installations both in the Village and the remainder of waterworks Area "A";

AND WHEREAS the Village since its incorporation has paid 20.12 per cent of the annual payments on the Corporation's or Area's share of debentures issued by the Village or the Township, for all watermains within the Village and the remainder of Waterworks Area "A";

AND WHEREAS the parties hereto have agreed that the Village shall take over the operation and control of the part of the Water Works System within the limits of the Village, on, and after the first day of September, 1942, and have agreed to adjust the assets and liabilities of the said Waterworks System on, upon and subject to the terms and conditions of this agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises and of the covenants and obligation hereinafter contained it is hereby agreed by and between the parties hereto as follows:

1. That the Village shall, except as hereinafter provided, on from and after the first day of September, 1942, take over and thereafter be absolute owner of and solely responsible for the management and operation of that part of the Waterworks System located within the limits of the Village including all 6 inch and 12 inch watermains, all valves, hydrants, chamber, appliances and appurtenance connected with said 6" and 12" mains, all water services within the public streets and all service meters installed in customers premises.

2. The Township shall from and after the First day of September, 1942, be and remain the absolute owner of all the Waterworks System situate within the limits of Waterworks Areas "A" and "B" in the Township of York, including all 6 inch, 12 inch, 16 inch and 24 inch watermains, all valves, hydrants, chambers, appliances and appurtenances connected with said 6 inch, 12 inch, 16 inch and 24 inch mains; all water services within the public streets and all service meters installed in customers premises.

3. That portion of the 24 inch trunk watermain (with valves, chambers and appurtenances connected therewith) installed in Eglinton Avenue lying between Lyon Avenue and the west limit of the meter installed at the intersection of Bathurst Street, notwithstanding that it is located within the limits of the Village, shall from and after the said date be and remain the sole property and responsibility of the Township, and the Township shall have the right at any time and from time to time through its agents and workmen to enter upon any lands or highways within the Village for the purpose of maintaining, altering and repairing at its own expense the said portion of trunk main as may be necessary, and for this purpose if necessary may cut the pavement and sidewalk and dig in and under the highway. The Township shall notify the Village of its intention before making repairs, or as soon thereafter as possible; and the Village shall upon completion of the said work by the Township restore and repair the pavement and sidewalk as soon as practicable thereafter at the expense of the Township.

4.—(a) That portion of the said 24-inch trunk watermain (including valves, chambers and appurtenances) in Eglinton Avenue lying between Duplex Avenue and the west limit of the meter installed at the intersection of Bathurst Street, shall from and after the first day of September, 1942, be owned jointly by the Township and Village, the Township having an undivided 75% interest therein, and the Village an undivided 25% interest.

(b) That portion of the said trunk main lying between Duplex Avenue and Gilgorm Avenue, which lies partly within the limits of the City of Toronto, and partly within the limits of the Village may continue to be maintained, and repaired by the City of Toronto, the cost of such maintenance and repairs to be borne 75 percent by the Township and 25 percent by the Village, subject to revision and readjustment as provided in clause (d) hereof.

(c) Subject to the provision of Clause (b) that portion of the said trunk main lying between Duplex Avenue and the West Limit of the meter installed at the intersection of Bathurst Street shall, with the co-operation of the Village, be maintained, and repaired, by the Township. The cost of the maintenance, and repair, of this portion of the trunk main is to be borne annually in the proportion of: 75 percent by the Township and 25 percent by the Village; any loss of water in this portion of the said trunk main which is due to breaks or leakage shall be considered part of the cost of maintenance and shall be borne and paid for in the same proportion.

(d) The percentage of the cost of the maintenance and repairs as provided in clause (b) and (c) of this paragraph, shall be reviewed by the Engineers of the Township and the Village, every 5 years hereafter, and shall be readjusted if necessary on the basis of the amount of water used through said trunk main by the Township and the Village respectively.

(e) The words "maintained and repaired" and the words "maintenance and repairs" where used in this paragraph 4, are not to be deemed to mean or include "enlarged" or "enlargement".

5. It is agreed that the owners of lands fronting on the east side of Lyon Avenue within the Village and the owners of lands fronting on the east side of Bathurst Street between the south Village limit and a point 600 feet north of the north street line of Lonsmount Drive within the Village, having paid their share of the cost of the 12 inch watermain constructed in front of the said lands, shall be entitled to be served by the Township with water from the existing main but any necessary connection to the said watermain shall be made at the expense of any such owner.

Each consumer service located on any of the said lands shall be metered. The said meters shall be read by the Village, and the total sum of the metered consumption of all such services as computed by the Village shall be paid by the Village to the Township at regular billing intervals, at the base rate for water paid by the Township to the City of Toronto. In the event of the Village constructing a watermain in front of any of the said lands the right of any such owner fronting thereon to receive water from the Township main shall thereupon cease.

6. The Township shall at the expense of the Village close and seal all existing valves and instal, close and seal such additional valves (as are so shown to be installed on the separation plan prepared by the Village, a copy of which is hereto attached) on the boundaries or crossing the boundaries between the Township and the Village; any internal changes of the waterworks system required within the Village boundaries shall, except as hereinafter provided, be made by the Village at its own expense.

7. The Village shall forthwith proceed to instal,

- (a) A Venturi Meter together with meter chamber, recording house and all appliances and appurtenances at Bathurst Street and Eglinton Avenue, which meter shall have a maximum capacity of ten million imperial gallons per day.
- (b) A compound meter together with meter chamber and all appliances and appurtenances at Bathurst Street and Lonsdale Road which meter shall be at least equal in capacity to the one at present installed at Kilbarry Road.
- (c) Rearrange the present meter piping and meter chamber at Kilbarry Road so that the meter will be installed on an 8-inch bye-pass and a 12-inch valve will be placed in the 12-inch main opposite the bye-pass.

Notwithstanding the provisions contained in any agreement between the City of Toronto and the Township, and/or between the said City and Village, the cost of the meter and other installations referred to in clause 7(a) and the cost of installing the same, shall be wholly borne and paid for by the Village. The cost of the meter and other installations referred to in clause 7(b) and the cost of installing the same, and the cost of rearranging the meter referred to in clause 7(c) shall be paid in the proportion of $33\frac{1}{3}\%$ by the Township and $66\frac{2}{3}\%$ by the Village. The three meters and other appliances and appurtenances referred to above, and the Venturi meter and its appliances and appurtenances at Eglinton Avenue and Gilgorm Road, shall be owned jointly by the Township and the Village, the Township having an undivided 75 percent interest therein and the Village an undivided 25 percent interest. The maintenance, repair, renewal or enlargement of the meter, meter chamber and piping at Eglinton and Gilgorm Avenue, and the renewal or enlargement of the other three meters and piping shall when considered necessary by either party, or by the City of Toronto, be done by the Township with the co-operation of the Village, and the cost of the same, and of the heating and rental of the recorder houses, and the supply of charts for the Venturi meters shall be borne and paid for by the Township and Village in the proportion of 75% by the Township and 25% by the Village. The said percentage of the cost to be borne by the Township and Village respectively shall be reviewed by the Engineers of the Township and the Village, every five (5) years hereafter, and readjusted if necessary on the basis of the amount of water used by each party through any such meter.

Nothing in this paragraph contained shall be deemed to authorize or provide herein for the enlargement of any meter beyond the present capacity of the main supplying any such meter.

8. If the Works Commissioner of the Township or of the Village questions the accuracy of any of the four meters above-mentioned and requests that a test be made, a test shall be carried out by a suitable third party within one month from the making of the request. Upon receipt of the report any necessary repairs, adjustments or renewals shall be made.

If due to inaccuracy in the meters at Bathurst and Eglinton and at Bathurst and Lonsdale or either of them, the Township shall have overpaid or underpaid its share of any water bill to the City of Toronto, the Village shall make the proper adjustment with the Township. Any discrepancy due to inaccuracy in either of the other two meters will be a matter of adjustment between the Village and the City of Toronto.

9. In the event of an emergency, a sealed valve in a watermain at

the boundary between the two Municipalities may be opened by the Commissioner of Works of one Municipality upon notice to the Commissioner of Works of the other. The amount of water drawn by such Municipality through such valve during such emergency shall be estimated as accurately as possible and paid for at the base rate payable to the City of Toronto. Any dispute with regard thereto shall be settled in the manner hereinafter provided for the settlement of disputes.

10. The Village has constructed a 12 inch watermain from the existing watermain in Lonsdale Road near the west boundary of Plan M-408 to the existing watermain in Lonsmount Drive. The Township has constructed a 6-inch watermain to connect the existing watermain on Heath Street with existing watermain on Tichester Road. It is agreed that the cost of these two extensions shall be totalled and the total amount thereof shall be ultimately borne and paid for by the two Municipalities in the proportion of 80 per cent by the Township and 20 per cent by the Village; settlement on this basis is to be made in cash on or before the first day of October, 1942. The Municipality in which the said mains are respectively situate shall own and maintain the same.

11. The Village has extended the existing 12-inch main on Elm Ridge Drive (Roselawn Avenue) westerly from Marwood Road (Nokomis Street) to the Village limits connecting with the Township main at this point where a valve has been placed and sealed.

As required by Village development but in any event within three years from the date of this agreement the Village shall undertake as a Local Improvement the extension of the 12-inch main on Elm Ridge Drive (Roselawn Avenue) easterly from Marwood Road (Nokomis Street) to Bathurst Street.

The Township hereby agrees to pay to the Village 80 per cent of 55 per cent of the cost of the main (less cross-connections and hydrants) in respect of (a) the 12-inch main which has been installed in Elm Ridge Drive (Roselawn Avenue) from Marwood Road (Nokomis Street) westerly to the West Village limits and (b) the 12-inch main later to be installed in Elm Ridge Drive from Marwood Road (Nokomis Street) easterly to connection with the existing 12-inch main in Bathurst Street. The Village shall own and maintain these 12-inch mains on Elm Ridge Drive (Roselawn Avenue).

The construction of the watermain in Elm Ridge Drive, referred to in clause (b), shall if possible be carried out under the Local Improvement Act, failing which the same shall with the approval of the Township be constructed at a general expense, in which event 80 per cent of the cost of the said main (less cross-connection and hydrants) shall be borne by the Township and the remainder of the cost shall be borne by the Village. The Township shall pay its share of the cost either in cash within six months of completion of the work, or by instalments over the terms of the debentures.

The construction and installation referred to in clause (b), hereof shall be subject to the obtaining of all necessary legal authority.

12. The Village shall not close (other than temporarily for the purpose of carrying out repairs) any valves on the internal network of 6 inch or 12 inch watermain within the Village of Forest Hill so as to stop or impede the flow of water westerly across the said Village to the outlets on the boundary between the said Village and the Township. The Township shall have the right in perpetuity to the use of Village watermain.

13. The Village covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Village to cover the cost of any watermain, appurtenances and appliances purchased or installed by the Village since its incorporation and will likewise, except as herein provided, pay the cost of any such watermain, appurtenances and appliances which are now or which may hereafter be

installed or purchased and in respect to which no debentures have been issued.

14. The Township covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Township to cover the cost of any watermains, appurtenances and appliances purchased or installed by the Township as part of the Waterworks System in Waterworks Area A and will likewise except as herewith provided pay the cost of any such watermains, appurtenances and appliances which may now or hereafter be installed or purchased by the Township in that portion of Waterworks Area A within the limits of the said Township and in respect to which no debentures have been issued.

15. The Township hereby covenants and agrees with the Village that in addition to its obligations under the provisions of paragraphs 7, 10 and 11 hereof, that it, the said Township, will pay to the Village the sum of \$26,914.67 made up as follows:

	<hr/>
	\$29,208.00
Less: Hydrant rental payable by the Village to the Township on 344 hydrants at \$10.00 per hydrant per annum for eight months from January 1st to August 31st, 1942.....	2,293.33

Net balance payable by Township to Village.....	\$26,914.67

Payment of the said amount may be satisfied in whole or in part by delivery by the Township to the Village of accounts due for water consumption within the Village. Any balance over and above the total of such accounts shall be paid by the Township to the Village as provided in paragraph 23 hereof.

16. The Village hereby grants, quit claims and releases to the Township all its right, title and interest in and to any and all of the assets and undertaking of the said waterworks system (except as herein expressly conveyed to the Village) including but not so as to limit the generality of the foregoing, all trucks, office equipment, waterworks stores, cash surpluses and reserves, watermains, meters, appliances and appurtenances; and the Village doth hereby release the Township of and from any and all claims of every nature and kind whatsoever relating to or arising out of the said waterworks system and its assets.

17. It is understood and agreed that the Village has entered into an agreement with the Corporation of the City of Toronto under which the Village agrees to purchase its water supply direct from the said City on and after September 1st, 1942. The said agreement provides that the quantity of water purchased from the City by the Township and the Village, respectively, shall be determined as follows:

- (1) The Township shall be charged by the City for all water passing through the meters at—
 - (a) Eglinton Avenue and Bathurst Street;
 - (b) Lonsdale Road and Bathurst Street.
- (2) The Village shall be charged by the City for all water passing through the meters at—

- (a) Eglinton Avenue and Gilgorm Road;
- (b) Kilbarry Road,

but only after deducting therefrom the quantity of water charged by the City to the Township as provided in clause 1 hereof.

18. It is agreed that the provisions of this agreement, and of the agreement entered into between the Village and the City, shall not effect or prejudice the rights of the Township under the agreement made between the City and the Township, dated the 18th day of July, 1916, and the agreement dated the 20th day of June, 1938, or under any Act of the Legislature, except as herein expressly provided.

19. The Township will, forthwith after the first day of September 1942, deliver to the Village all original plans in its possession which relate solely to that portion of the waterworks system within the limits of the Village, except the plans relating to the Eglinton Avenue trunk main; The Township will, at the same time, deliver to the Village all meter books, consumer ledger records, water service installation sheets, and other documents which relate solely to that part of the system within the Village.

The Township agrees that forthwith after the first day of September, 1942, it will pay over to the Village all security deposits then held by the Township in respect of water consumer premises situate within the limit of the Village of Forest Hill, and the Village hereby covenants to indemnify and save harmless the Township of, and from all claims, actions, suits and demands for or in respect and in any way arising out of all, such consumer deposits so paid over.

20. It is hereby agreed as between the Village and the Township that after the first day of September, 1942, each Municipality will notify the other thirty days in advance of making any decision to change the rates at which they sell water to their domestic, institutional or industrial consumers.

21. Any dispute which may arise between the parties hereto as to any matters relating to or arising out of this agreement shall be settled by the engineers of the respective Municipalities.

In the event however, of the failure of the said engineers to settle any such dispute the same shall be referred to The Ontario Municipal Board as arbitrators, and the said Board may hear and determine the dispute so referred to it and the decision of the Board shall be final and conclusive and binding on the parties hereto and shall not be subject to appeal.

22. This agreement is subject to the terms of an agreement entered into between the Township and the Corporation of the City of Toronto dated the 6th day of July, 1942, respecting the supply of water to the Township.

23. Except where otherwise provided 50 per cent of all payments to be made under the terms of this agreement shall be made on or before the first day of October, 1942, the balance on or before the first day of December, 1942.

This agreement shall enure to the benefit of and be binding on the parties hereto and their respective successors and assigns.

SCHEDULE A

MEMORANDUM OF AGREEMENT made this First day of August, 1942.

BETWEEN:

THE CORPORATION OF THE TOWNSHIP OF YORK, herein-
after called the "Township",

OF THE FIRST PART,

—and—

THE CORPORATION OF THE VILLAGE OF FOREST HILL,
hereinafter called the "Village",

OF THE SECOND PART.

WHEREAS the Village, which formerly comprised part of the Township of York, was incorporated as a municipality separate and apart from the Township as of the Fifteenth day of December, 1923;

AND WHEREAS the area which now composes the Village formed part of Waterworks Area "A" in the Township of York;

AND WHEREAS since incorporation of the said Village the Township has continued to operate the waterworks system and to serve water consumers in the Village as though it had remained in Waterworks Area "A" as part of the Township;

AND WHEREAS since its incorporation the Village has issued Debentures to provide for the cost of all new waterworks installations within the limits of the Village; and the Township has contributed 79.88 per cent. of the Corporation's or area's share of the annual payments of all watermain installations both in the Village and the remainder of waterworks Area "A";

AND WHEREAS the Village since its incorporation has paid 20.12 per cent of the annual payments on the Corporation's or Area's share of debentures issued by the Village or the Township, for all watermains within the Village and the remainder of Waterworks Area "A";

AND WHEREAS the parties hereto have agreed that the Village shall take over the operation and control of the part of the Water Works System within the limits of the Village, on, and after the first day of September, 1942, and have agreed to adjust the assets and liabilities of the said Waterworks System on, upon and subject to the terms and conditions of this agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the premises and of the covenants and obligation hereinafter contained it is hereby agreed by and between the parties hereto as follows:

1. That the Village shall, except as hereinafter provided, on from and after the first day of September, 1942, take over and thereafter be absolute owner of and solely responsible for the management and operation of that part of the Waterworks System located within the limits of the Village including all 6 inch and 12 inch watermains, all valves, hydrants, chamber, appliances and appurtenance connected with said 6" and 12" mains, all water services within the public streets and all service meters installed in customers premises.

2. The Township shall from and after the First day of September, 1942, be and remain the absolute owner of all the Waterworks System situate within the limits of Waterworks Areas "A" and "B" in the Township of York, including all 6 inch, 12 inch, 16 inch and 24 inch watermains, all valves, hydrants, chambers, appliances and appurtenances connected with said 6 inch, 12 inch, 16 inch and 24 inch mains; all water services within the public streets and all service meters installed in customers premises.

3. That portion of the 24 inch trunk watermain (with valves, chambers and appurtenances connected therewith) installed in Eglinton Avenue lying between Lyon Avenue and the west limit of the meter installed at the intersection of Bathurst Street, notwithstanding that it is located within the limits of the Village, shall from and after the said date be and remain the sole property and responsibility of the Township, and the Township shall have the right at any time and from time to time through its agents and workmen to enter upon any lands or highways within the Village for the purpose of maintaining, altering and repairing at its own expense the said portion of trunk main as may be necessary, and for this purpose if necessary may cut the pavement and sidewalk and dig in and under the highway. The Township shall notify the Village of its intention before making repairs, or as soon thereafter as possible; and the Village shall upon completion of the said work by the Township restore and repair the pavement and sidewalk as soon as practicable thereafter at the expense of the Township.

4.—(a) That portion of the said 24-inch trunk watermain (including valves, chambers and appurtenances) in Eglinton Avenue lying between Duplex Avenue and the west limit of the meter installed at the intersection of Bathurst Street, shall from and after the first day of September, 1942, be owned jointly by the Township and Village, the Township having an undivided 75% interest therein, and the Village an undivided 25% interest.

(b) That portion of the said trunk main lying between Duplex Avenue and Gilgorm Avenue, which lies partly within the limits of the City of Toronto, and partly within the limits of the Village may continue to be maintained, and repaired by the City of Toronto, the cost of such maintenance and repairs to be borne 75 percent by the Township and 25 percent by the Village, subject to revision and readjustment as provided in clause (d) hereof.

(c) Subject to the provision of Clause (b) that portion of the said trunk main lying between Duplex Avenue and the West Limit of the meter installed at the intersection of Bathurst Street shall, with the co-operation of the Village, be maintained, and repaired, by the Township. The cost of the maintenance, and repair, of this portion of the trunk main is to be borne annually in the proportion of: 75 percent by the Township and 25 percent by the Village; any loss of water in this portion of the said trunk main which is due to breaks or leakage shall be considered part of the cost of maintenance and shall be borne and paid for in the same proportion.

(d) The percentage of the cost of the maintenance and repairs as provided in clause (b) and (c) of this paragraph, shall be reviewed by the Engineers of the Township and the Village, every 5 years hereafter, and shall be readjusted if necessary on the basis of the amount of water used through said trunk main by the Township and the Village respectively.

(e) The words "maintained and repaired" and the words "maintenance and repairs" where used in this paragraph 4, are not to be deemed to mean or include "enlarged" or "enlargement".

5. It is agreed that the owners of lands fronting on the east side of Lyon Avenue within the Village and the owners of lands fronting on the east side of Bathurst Street between the south Village limit and a point 600 feet north of the north street line of Lonsmount Drive within the Village, having paid their share of the cost of the 12 inch watermain constructed in front of the said lands, shall be entitled to be served by the Township with water from the existing main but any necessary connection to the said watermain shall be made at the expense of any such owner.

Each consumer service located on any of the said lands shall be metered. The said meters shall be read by the Village, and the total sum of the metered consumption of all such services as computed by the Village shall be paid by the Village to the Township at regular billing intervals, at the base rate for water paid by the Township to the City of Toronto. In the event of the Village constructing a watermain in front of any of the said lands the right of any such owner fronting thereon to receive water from the Township main shall thereupon cease.

6. The Township shall at the expense of the Village close and seal all existing valves and instal, close and seal such additional valves (as are so shown to be installed on the separation plan prepared by the Village, a copy of which is hereto attached) on the boundaries or crossing the boundaries between the Township and the Village; any internal changes of the waterworks system required within the Village boundaries shall, except as hereinafter provided, be made by the Village at its own expense.

7. The Village shall forthwith proceed to instal,

- (a) A Venturi Meter together with meter chamber, recording house and all appliances and appurtenances at Bathurst Street and Eglinton Avenue, which meter shall have a maximum capacity of ten million imperial gallons per day.
- (b) A compound meter together with meter chamber and all appliances and appurtenances at Bathurst Street and Lonsdale Road which meter shall be at least equal in capacity to the one at present installed at Kilbarry Road.
- (c) Rearrange the present meter piping and meter chamber at Kilbarry Road so that the meter will be installed on an 8-inch by-pass and a 12-inch valve will be placed in the 12-inch main opposite the by-pass.

Notwithstanding the provisions contained in any agreement between the City of Toronto and the Township, and/or between the said City and Village, the cost of the meter and other installations referred to in clause 7(a) and the cost of installing the same, shall be wholly borne and paid for by the Village. The cost of the meter and other installations referred to in clause 7(b) and the cost of installing the same, and the cost of rearranging the meter referred to in clause 7(c) shall be paid in the proportion of 33 $\frac{1}{3}$ % by the Township and 66 $\frac{2}{3}$ % by the Village. The three meters and other appliances and appurtenances referred to above, and the Venturi meter and its appliances and appurtenances at Eglinton Avenue and Gilgorm Road, shall be owned jointly by the Township and the Village, the Township having an undivided 75 percent interest therein and the Village an undivided 25 percent interest. The maintenance, repair, renewal or enlargement of the meter, meter chamber and piping at Eglinton and Gilgorm Avenue, and the renewal or enlargement of the other three meters and piping shall when considered necessary by either party, or by the City of Toronto, be done by the Township with the co-operation of the Village, and the cost of the same, and of the heating and rental of the recorder houses, and the supply of charts for the Venturi meters shall be borne and paid for by the Township and Village in the proportion of 75% by the Township and 25% by the Village. The said percentage of the cost to be borne by the Township and Village respectively shall be reviewed by the Engineers of the Township and the Village, every five (5) years hereafter, and readjusted if necessary on the basis of the amount of water used by each party through any such meter.

Nothing in this paragraph contained shall be deemed to authorize or provide herein for the enlargement of any meter beyond the present capacity of the main supplying any such meter.

8. If the Works Commissioner of the Township or of the Village questions the accuracy of any of the four meters above-mentioned and requests that a test be made, a test shall be carried out by a suitable third party within one month from the making of the request. Upon receipt of the report any necessary repairs, adjustments or renewals shall be made.

If due to inaccuracy in the meters at Bathurst and Eglinton and at Bathurst and Lonsdale or either of them, the Township shall have overpaid or underpaid its share of any water bill to the City of Toronto, the Village shall make the proper adjustment with the Township. Any discrepancy due to inaccuracy in either of the other two meters will be a matter of adjustment between the Village and the City of Toronto.

9. In the event of an emergency, a sealed valve in a watermain at

the boundary between the two Municipalities may be opened by the Commissioner of Works of one Municipality upon notice to the Commissioner of Works of the other. The amount of water drawn by such Municipality through such valve during such emergency shall be estimated as accurately as possible and paid for at the base rate payable to the City of Toronto. Any dispute with regard thereto shall be settled in the manner hereinafter provided for the settlement of disputes.

10. The Village has constructed a 12 inch watermain from the existing watermain in Lonsdale Road near the west boundary of Plan M-408 to the existing watermain in Lonsmount Drive. The Township has constructed a 6-inch watermain to connect the existing watermain on Heath Street with existing watermain on Tichester Road. It is agreed that the cost of these two extensions shall be totalled and the total amount thereof shall be ultimately borne and paid for by the two Municipalities in the proportion of 80 per cent by the Township and 20 per cent by the Village; settlement on this basis is to be made in cash on or before the first day of October, 1942. The Municipality in which the said mains are respectively situate shall own and maintain the same.

11. The Village has extended the existing 12-inch main on Elm Ridge Drive (Roselawn Avenue) westerly from Marwood Road (Nokomis Street) to the Village limits connecting with the Township main at this point where a valve has been placed and sealed.

As required by Village development but in any event within three years from the date of this agreement the Village shall undertake as a Local Improvement the extension of the 12-inch main on Elm Ridge Drive (Roselawn Avenue) easterly from Marwood Road (Nokomis Street) to Bathurst Street.

The Township hereby agrees to pay to the Village 80 per cent of 55 per cent of the cost of the main (less cross-connections and hydrants) in respect of (a) the 12-inch main which has been installed in Elm Ridge Drive (Roselawn Avenue) from Marwood Road (Nokomis Street) westerly to the West Village limits and (b) the 12-inch main later to be installed in Elm Ridge Drive from Marwood Road (Nokomis Street) easterly to connection with the existing 12-inch main in Bathurst Street. The Village shall own and maintain these 12-inch mains on Elm Ridge Drive (Roselawn Avenue).

The construction of the watermain in Elm Ridge Drive, referred to in clause (b), shall if possible be carried out under the Local Improvement Act, failing which the same shall with the approval of the Township be constructed at a general expense, in which event 80 per cent of the cost of the said main (less cross-connection and hydrants) shall be borne by the Township and the remainder of the cost shall be borne by the Village. The Township shall pay its share of the cost either in cash within six months of completion of the work, or by instalments over the terms of the debentures.

The construction and installation referred to in clause (b) hereof shall be subject to the obtaining of all necessary legal authority.

12. The Village shall not close (other than temporarily for the purpose of carrying out repairs) any valves on the internal network of 6 inch or 12 inch watermains within the Village of Forest Hill so as to stop or impede the flow of water westerly across the said Village to the outlets on the boundary between the said Village and the Township. The Township shall have the right in perpetuity to the use of Village watermains.

13. The Village covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Village to cover the cost of any watermains, appurtenances and appliances purchased or installed by the Village since its incorporation and will likewise, except as herein provided, pay the cost of any such watermains, appurtenances and appliances which are now or which may hereafter be

installed or purchased and in respect to which no debentures have been issued.

14. The Township covenants and agrees that it will, from and after the first day of January, 1942, assume and pay the instalments of principal and interest which may fall due in the year 1942 and in each and every year thereafter on debentures heretofore and hereafter issued by the Township to cover the cost of any watermains, appurtenances and appliances purchased or installed by the Township as part of the Waterworks System in Waterworks Area A and will likewise except as herewith provided pay the cost of any such watermains, appurtenances and appliances which may now or hereafter be installed or purchased by the Township in that portion of Waterworks Area A within the limits of the said Township and in respect to which no debentures have been issued.

15. The Township hereby covenants and agrees with the Village that in addition to its obligations under the provisions of paragraphs 7, 10 and 11 hereof, that it, the said Township, will pay to the Village the sum of \$26,914.67 made up as follows:

As settlement in full of all claims by the Village against the Township in respect of the assets of the said waterworks system and its operation by the Township, including any surpluses up to the 31st day of December, 1941..... \$25,000.00

All claims against the Township in respect of the said waterworks system and its operation including surpluses for the period from January 1st, 1942, to August 31st, 1942..... 4,208 00
\$29,208.00

Less: Hydrant rental payable by the Village to the Township on 344 hydrants at \$10.00 per hydrant per annum for eight months from January 1st to August 31st, 1942..... 2,293.33
2,293.33

Net balance payable by Township to Village..... \$26,914.67

Payment of the said amount may be satisfied in whole or in part by delivery by the Township to the Village of accounts due for water consumption within the Village. Any balance over and above the total of such accounts shall be paid by the Township to the Village as provided in paragraph 23 hereof.

16. The Village hereby grants, quit claims and releases to the Township all its right, title and interest in and to any and all of the assets and undertaking of the said waterworks system (except as herein expressly conveyed to the Village) including but not so as to limit the generality of the foregoing, all trucks, office equipment, waterworks stores, cash surpluses and reserves, watermains, meters, appliances and appurtenances; and the Village doth hereby release the Township of and from any and all claims of every nature and kind whatsoever relating to or arising out of the said waterworks system and its assets.

17. It is understood and agreed that the Village has entered into an agreement with the Corporation of the City of Toronto under which the Village agrees to purchase its water supply direct from the said City on and after September 1st, 1942. The said agreement provides that the quantity of water purchased from the City by the Township and the Village, respectively, shall be determined as follows:

(1) The Township shall be charged by the City for all water passing through the meters at—

(a) Eglinton Avenue and Bathurst Street;

(b) Lonsdale Road and Bathurst Street.

(2) The Village shall be charged by the City for all water passing through the meters at—

(a) Eglinton Avenue and Gilgorm Road;

(b) Kilbarry Road,

but only after deducting therefrom the quantity of water charged by the City to the Township as provided in clause 1 hereof.

18. It is agreed that the provisions of this agreement, and of the agreement entered into between the Village and the City, shall not effect or prejudice the rights of the Township under the agreement made between the City and the Township, dated the 18th day of July, 1916, and the agreement dated the 20th day of June, 1938, or under any Act of the Legislature, except as herein expressly provided.

19. The Township will, forthwith after the first day of September 1942, deliver to the Village all original plans in its possession which relate solely to that portion of the waterworks system within the limits of the Village, except the plans relating to the Eglinton Avenue trunk main; The Township will, at the same time, deliver to the Village all meter books, consumer ledger records, water service installation sheets, and other documents which relate solely to that part of the system within the Village.

The Township agrees that forthwith after the first day of September, 1942, it will pay over to the Village all security deposits then held by the Township in respect of water consumer premises situate within the limit of the Village of Forest Hill, and the Village hereby covenants to indemnify and save harmless the Township of, and from all claims, actions, suits and demands for or in respect and in any way arising out of all, such consumer deposits so paid over.

20. It is hereby agreed as between the Village and the Township that after the first day of September, 1942, each Municipality will notify the other thirty days in advance of making any decision to change the rates at which they sell water to their domestic, institutional or industrial consumers.

21. Any dispute which may arise between the parties hereto as to any matters relating to or arising out of this agreement shall be settled by the engineers of the respective Municipalities.

In the event however, of the failure of the said engineers to settle any such dispute the same shall be referred to The Ontario Municipal Board as arbitrators, and the said Board may hear and determine the dispute so referred to it and the decision of the Board shall be final and conclusive and binding on the parties hereto and shall not be subject to appeal.

22. This agreement is subject to the terms of an agreement entered into between the Township and the Corporation of the City of Toronto dated the 6th day of July, 1942, respecting the supply of water to the Township.

23. Except where otherwise provided 50 per cent of all payments to be made under the terms of this agreement shall be made on or before the first day of October, 1942, the balance on or before the first day of December, 1942.

This agreement shall enure to the benefit of and be binding on the parties hereto and their respective successors and assigns.

Provided also, and it is hereby expressly declared and agreed by and between the parties hereto, that upon the completion of all such installations the portions of such connections lying within the boundaries of public streets shall become the sole property of the City without the payment of any compensation whatever therefor by the City to His Majesty and/or the Company, and shall thereafter be maintained and repaired by the City at its own cost and expense, except the cost of repairs to any private drain connection that has become blocked or obstructed by causes other than faulty construction of such connection, which cost of repairs shall be paid by His Majesty or the Company to the City.

4. Upon the erection and equipping of the houses as in clause 3 hereof provided, the Company shall lease the houses and lands appurtenant thereto respectively (to soldiers, sailors or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependents and to the dependents of any soldier, sailor or airman of such forces who is on general service outside Canada, or who has been killed on active service in such war), at rents ranging from Twenty-two dollars to Thirty dollars per month per house; provided, however, that whenever and so often as during the currency of this agreement any of the houses is or becomes vacant and there are no applications of any such soldier, sailor, airman or dependents acceptable to and filed with the Company, the Company shall have the right to lease the same at the rents aforesaid to whomever it shall determine. And it is hereby expressly declared and agreed by and between the parties hereto that all water and electric current supply rates or charges in respect to the houses shall not be assessed or charged against the lands and premises so leased, it being understood that the same are to be paid by the respective lessees.

5. His Majesty and/or the Company, at their own cost and expense, shall undertake and carry out the management and control of the houses

and all appurtenances thereto belonging and shall at all times during the currency of this agreement, well and sufficiently repair, maintain, amend and keep the houses with the appurtenances and all fixtures and things thereto belonging in good and substantial repair, reasonable wear and tear and damage by fire, lightning, tempest, acts of God and His Majesty's enemies only excepted.

6. His Majesty and/or the Company shall pay to the City on the first day of the month of October in each of the years 1944 to 1954, both inclusive, in lieu of taxes on the building lots, the following annual amounts:

- (a) The sum of Twenty-four dollars in respect of each of the houses containing two bedrooms, and
- (b) The sum of Thirty dollars in respect of each of the houses containing more than two bedrooms. Provided that the said payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

7. His Majesty and/or the Company, in addition to the payments provided for in clause 6 hereof, shall pay to the City on the first day of the month of October in each of the years 1944 to 1954, both inclusive, the sum of One dollar in respect of each of the houses, in consideration for the street lighting services for the houses to be provided by the City. Provided that such payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. That in consideration of the payments provided for in clauses 6 and 7 hereof the City shall not levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupiers of the houses while the same are owned by His Majesty. Provided that nothing contained in this clause shall be deemed to limit the right of the City to charge the tenants or occupiers of the houses while the same are owned by His Majesty, public utility rates and/or charges provided for in clause 4 hereof, or to collect from such tenants or occupiers any license or permit fees or dog tax or business tax which the City has the right to collect from inhabitants of the Municipality of the City of London. Nothing in this agreement contained shall limit the right of the Municipality to collect poll tax from any person resident in the living accommodation.

9. This agreement shall only affect such of the houses and lands appurtenant thereto while owned by His Majesty, and that His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided however that no sale or conveyance shall at any time be made to any person, firm, corporation or body exempt from full or any municipal assessment and taxation at the time of such sale or conveyance. Provided further that in the event of any of the houses and lands appurtenant thereto being sold by His Majesty, His Majesty shall pay to the municipality at the time of such sale the sum of Four hundred dollars in payment of each building lot so sold during the period between the date of this agreement and the Thirtieth day of September, 1949, both days inclusive, and the sum of Two hundred dollars in payment of each building lot so sold during the period between the First day of October, 1949, and the Thirtieth day of September, 1954, both days inclusive. Provided further that in the year that any such house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in clauses 6 and 7 hereof shall be pro rated in respect of the portion of the year in which each house and the lands appurtenant thereto cease to be owned by His Majesty, and such lands and houses shall forthwith upon such sale immediately become subject to all taxes and local improvement rates which would be assessed and charged against such lands and houses had it not been for the provisions of this agreement, and the ownership thereof by His Majesty and/or the Company.

10. His Majesty, in consideration of the City entering into and executing these presents, hereby gives to the City an option, irrevocable within the time for acceptance herein limited, to purchase, free from all

encumbrances (save and except any encumbrance which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the building lots then owned by His Majesty as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company (such fixtures to include but not so as to limit the generality of the foregoing, heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds) for the sum of One thousand dollars for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of October to the 31st day of December, 1954, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Treasurer of the City and sealed with the Corporate Seal of the City, mailed, postage prepaid and registered, addressed to His Majesty, care of the Company, at 55 York Street, Toronto, stating therein that this option is accepted and by paying to His Majesty forthwith ten per centum of the said purchase price. 11. Should the City fail to exercise the option to purchase mentioned in clause 10 hereof, His Majesty shall have the right to sell such of the building lots as are then owned by him without payment to the City of any sum whatsoever on the sale of such lands, and His Majesty and/or the Company, from and after the 1st day of January, 1955, shall pay annually to the City in respect of each of the building lots and buildings thereon, while owned by His Majesty, in lieu of taxes, a sum equal to the amount of taxes, rates and/or assessments, including local improvement rates, that would have been payable in respect of each of the building lots and buildings thereon if the same had been owned by a non-exempt person, company and/or corporation; such sum to be paid to the City on or before the 1st day of October in each year commencing with the year 1955. Provided that such payments in lieu of taxes shall be pro rated in respect of the portion of the year in which each of the building lots ceases to be owned by His Majesty.

12. That any existing or future provisions of the by-laws of the City with respect to the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

13. In the event that any of the houses is, damaged by fire or the elements or otherwise prior to the 1st day of January, 1955, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair such damage or completely remove the remains of such damaged house from the portion of the building lots appurtenant thereto. In the event of the removal of such damaged house His Majesty shall convey to the City, in fee simple, free from all encumbrances (save and except any encumbrance which may be registered against such portion of the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the said portion of the building lots, such conveyance to be by a deed or transfer approved by the solicitor for the City.

14. The City, at its own cost and expense, shall take all possible steps to obtain, at the next ensuing session of the Legislature of the Province of Ontario, legislation validating and confirming this agreement and empowering the City to carry out its terms and provisions.

HIS MAJESTY, THE KING, IN RIGHT OF CANADA, herein represented by the Honourable the Minister of Munitions and Supply of Canada, acting through Wartime Housing Limited (hereinafter called "His Majesty"),

OF THE SECOND PART;

—and—

WARTIME HOUSING LIMITED, a company incorporated under *The Dominion Companies Act*, pursuant to the provisions of *The Department of Munitions and Supply Act*, being Statutes of Canada, 4 George VI, chapter 3, as amended (hereinafter called the "Company"),

OF THE THIRD PART.

WHEREAS the City is the registered owner, in fee simple, of various parcels of vacant land within the limits of the Municipality of the City of London, situate on public streets having sidewalks, water mains and sewers and street lighting services already constructed and installed therein and thereon;

AND WHEREAS there is a serious shortage of housing accommodation within the said Municipality and the City, being desirous of taking steps to alleviate such shortage, has requested His Majesty to provide additional housing accommodation within the limits of the City of London;

AND WHEREAS His Majesty has agreed to provide such additional housing accommodation of the types, to the extent, and for the purposes, and upon the terms and conditions all as hereinafter set forth, upon the condition that the City convey to His Majesty the land necessary to provide such additional accommodation, which the City has agreed to do for the consideration and upon the terms and conditions hereinafter mentioned and set forth;

AND WHEREAS the Minister of Munitions and Supply of Canada has duly delegated to the Company the power and duty of providing the said additional housing accommodation upon the terms and conditions of this agreement, and pursuant to such delegation and in the exercise and discharge of such power and duty the Company enters into and executes this agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH that the parties hereto hereby mutually covenant and agree as follows:

1. The City shall convey to His Majesty, in fee simple, free and clear from all encumbrances, including taxes and local improvement rates charged to the date of the said conveyance, such of the said parcels of vacant land owned by the City as aforesaid as are set forth in the schedule hereunto annexed marked "A" (such parcels of land and such schedule being hereinafter referred to respectively as the building lots and the schedule), by deeds or transfers approved by the solicitors for His Majesty.

2. His Majesty, in consideration of the conveyance provided for in the next preceding clause, shall pay or cause to be paid to the City the

3. Upon the execution and delivery of the conveyances provided for in clause 1 hereof His Majesty, or the Company, shall:

- (a) At his or its own cost and expense proceed forthwith to erect on each of the building lots so conveyed and set forth in the schedule, a house of such type as His Majesty, in his sole discretion, may deem advisable, to cost on the average approximately Three Thousand dollars each, to be of frame construction on cement blocks or solid concrete foundation, to consist of any of the three types of houses shown on the plans of the Company, numbers H. 1, H. 5, drawings number 1-6, inclusive; numbers H. 12, H. 15, drawings number 1-7, inclusive; and H. 21, H. 23, drawings number 1-6, inclusive, and to be constructed in accordance with the specifications of the Company dated the 12th day of July, 1944, subject to the availability of the several materials and to the provisions of wartime regulations (which plans and specifications are filed with the City Clerk) to be equipped with heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds, and to be so erected and equipped with all due diligence and expedition (such houses being hereinafter referred to as "the houses"); and

Provided that such installations shall in all cases include such re-laying of the pavement on the street destroyed in effecting such installations, as in the opinion of the said City Engineer shall be necessary and proper. Provided also, and it is hereby expressly declared and agreed by and between the parties hereto, that upon the completion of all such installations the portions of such connections lying within the boundaries of public streets shall become the sole property of the City without the payment of any compensation whatever therefor by the City to His Majesty and/or the Company, and shall thereafter be maintained and repaired by the City at its own cost and expense, except the cost of repairs to any private drain connection that has become blocked or obstructed by causes other than faulty construction of such connection, which cost of repairs shall be paid by His Majesty or the Company to the City.

4. Upon the erection and equipping of the houses as in clause 3 hereof provided, the Company shall lease the houses and lands appurtenant thereto respectively (to soldiers, sailors or airmen of the three armed forces of Canada returned from general service in the present war and/or their dependents and to the dependents of any soldier, sailor or airman of such forces who is on general service outside Canada, or who has been killed on active service in such war), at rents ranging from Twenty-two dollars to Thirty dollars per month per house; provided, however, that whenever and so often as during the currency of this agreement any of the houses is or becomes vacant and there are no applications of any such soldier, sailor, airman or dependents acceptable to and filed with the Company, the Company shall have the right to lease the same at the rents aforesaid to whomever it shall determine. And it is hereby expressly declared and agreed by and between the parties hereto that all water and electric current supply rates or charges in respect to the houses shall not be assessed or charged against the lands and premises so leased, it being understood that the same are to be paid by the respective lessees.

5. His Majesty and/or the Company, at their own cost and expense, shall undertake and carry out the management and control of the houses

and all appurtenances thereto belonging and shall at all times during the currency of this agreement, well and sufficiently repair, maintain, amend and keep the houses with the appurtenances and all fixtures and things thereto belonging in good and substantial repair, reasonable wear and tear and damage by fire, lightning, tempest, acts of God and His Majesty's enemies only excepted.

6. His Majesty and/or the Company shall pay to the City on the first day of the month of October in each of the years 1944 to 1954, both inclusive, in lieu of taxes on the building lots, the following annual amounts:

- (a) The sum of Twenty-four dollars in respect of each of the houses containing two bedrooms, and
- (b) The sum of Thirty dollars in respect of each of the houses containing more than two bedrooms. Provided that the said payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

7. His Majesty and/or the Company, in addition to the payments provided for in clause 6 hereof, shall pay to the City on the first day of the month of October in each of the years 1944 to 1954, both inclusive, the sum of One dollar in respect of each of the houses, in consideration for the street lighting services for the houses to be provided by the City. Provided that such payments shall be pro rated in respect of the portion of the first year in which each of the houses is constructed.

8. That in consideration of the payments provided for in clauses 6 and 7 hereof the City shall not levy or collect or permit to be levied or collected any taxes, assessments, rates or municipal or school charges of any kind or nature on or from the tenants or occupiers of the houses while the same are owned by His Majesty. Provided that nothing contained in this clause shall be deemed to limit the right of the City to charge the tenants or occupiers of the houses while the same are owned by His Majesty, public utility rates and/or charges provided for in clause 4 hereof, or to collect from such tenants or occupiers any license or permit fees or dog tax or business tax which the City has the right to collect from inhabitants of the Municipality of the City of London. Nothing in this agreement contained shall limit the right of the Municipality to collect poll tax from any person resident in the living accommodation.

9. This agreement shall only affect such of the houses and lands appurtenant thereto while owned by His Majesty, and that His Majesty shall be at liberty to sell or convey any or all of the houses and lands appurtenant thereto at such time or times as His Majesty may see fit. Provided however that no sale or conveyance shall at any time be made to any person, firm, corporation or body exempt from full or any municipal assessment and taxation at the time of such sale or conveyance. Provided further that in the event of any of the houses and lands appurtenant thereto being sold by His Majesty, His Majesty shall pay to the municipality at the time of such sale the sum of Four hundred dollars in payment of each building lot so sold during the period between the date of this agreement and the Thirtieth day of September, 1949, both days inclusive, and the sum of Two hundred dollars in payment of each building lot so sold during the period between the First day of October, 1949, and the Thirtieth day of September, 1954, both days inclusive. Provided further that in the year that any such house or houses and the lands appurtenant thereto are so sold by His Majesty, the payments provided for in clauses 6 and 7 hereof shall be pro rated in respect of the portion of the year in which each house and the lands appurtenant thereto cease to be owned by His Majesty, and such lands and houses shall forthwith upon such sale immediately become subject to all taxes and local improvement rates which would be assessed and charged against such lands and houses had it not been for the provisions of this agreement, and the ownership thereof by His Majesty and/or the Company.

10. His Majesty, in consideration of the City entering into and executing these presents, hereby gives to the City an option, irrevocable within the time for acceptance herein limited, to purchase, free from all

encumbrances (save and except any encumbrance which may be registered against the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the building lots then owned by His Majesty as a whole and not individual parcels thereof, together with all houses, buildings, fences, erections and fixtures whatsoever then erected and constructed thereon or contained therein and owned by His Majesty and/or the Company (such fixtures to include but not so as to limit the generality of the foregoing, heaters, hot water tanks, bath tubs, wash basins, sinks, toilets, light fixtures and blinds) for the sum of One thousand dollars for each of the houses. The option hereby given shall be open for acceptance at any time from the 1st day of October to the 31st day of December, 1954, both days inclusive, and may be accepted by a letter under the hands of the Mayor and Treasurer of the City and sealed with the Corporate Seal of the City, mailed, postage prepaid and registered, addressed to His Majesty, care of the Company, at 55 York Street, Toronto, stating therein that this option is accepted and by paying to His Majesty forthwith ten per centum of the said purchase price. The balance of the said purchase price, subject to adjustments, shall be paid within sixty days from the date of acceptance, all adjustments to be made as of the 31st day of December, 1954, and the conveyance of the building lots with the appurtenances aforesaid shall be by deeds or transfers approved by the solicitor for the City.

11. Should the City fail to exercise the option to purchase mentioned in clause 10 hereof, His Majesty shall have the right to sell such of the building lots as are then owned by him without payment to the City of any sum whatsoever on the sale of such lands, and His Majesty and/or the Company, from and after the 1st day of January, 1955, shall pay annually to the City in respect of each of the building lots and buildings thereon, while owned by His Majesty, in lieu of taxes, a sum equal to the amount of taxes, rates and/or assessments, including local improvement rates, that would have been payable in respect of each of the building lots and buildings thereon if the same had been owned by a non-exempt person, company and/or corporation; such sum to be paid to the City on or before the 1st day of October in each year commencing with the year 1955. Provided that such payments in lieu of taxes shall be pro rated in respect of the portion of the year in which each of the building lots ceases to be owned by His Majesty.

12. That any existing or future provisions of the by-laws of the City with respect to the manner, mode, location and type of construction of buildings shall not apply to any of the houses whether owned by His Majesty or otherwise.

13. In the event that any of the houses is damaged by fire or the elements or otherwise prior to the 1st day of January, 1955, so as in the opinion of His Majesty to render the same uninhabitable, His Majesty or the Company may at their discretion either repair such damage or completely remove the remains of such damaged house from the portion of the building lots appurtenant thereto. In the event of the removal of such damaged house His Majesty shall convey to the City, in fee simple, free from all encumbrances (save and except any encumbrance which may be registered against such portion of the building lots at the time of the delivery of the deeds or transfers provided for in clause 1 hereof) the said portion of the building lots, such conveyance to be by a deed or transfer approved by the solicitor for the City.

14. The City, at its own cost and expense, shall take all possible steps to obtain, at the next ensuing session of the Legislature of the Province of Ontario, legislation validating and confirming this agreement and empowering the City to carry out its terms and provisions.

IN WITNESS WHEREOF the parties hereto have hereunto affixed their respective corporate seals attested by the hands of their respective officers in that behalf duly authorized.

MR. HARVEY

TORONTO
PRINTED BY T. E. BOWMAN
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

EXPLANATORY NOTES

SECTION 1. The amendment eliminates the present requirement that every plan for municipal health services must be effected by having the municipal council involved make an agreement with the Ontario Municipal Health Services Board which would be the body actually responsible for supplying the medical and hospital services.

SECTION 2. Where a council makes its own arrangements for health services it shall pay therefor directly instead of through the Board.

SECTION 3. At present a plan must be submitted to the electors after it has been in force for three years. The amendment eliminates the compulsory nature of the provision but permits it to be so submitted.

2ND SESSION, 22ND LEGISLATURE, ONTARIO
10 GEORGE VI, 1946

BILL

An Act respecting Marine Insurance.

MR. BLACKWELL

TORONTO
PRINTED BY T. E. BOWMAN
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

EXPLANATORY NOTES

Ontario has never had an Act dealing specifically with marine insurance and an appreciable amount of this type of insurance business is written in the Province. The Canadian Bar Association, through its Insurance Law Section, recommended the adoption of a uniform Marine Insurance Act in Canada and the attention of the Association of Superintendents of Insurance was directed to this matter. At their 1942 session, and again at the 1944 session, the Association of Superintendents of Insurance recommended that various Provinces enact a uniform Marine Insurance Act based on the Act in force in the United Kingdom.

The Act now proposed is the same as the Marine Insurance Act, 1906, of the United Kingdom. It has been in force in British Columbia for many years, in Nova Scotia since 1941, in New Brunswick since 1943, and in Manitoba since 1945. No change whatever has been made in the drafting of the sections.

The general scope and effect of the Imperial Statute is described in Lord Halsbury's "Laws of England", Volume 17, at page 335, as follows:

"670. The Act codifies only those principles of the law which relate exclusively to marine insurance. Thus it does not lay down rules which apply to contracts in general, such as those relating to fraud, mistake, or illegality, nor those relating to such special subjects as the duties of the master of a ship, salvage, or general average; it does not attempt to define who is to be deemed in time of war an alien enemy or a neutral, or by what acts the character of neutrality may be forfeited. All such matters are excluded, because they more properly belong to other departments of law, such as the law of contract, the law of shipping and navigation, prize law and international law; and therefore it expressly provides that 'the rules of the common law, including the law merchant, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to contracts of marine insurance'."

Explanatory notes are provided only for those sections which appear to require comment.

BILL

An Act respecting Marine Insurance.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Interpretation.

1. In this Act, unless the context otherwise requires,— Expressions interpreted.

(a) "action" includes counterclaim and set-off;

(b) "freight" includes the profit derivable by a ship-owner from the employment of his ship to carry his own goods or movables, as well as freight payable by a third party, but does not include passage-money;

(c) "movables" means any movable tangible property, other than the ship, and includes money, valuable securities, and other documents;

(d) "policy" means a marine policy.

2. A contract of marine insurance is a contract whereby the insurer undertakes to indemnify the assured, in manner Marine insurance defined. and to the extent thereby agreed, against marine losses, that is to say, the losses incident to marine adventure.

3.—(1) A contract of marine insurance may, by its express Mixed sea and land risks. terms or by usage of trade, be extended so as to protect the assured against losses on inland waters or on any land risk which may be incidental to any sea voyage.

(2) Where a ship in course of building, or the launch of a ship, or any adventure analogous to a marine adventure, is covered by a policy in the form of a marine policy, the provisions of this Act, in so far as applicable, shall apply thereto; but, except as by this section provided, nothing in this Act shall alter or affect any rule of law applicable to any contract

of insurance other than a contract of marine insurance as by this Act defined.

**Marine
adventure
and mari-
time perils
defined.**

4.—(1) Subject to the provisions of this Act, every lawful marine adventure may be the subject of a contract of marine insurance.

(2) In particular there is a marine adventure where,—

- (a) any ship, goods, or other movables are exposed to maritime perils. Such property is in this Act referred to as “insurable property”;
- (b) the earning or acquisition of any freight, passage-money, commission, profit, or other pecuniary benefit, or the security for any advances, loan, or disbursements, is endangered by the exposure of insurable property to maritime perils;
- (c) any liability to a third party may be incurred by the owner of, or other person interested in or responsible for, insurable property by reason of maritime perils.

(3) “Maritime perils” means the perils consequent on or incidental to the navigation of the sea, that is to say, perils of the seas, fire, war perils, pirates, rovers, thieves, captures, seizures, restraints, and detainments of princes and peoples, jettisons, barratry, and any other perils, either of the like kind or which may be designated by the policy.

Insurable Interest.

**Avoidance of
wagering or
gaming
contracts.**

5.—(1) Every contract of marine insurance by way of gaming or wagering is void.

(2) A contract of marine insurance is deemed to be a gaming or wagering contract,—

- (a) where the assured has not an insurable interest as defined by this Act, and the contract is entered into with no expectation of acquiring such an interest; or
- (b) where the policy is made “interest or no interest,” or “without further proof of interest than the policy itself,” or “without benefit of salvage to the insurer,” or subject to any other like term;

Provided that where there is no possibility of salvage a policy may be effected without benefit of salvage to the insurer.

SECTION 7. The expression "lost or not lost" arises because an owner may insure a vessel or cargo while the vessel is at sea.

SECTION 10 is vital as it creates a right to re-insure.

SECTION 11. The master of a vessel has authority at common law to pledge the ship and cargo for security in case of emergency. Where the ship only is offered the bond is called "bottomry", and where the ship and cargo are both offered the bond is called "respondentia".

SECTION 13. Advance freight is prepaid freight and under British and Canadian law belongs to the ship owner, vessel lost or not lost, so that the insurable interest is in the shipper.

6.—(1) Subject to the provisions of this Act, every person ^{Insurable interest defined.} has an insurable interest who is interested in a marine adventure.

(2) In particular a person is interested in a marine adventure where he stands in any legal or equitable relation to the adventure or to any insurable property at risk therein, in consequence of which he may benefit by the safety or due arrival of insurable property, or may be prejudiced by its loss or by damage thereto or by the detention thereof, or may incur liability in respect thereof.

7.—(1) The assured must be interested in the subject-matter insured at the time of the loss though he need not be ^{When interest must attach.} interested when the insurance is effected;

Provided that where the subject-matter is insured "lost or not lost," the assured may recover although he may not have acquired his interest until after the loss, unless at the time of effecting the contract of insurance the assured was aware of the loss and the insurer was not.

(2) Where the assured has no interest at the time of the loss, he cannot acquire interest by any act or election after he is aware of the loss.

8.—(1) A defeasible interest is insurable, as also is a contingent interest. ^{Defeasible or contingent interest.}

(2) In particular, where the buyer of goods has insured them, he has an insurable interest, notwithstanding that he might, at his election, have rejected the goods, or have treated them as at the seller's risk, by reason of the latter's delay in making delivery or otherwise.

9. A partial interest of any nature is insurable. ^{Partial interest.}

10.—(1) The insurer under a contract of marine insurance has an insurable interest in his risk and may re-insure in respect of it. ^{Re-insurance.}

(2) Unless the policy otherwise provides, the original assured has no right or interest in respect of such reinsurance.

11. The lender of money on bottomry or respondentia has ^{Bottomry.} an insurable interest in respect of the loan.

12. The master or any member of the crew of a ship has ^{Master's and seamen's wages.} an insurable interest in respect of his wages.

13. In the case of advance freight, the person advancing ^{Advance freight.}

the freight has an insurable interest, in so far as such freight is not repayable in case of loss.

Charges of insurance.

14. The assured has an insurable interest in the charges of any insurance which he may effect.

Quantum of interest.

15.—(1) Where the subject-matter insured is mortgaged, the mortgagor has an insurable interest in the full value thereof, and the mortgagee has an insurable interest in respect of any sum due or to become due under the mortgage.

(2) A mortgagee, consignee, or other person having an interest in the subject-matter insured may insure on behalf and for the benefit of other persons interested as well as for his own benefit.

(3) The owner of insurable property has an insurable interest in respect of the full value thereof, notwithstanding that some third person may have agreed, or be liable, to indemnify him in case of loss.

Assignment of interest.

16. Where the assured assigns or otherwise parts with his interest in the subject-matter insured, he does not thereby transfer to the assignee his rights under the contract of insurance, unless there be an express or implied agreement with the assignee to that effect; but the provisions of this section do not affect a transmission of interest by operation of law.

Insurable Value.

Measure of insurable value.

17. Subject to any express provision or valuation in the policy, the insurable value of the subject-matter insured must be ascertained as follows:

- (a) In insurance on ship, the insurable value is the value, at the commencement of the risk, of the ship, including her outfit, provisions and stores for the officers and crew, money advanced for seamen's wages, and other disbursements, if any, incurred to make the ship fit for the voyage or adventure contemplated by the policy, plus the charges of insurance upon the whole.

The insurable value, in the case of a steamship, includes also the machinery, boilers, and coals, oils, and engine stores if owned by the assured, and, in the case of a ship engaged in a special trade, the ordinary fittings requisite for that trade;

- (b) In insurance on freight, whether paid in advance or otherwise, the insurable value is the gross amount of

SECTION 17. Frequently vessels and cargo are insured on agreed valuations, but where otherwise, this Section covers.

the freight at the risk of the assured, plus the charges of insurance;

- (c) In insurance on goods or merchandise, the insurable value is the prime cost of the property insured, plus the expenses of and incidental to shipping and the charges of insurance upon the whole;
- (d) In insurance on any other subject-matter, the insurable value is the amount at the risk of the assured when the policy attaches, plus the charges of insurance.

Disclosure and Representations.

18. A contract of marine insurance is a contract based upon the utmost good faith, and if the utmost good faith be not observed by either party the contract may be avoided by the other party. Insurance is
uberrimæ
fidei.

19.—(1) Subject to the provisions of this section, the assured must disclose to the insurer before the contract is concluded every material circumstance which is known to the assured, and the assured is deemed to know every circumstance which in the ordinary course of business ought to be known by him. If the assured fails to make such disclosure the insurer may avoid the contract. Disclosure
by assured.

(2) Every circumstance is material which would influence the judgment of a prudent insurer in fixing the premium or determining whether he will take the risk.

(3) In the absence of inquiry the following circumstances need not be disclosed, namely,—

- (a) any circumstance which diminishes the risk;
- (b) any circumstance which is known or presumed to be known to the insurer. The insurer is presumed to know matters of common notoriety or knowledge and matters which an insurer in the ordinary course of his business, as such, ought to know;
- (c) any circumstance as to which information is waived by the insurer;
- (d) any circumstance which it is superfluous to disclose by reason of any express or implied warranty.

(4) Whether any particular circumstance which is not disclosed be material or not is in each case a question of fact.

(5) The term "circumstance" includes any communication made to or information received by the assured.

Disclosure
by agent
effecting
insurance.

20. Subject to the provisions of the preceding section as to circumstances which need not be disclosed, where an insurance is effected for the assured by an agent, the agent must disclose to the insurer,—

- (a) every material circumstance which is known to himself, and an agent to insure is deemed to know every circumstance which in the ordinary course of business ought to be known by or to have been communicated to him; and
- (b) every material circumstance which the assured is bound to disclose, unless it come to his knowledge too late to communicate it to the agent.

Representa-
tions
pending
negotiation
of contract.

21.—(1) Every material representation made by the assured or his agent to the insurer during the negotiations for the contract, and before the contract is concluded, must be true. If it be untrue the insurer may avoid the contract.

(2) A representation is material which would influence the judgment of a prudent insurer in fixing the premium or determining whether he will take the risk.

(3) A representation may be either a representation as to a matter of fact or as to a matter of expectation or belief.

(4) A representation as to a matter of fact is true if it be substantially correct, that is to say, if the difference between what is represented and what is actually correct would not be considered material by a prudent insurer.

(5) A representation as to a matter of expectation or belief is true if it be made in good faith.

(6) A representation may be withdrawn or corrected before the contract is concluded.

(7) Whether a particular representation be material or not is in each case a question of fact.

When con-
tract is
deemed to
be con-
cluded.

22. A contract of marine insurance is deemed to be concluded when the proposal of the assured is accepted by the insurer, whether the policy be then issued or not; and for the purpose of showing when the proposal was accepted, reference may be made to the slip or covering note or other customary memorandum of the contract.

The Policy

23. A contract of marine insurance is inadmissible in evidence unless it is embodied in a marine policy in accordance with this Act. The policy may be executed and issued either at the time when the contract is concluded or afterwards.

Contract must be embodied in policy.

24. A marine policy must specify,—

What policy must specify.

- (a) the name of the assured or of some person who effects the insurance on his behalf;
- (b) the subject-matter insured and the risk insured against;
- (c) the voyage or period of time, or both, as the case may be, covered by the insurance;
- (d) the sum or sums insured;
- (e) the name or names of the insurers.

25.—(1) A marine policy must be signed by or on behalf of the insurer, provided that in the case of a corporation the corporate seal may be sufficient, but nothing in this section shall be construed as requiring the subscription of a corporation to be under seal.

Signature of insurer.

(2) Where a policy is subscribed by or on behalf of two or more insurers, each subscription, unless the contrary be expressed, constitutes a distinct contract with the assured.

26. Where the contract is to insure the subject-matter at and from, or from one place to another or others, the policy is called a "voyage policy," and where the contract is to insure the subject-matter for a definite period of time the policy is called a "time policy." A contract for both voyage and time may be included in the same policy.

Voyage and time policies.

27.—(1) The subject-matter insured must be designated in a marine policy with reasonable certainty.

Designation of subject-matter.

(2) The nature and extent of the interest of the assured in the subject-matter insured need not be specified in the policy.

(3) Where the policy designates the subject-matter insured in general terms, it shall be construed to apply to the interest intended by the assured to be covered.

(4) In the application of this section regard shall be had to any usage regulating the designation of the subject-matter insured.

Valued
policy.

28.—(1) A policy may be either valued or unvalued.

(2) A valued policy is a policy which specifies the agreed value of the subject-matter insured.

(3) Subject to the provisions of this Act, and in the absence of fraud, the value fixed by the policy is, as between the insurer and assured, conclusive of the insurable value of the subject intended to be insured, whether the loss be total or partial.

(4) Unless the policy otherwise provides, the value fixed by the policy is not conclusive for the purpose of determining whether there has been a constructive total loss.

Unvalued
policy.

29. An unvalued policy is a policy which does not specify the value of the subject-matter insured, but, subject to the limit of the sum insured, leaves the insurable value to be subsequently ascertained in the manner hereinbefore specified.

Floating
policy by
ship or
ships.

30.—(1) A floating policy is a policy which describes the insurance in general terms and leaves the name of the ship or ships and other particulars to be defined by subsequent declaration.

(2) The subsequent declaration or declarations may be made by endorsement on the policy or in other customary manner.

(3) Unless the policy otherwise provides, the declarations must be made in the order of dispatch or shipment. They must, in the case of goods, comprise all consignments within the terms of the policy, and the value of the goods or other property must be honestly stated, but an omission or erroneous declaration may be rectified even after loss or arrival, provided the omission or declaration was made in good faith.

(4) Unless the policy otherwise provides, where a declaration of value is not made until after notice of loss or arrival, the policy must be treated as an unvalued policy as regards the subject-matter of that declaration.

Construc-
tion of terms
in policy.

31.—(1) A policy may be in the form in the Schedule.

(2) Subject to the provisions of this Act, and unless the context of the policy otherwise requires, the terms and expressions mentioned in the Schedule shall be construed as having the scope and meaning in the Schedule assigned to them.

Premium to
be arranged

32.—(1) Where an insurance is effected at a premium to

SECTION 33 deals with cases where double insurance has been effected.

be arranged, and no arrangement is made, a reasonable premium is payable.

(2) Where an insurance is effected on the terms that an additional premium is to be arranged in a given event, and that event happens but no arrangement is made, then a reasonable additional premium is payable.

Double Insurance

33.—(1) Where two or more policies are effected by or on behalf of the assured on the same adventure and interest or any part thereof, and the sums insured exceed the indemnity allowed by this Act, the assured is said to be over-insured by double insurance. ^{Double insurance.}

(2) Where the assured is over-insured by double insurance,—

- (a) the assured, unless the policy otherwise provides, may claim payment from the insurers in such order as he may think fit, provided that he is not entitled to receive any sum in excess of the indemnity allowed by this Act;
- (b) where the policy under which the assured claims is a valued policy, the assured must give credit as against the valuation for any sum received by him under any other policy without regard to the actual value of the subject-matter insured;
- (c) where the policy under which the assured claims is an unvalued policy, he must give credit, as against the full insurable value, for any sum received by him under any other policy;
- (d) where the assured receives any sum in excess of the indemnity allowed by this Act, he is deemed to hold such sum in trust for the insurers, according to their right of contribution among themselves.

Warranties, etc.

34.—(1) A warranty, in the following sections relating to warranties, means a promissory warranty, that is to say, a warranty by which the assured undertakes that some particular thing shall or shall not be done, or that some condition shall be fulfilled, or whereby he affirms or negatives the existence of a particular state of facts. ^{Nature of warranty.}

(2) A warranty may be express or implied.

(3) A warranty, as above defined, is a condition which must be exactly complied with, whether it be material to the risk or not. If it be not so complied with, then, subject to any express provision in the policy, the insurer is discharged from liability as from the date of the breach of warranty, but without prejudice to any liability incurred by him before that date.

When breach
of warranty
excused.

35.—(1) Non-compliance with a warranty is excused when, by reason of a change of circumstances, the warranty ceases to be applicable to the circumstances of the contract, or when compliance with the warranty is rendered unlawful by any subsequent law.

(2) Where a warranty is broken, the assured cannot avail himself of the defence that the breach has been remedied and the warranty complied with before loss.

(3) A breach of warranty may be waived by the insurer.

Express
warranties.

36.—(1) An express warranty may be in any form of words from which the intention to warrant is to be inferred.

(2) An express warranty must be included in or written upon the policy, or must be contained in some document incorporated by reference into the policy.

(3) An express warranty does not exclude an implied warranty, unless it be inconsistent therewith.

Warranty of
neutrality.

37.—(1) Where insurable property, whether ship or goods, is expressly warranted "neutral," there is an implied condition that the property shall have a neutral character at the commencement of the risk, and that, so far as the assured can control the matter, its neutral character shall be preserved during the risk.

(2) Where a ship is expressly warranted "neutral," there is also an implied condition that, so far as the assured can control the matter, she shall be properly documented, that is to say, that she shall carry the necessary papers to establish her neutrality, and that she shall not falsify or suppress her papers or use simulated papers. If any loss occurs through breach of this condition, the insurer may avoid the contract.

No implied
warranty of
nationality.

38. There is no implied warranty as to the nationality of a ship or that her nationality shall not be changed during the risk.

Warranty of
good safety.

39. Where the subject-matter insured is warranted "well" or "in good safety" on a particular day, it is sufficient if it be safe at any time during that day.

40.—(1) In the voyage policy there is an implied warranty that at the commencement of the voyage the ship shall be seaworthy for the purpose of the particular adventure insured. Warranty of seaworthiness of ship.

(2) Where the policy attaches while the ship is in port, there is also an implied warranty that she shall at the commencement of the risk be reasonably fit to encounter the ordinary perils of the port.

(3) Where the policy relates to a voyage which is performed in different stages, during which the ship requires different kinds of or further preparation or equipment, there is an implied warranty that at the commencement of each stage the ship is seaworthy in respect of such preparation or equipment for the purposes of that stage.

(4) A ship is deemed to be seaworthy when she is reasonably fit in all respects to encounter the ordinary perils of the seas of the adventure insured.

(5) In a time policy there is no implied warranty that the ship shall be seaworthy at any stage of the adventure, but where, with the privity of the assured, the ship is sent to sea in an unseaworthy state, the insurer is not liable for any loss attributable to unseaworthiness.

41.—(1) In a policy on goods or other movables there is no implied warranty that the goods or movables are seaworthy. No implied warranty that goods are seaworthy.

(2) In a voyage policy on goods or other movables there is an implied warranty that at the commencement of the voyage the ship is not only seaworthy as a ship, but also that she is reasonably fit to carry the goods or other movables to the destination contemplated by the policy.

42. There is an implied warranty that the adventure insured is a lawful one, and that, so far as the assured can control the matter, the adventure shall be carried out in a lawful manner. Warranty of legality.

The Voyage

43.—(1) Where the subject-matter is insured by a voyage policy "at and from" or "from" a particular place, it is not necessary that the ship should be at that place when the contract is concluded, but there is an implied condition that the adventure shall be commenced within a reasonable time, and that if the adventure be not so commenced the insurer may avoid the contract. Implied condition as to commencement of risk.

(2) The implied condition may be negatived by showing that the delay was caused by circumstances known to the insurer before the contract was concluded, or by showing that he waived the condition.

Alteration of
port of
departure.

44. Where the place of departure is specified by the policy, and the ship, instead of sailing from that place, sails from any other place, the risk does not attach.

Sailing for
different
destination.

45. Where the destination is specified in the policy, and the ship, instead of sailing for that destination, sails for any other destination, the risk does not attach.

Change of
voyage.

46.—(1) Where, after the commencement of the risk, the destination of the ship is voluntarily changed from the destination contemplated by the policy, there is said to be a change of voyage.

(2) Unless the policy otherwise provides, where there is a change of voyage, the insurer is discharged from liability as from the time of change, that is to say, as from the time when the determination to change it is manifested; and it is immaterial that the ship may not in fact have left the course of voyage contemplated by the policy when the loss occurs.

Deviation.

47.—(1) Where a ship, without lawful excuse, deviates from the voyage contemplated by the policy, the insurer is discharged from liability as from the time of deviation, and it is immaterial that the ship may have regained her route before any loss occurs.

(2) There is a deviation from the voyage contemplated by the policy,—

- (a) where the course of the voyage is specially designated by the policy and that course is departed from; or
- (b) where the course of the voyage is not specifically designated by the policy, but the usual and customary course is departed from.

(3) The intention to deviate is immaterial; there must be a deviation in fact to discharge the insurer from his liability under the contract.

Several ports
of discharge.

48.—(1) Where several ports of discharge are specified by the policy, the ship may proceed to all or any of them, but, in the absence of any usage or sufficient cause to the contrary, she must proceed to them, or such of them as she goes to, in the order designated by the policy. If she does not there is a deviation.

(2) Where the policy is to "ports of discharge," within a given area, which are not named, the ship must, in the absence of any usage or sufficient cause to the contrary, proceed to them, or such of them as she goes to, in their geographical order. If she does not there is a deviation.

49. In the case of a voyage policy, the adventure insured must be prosecuted throughout its course with reasonable dispatch, and, if without lawful excuse it is not so prosecuted, the insurer is discharged from liability as from the time when the delay became unreasonable. Delay in voyage.

50.—(1) Deviation or delay in prosecuting the voyage contemplated by the policy is excused,— Excuses for deviation or delay.

- (a) where authorized by any special term in the policy; or
- (b) where caused by circumstances beyond the control of the master and his employer; or
- (c) where reasonably necessary in order to comply with an express or implied warranty; or
- (d) where reasonably necessary for the safety of the ship or subject-matter insured; or
- (e) for the purpose of saving human life, or aiding a ship in distress where human life may be in danger; or
- (f) where reasonably necessary for the purpose of obtaining medical or surgical aid for any person on board the ship; or
- (g) where caused by the barratrous conduct of the master or crew, if barratry be one of the perils insured against.

(2) When the cause excusing the deviation or delay ceases to operate, the ship must resume her course and prosecute her voyage with reasonable dispatch.

Assignment of Policy

51.—(1) A marine policy is assignable unless it contains terms expressly prohibiting assignment. It may be assigned either before or after loss. When and how policy is assignable.

(2) Where a marine policy has been assigned so as to pass the beneficial interest in such policy, the assignee of the policy is entitled to sue thereon in his own name; and the defendant is entitled to make any defence arising out of the contract which he would have been entitled to make if the action had been brought in the name of the person by or on behalf of whom the policy was effected.

(3) A marine policy may be assigned by endorsement thereon or in other customary manner.

Assured who has no interest cannot assign.

52. Where the assured has parted with or lost his interest in the subject-matter insured, and has not, before or at the time of so doing, expressly or impliedly agreed to assign the policy, any subsequent assignment of the policy is inoperative;

Provided that nothing in this section affects the assignment of a policy after loss.

The Premium

When premium payable.

53. Unless otherwise agreed, the duty of the assured or his agent to pay the premium, and the duty of the insurer to issue the policy to the assured or his agent, are concurrent conditions, and the insurer is not bound to issue the policy until payment or tender of the premium.

Policy effected through broker.

54.—(1) Unless otherwise agreed, where a marine policy is effected on behalf of the assured by a broker, the broker is directly responsible to the insurer for the premium, and the insurer is directly responsible to the assured for the amount which may be payable in respect of losses or in respect of returnable premium.

(2) Unless otherwise agreed, the broker has, as against the assured, a lien upon the policy for the amount of the premium and his charges in respect of effecting the policy; and, where he has dealt with the person who employs him as a principal, he has also a lien on the policy in respect of any balance on any insurance account which may be due to him from such person, unless when the debt was incurred he had reason to believe that such person was only an agent.

Effect of receipt on policy.

55. Where a marine policy effected on behalf of the assured by a broker acknowledges the receipt of the premium, such acknowledgment is, in the absence of fraud, conclusive as between the insurer and the assured, but not as between the insurer and broker.

Loss and Abandonment

Included and excluded losses.

56.—(1) Subject to the provisions of this Act, and unless the policy otherwise provides, the insurer is liable for any loss proximately caused by a peril insured against, but, subject as aforesaid, he is not liable for any loss which is not proximately caused by a peril insured against.

(2) In particular,—

(a) The insurer is not liable for any loss attributable to the wilful misconduct of the assured, but, unless the policy otherwise provides, he is liable for any loss proximately caused by a peril insured against, even

SECTIONS 53, 54 and 55 deal with premium and it is important to note that where a policy has been effected through a broker the assured is liable directly to the broker for the premium, the broker is directly responsible to the insurer for the premium and the insurer is directly responsible to the assured for loss or returnable premium. It will be noted also that the broker maintains a lien on the policy. See O'Keefe and Lynch of Canada Limited vs. Toronto Insurance (1926) 59 O.L.R. 235, where it was held that Ontario law must look to the British common law as of 1792, and failing proof, the foregoing rule would not apply.

SECTION 56 is self-explanatory but is a vitally important Section.

SECTIONS 57, 58, 59, 60 and 61. It will be noted that there is an actual total loss when the subject matter insured ceases to be a thing of the kind insured or where the assured is irretrievably deprived thereof, while a constructive total loss is one where the cost of restoring the subject matter to its insured condition would exceed its insured value. These Sections are vitally important.

though the loss would not have happened but for the misconduct or negligence of the master or crew;

- (b) Unless the policy otherwise provides, the insurer on ship or goods is not liable for any loss proximately caused by delay, although the delay be caused by a peril insured against;
- (c) Unless the policy otherwise provides, the insurer is not liable for ordinary wear and tear, ordinary leakage and breakage, inherent vice or nature of the subject-matter insured, or for any loss proximately caused by rats or vermin, or for any injury to machinery not proximately caused by maritime perils.

57.—(1) A loss may be either total or partial. Any loss ^{Partial and total loss.} other than a total loss, as hereinafter defined, is a partial loss.

(2) A total loss may be either an actual total loss or a constructive total loss.

(3) Unless a different intention appears from the terms of the policy, an insurance against total loss includes a constructive as well as an actual total loss.

(4) Where the assured brings an action for a total loss and the evidence proves only a partial loss, he may, unless the policy otherwise provides, recover for a partial loss.

(5) Where goods reach their destination in specie, but by reason of obliteration of marks, or otherwise, they are incapable of identification, the loss, if any, is partial and not total.

58.—(1) Where the subject-matter insured is destroyed, ^{Actual total loss.} or so damaged as to cease to be a thing of the kind insured, or where the assured is irretrievably deprived thereof, there is an actual total loss.

(2) In the case of an actual total loss no notice of abandonment need be given.

59. Where the ship concerned in the adventure is missing, ^{Missing ship.} and after the lapse of a reasonable time no news of her has been received, an actual total loss may be presumed.

60. Where, by a peril insured against, the voyage is interrupted at an intermediate port or place under such circumstances as, apart from any special stipulation in the contract of affreightment, to justify the master in landing and reshipping the goods or other movables, or in transhipping them, and sending them on to their destination, the liability of the ^{Effect of transshipment, etc.}

insurer continues, notwithstanding the landing or transshipment.

Constructive
total loss
defined.

61.—(1) Subject to any express provision in the policy, there is a constructive total loss where the subject-matter insured is reasonably abandoned on account of its actual total loss appearing to be unavoidable, or because it could not be preserved from actual total loss without an expenditure which would exceed its value when the expenditure had been incurred.

(2) In particular, there is a constructive total loss,—

- (a) where the assured is deprived of the possession of his ship or goods by a peril insured against, and
 - (i) it is unlikely that he can recover the ship or goods, as the case may be, or
 - (ii) the cost of recovering the ship or goods, as the case may be, would exceed their value when recovered; or
- (b) in the case of damage to a ship, where she is so damaged by a peril insured against that the cost of repairing the damage would exceed the value of the ship when repaired.

In estimating the cost of repairs, no deduction is to be made in respect of general average contributions to those repairs payable by other interests, but account is to be taken of the expense of future salvage operations and of any future general average contributions to which the ship would be liable if repaired; or

- (c) in the case of damage to goods, where the cost of repairing the damage and forwarding the goods to their destination would exceed their value on arrival.

Effect of
constructive
total loss.

62. Where there is a constructive total loss, the assured may either treat the loss as a partial loss or abandon the subject-matter insured to the insurer and treat the loss as if it were an actual total loss.

Notice of
abandon-
ment.

63.—(1) Subject to the provisions of this section, where the assured elects to abandon the subject-matter insured to the insurer, he must give notice of abandonment. If he fails to do so the loss can only be treated as a partial loss.

(2) Notice of abandonment may be given in writing or by word of mouth, or partly in writing and partly by word of

SECTIONS 62 and 63 are extremely important particularly where it is provided that where notice of abandonment is accepted the abandonment is irrevocable. This is apparently a change from the common law, but it was designed to bring British law into line with that of the United States. This is particularly desirable as in a great many cases the same risk will be covered by policies by both British and United States companies.

SECTIONS 65, 66 and 67. A general average loss is one where there is an extraordinary and voluntary sacrifice or expenditure of one interest involved in the joint adventure in time of peril for the joint benefit of all. In such a case all the interests are valued and the owner of the goods so sacrificed has the loss made good to him in general average. A particular average loss is one where the particular interest damaged must bear its own loss. For example, if the vessel is carrying deck load and part of it is washed overboard in a storm the owner of the goods lost must bear the loss himself, as that was one of the necessary risks. On the other hand, if the master voluntarily decides to throw deck cargo overboard for the safety of the whole adventure, then the owner of the goods so sacrificed is recouped in general average. Similarly if there is a fire in the cargo hold the owner of the goods damaged by fire must bear his own loss as that is particular average, but goods damaged by water put into the hold to extinguish fire come within general average. Similarly, if a vessel strands, the physical damage she has suffered thereby is particular average and must be borne by the ship, but the cost of releasing her from peril and taking her to a place of safety together with her cargo is general average.

Salvage means the rescue in peril of property involved in maritime adventure.

General average adjustments are made in accordance with the law of the place of destination and at the present time there are practically no Ontario cases dealing with general average, and although these are matters of almost daily occurrence, the law applicable is the common law of England as introduced into Ontario in 1792.

It is most desirable that these Sections become the law of this Province as they clearly express the common law of England, and it is almost impossible to find the necessary authorities to establish the common law of England which was applied in Ontario in 1792.

mouth, and may be given in any terms which indicate the intention of the assured to abandon his insured interest in the subject-matter insured unconditionally to the insurer.

(3) Notice of abandonment must be given with reasonable diligence after the receipt of reliable information of the loss, but where the information is of a doubtful character the assured is entitled to a reasonable time to make inquiry.

(4) Where notice of abandonment is properly given, the rights of the assured are not prejudiced by the fact that the insurer refuses to accept the abandonment.

(5) The acceptance of an abandonment may be either express or implied from the conduct of the insurer. The mere silence of the insurer after notice is not an acceptance.

(6) Where notice of abandonment is accepted the abandonment is irrevocable. The acceptance of the notice conclusively admits liability for the loss and the sufficiency of the notice.

(7) Notice of abandonment is unnecessary where, at the time when the assured receives information of the loss, there would be no possibility of benefit to the insurer if notice were given to him.

(8) Notice of abandonment may be waived by the insurer.

(9) Where an insurer has re-insured his risk, no notice of abandonment need be given by him.

64.—(1) Where there is a valid abandonment, the insurer is entitled to take over the interest of the assured in whatever may remain of the subject-matter insured and all proprietary rights incidental thereto. Effect of abandonment.

(2) Upon the abandonment of a ship, the insurer thereof is entitled to any freight in course of being earned, and which is earned by her subsequent to the casualty causing the loss, less the expenses of earning it incurred after the casualty; and, where the ship is carrying the owner's goods, the insurer is entitled to a reasonable remuneration for the carriage of them subsequent to the casualty causing the loss.

Partial Losses (including Salvage and General Average and Particular Charges).

65.—(1) A particular average loss is a partial loss of the subject-matter insured, caused by a peril insured against, and which is not a general average loss. Particular average loss.

(2) Expenses incurred by or on behalf of the assured for the safety or preservation of the subject-matter insured, other than general average and salvage charges, are called particular charges. Particular charges are not included in particular average.

Salvage charges.

66.—(1) Subject to any express provision in the policy, salvage charges incurred in preventing a loss by perils insured against may be recovered as a loss by those perils.

(2) "Salvage charges" means the charges recoverable under maritime law by a salvor independently of contract. They do not include the expenses of services in the nature of salvage rendered by the assured or his agents, or any person employed for hire by them, for the purpose of averting a peril insured against. Such expenses, where properly incurred, may be recovered as particular charges or as a general average loss, according to the circumstances under which they were incurred.

General average loss.

67.—(1) A general average loss is a loss caused by or directly consequential on a general average act. It includes a general average expenditure as well as a general average sacrifice.

(2) There is a general average act where any extraordinary sacrifice or expenditure is voluntarily and reasonably made or incurred in time of peril for the purpose of preserving the property imperilled in the common adventure.

(3) Where there is a general average loss, the party on whom it falls is entitled, subject to the conditions imposed by maritime law, to a rateable contribution from the other parties interested, and such contribution is called a general average contribution.

(4) Subject to any express provision in the policy, where the assured has incurred a general average expenditure, he may recover from the insurer in respect of the proportion of the loss which falls upon him; and, in the case of a general average sacrifice, he may recover from the insurer in respect of the whole loss without having enforced his right of contribution from the other parties liable to contribute.

(5) Subject to any express provision in the policy, where the assured has paid, or is liable to pay, a general average contribution in respect of the subject insured, he may recover therefor from the insurer.

(6) In the absence of express stipulation, the insurer is not liable for any general average loss or contribution where the loss was not incurred for the purpose of avoiding, or in connection with the avoidance of, a peril insured against.

(7) Where ship, freight, and cargo, or any two of those interests, are owned by the same assured, the liability of the insurer in respect of general average losses or contributions is to be determined as if those subjects were owned by different persons.

Measure of Indemnity.

68.—(1) The sum which the assured can recover in respect of a loss on a policy by which he is insured, in the case of an unvalued policy to the full extent of the insurable value, or in the case of a valued policy to the full extent of the value fixed by the policy, is called the measure of indemnity. Extent of liability of insurer for loss.

(2) Where there is a loss recoverable under the policy, the insurer, or each insurer if there be more than one, is liable for such proportion of the measure of indemnity as the amount of his subscription bears to the value fixed by the policy in the case of a valued policy, or to the insurable value in the case of an unvalued policy.

69. Subject to the provisions of this Act and to any express provision in the policy, where there is a total loss of the subject-matter insured,— Total loss.

- (a) if the policy be a valued policy, the measure of indemnity is the sum fixed by the policy;
- (b) if the policy be an unvalued policy, the measure of indemnity is the insurable value of the subject-matter insured.

70. Where a ship is damaged, but is not totally lost, the measure of indemnity, subject to any express provision in the policy, is as follows: Partial loss of ship.

- (1) Where the ship has been repaired, the assured is entitled to the reasonable cost of the repairs, less the customary deductions, but not exceeding the sum insured in respect of any one casualty;
- (2) Where the ship has been only partially repaired, the assured is entitled to the reasonable cost of such repairs, computed as above, and also to be indemnified for the reasonable depreciation, if any, arising from the unrepaired damage, provided that the aggregate amount shall not exceed the cost of repairing the whole damage, computed as above;
- (3) Where the ship has not been repaired and has not been sold in her damaged state during the risk, the

assured is entitled to be indemnified for the reasonable depreciation arising from the unrepaired damage, but not exceeding the reasonable cost of repairing such damage, computed as above.

Partial loss
of freight.

71. Subject to any express provision in the policy, where there is a partial loss of freight, the measure of indemnity is such proportion of the sum fixed by the policy in the case of a valued policy, or of the insurable value in the case of an unvalued policy, as the proportion of freight lost by the assured bears to the whole freight at the risk of the assured under the policy.

Partial loss
of goods,
merchandise,
etc.

72. Where there is a partial loss of goods, merchandise, or other movables, the measure of indemnity, subject to any express provision in the policy, is as follows:

- (1) Where part of the goods, merchandise, or other movables insured by a valued policy is totally lost, the measure of indemnity is such proportion of the sum fixed by the policy as the insurable value of the part lost bears to the insurable value of the whole, ascertained as in the case of an unvalued policy;
- (2) Where part of the goods, merchandise, or other movables insured by an unvalued policy is totally lost, the measure of indemnity is the insurable value of the part lost, ascertained as in case of total loss;
- (3) Where the whole or any part of the goods or merchandise insured has been delivered damaged at its destination, the measure of indemnity is such proportion of the sum fixed by the policy in the case of a valued policy, or of the insurable value in the case of an unvalued policy, as the difference between the gross sound and damaged values at the place of arrival bears to the gross sound value;
- (4) "Gross value" means the wholesale price or, if there be no such price, the estimated value, with, in either case, freight, landing charges, and duty paid beforehand; provided that, in the case of goods or merchandise customarily sold in bond, the bonded price is deemed to be the gross value. "Gross proceeds" means the actual price obtained at a sale where all charges on sale are paid by the sellers.

Apportion-
ment of
valuation.

73.—(1) Where different species of property are insured under a single valuation, the valuation must be apportioned over the different species in proportion to their respective insurable values, as in the case of an unvalued policy. The

insured value of any part of a species is such proportion of the total insured value of the same as the insurable value of the part bears to the insurable value of the whole, ascertained in both cases as provided by this Act.

(2) Where a valuation has to be apportioned and particulars of the prime cost of each separate species, quality, or description of goods cannot be ascertained, the division of the valuation may be made over the net arrived sound values of the different species, qualities, or descriptions of goods

74.—(1) Subject to any express provision in the policy, where the assured has paid, or is liable for, any general average contribution, the measure of indemnity is the full amount of such contribution, if the subject-matter liable to contribution is insured for its full contributory value; but, if such subject-matter be not insured for its full contributory value, or if only part of it be insured, the indemnity payable by the insurer must be reduced in proportion to the under-insurance, and where there has been a particular average loss which constitutes a deduction from the contributory value, and for which the insurer is liable, that amount must be deducted from the insured value in order to ascertain what the insurer is liable to contribute.

General average contributions and salvage charges.

(2) Where the insurer is liable for salvage charges the extent of his liability must be determined on the like principle.

75. Where the assured has effected an insurance in express terms against any liability to a third party, the measure of indemnity, subject to any express provision in the policy, is the amount paid or payable by him to such third party in respect of such liability.

Liabilities to third parties.

76.—(1) Where there has been a loss in respect of any subject-matter not expressly provided for in the foregoing provisions of this Act, the measure of indemnity shall be ascertained, as nearly as may be, in accordance with those provisions, in so far as applicable to the particular case.

General provisions as to measure of indemnity.

(2) Nothing in the provisions of this Act relating to the measure of indemnity shall affect the rules relating to double insurance, or prohibit the insurer from disproving interest wholly or in part, or from showing that at the time of the loss the whole or any part of the subject-matter insured was not at risk under the policy.

77.—(1) Where the subject-matter insured is warranted free from particular average, the assured cannot recover for a loss of part, other than a loss incurred by a general average sacrifice, unless the contract contained in the policy may be

Particular average warranties.

apportionable; but, if the contract be apportionable, the assured may recover for a total loss of any apportionable part.

(2) Where the subject-matter insured is warranted free from particular average, either wholly or under a certain percentage, the insurer is nevertheless liable for salvage charges, and for particular charges and other expenses properly incurred pursuant to the provisions of the suing and labouring clause in order to avert a loss insured against.

(3) Unless the policy otherwise provides, where the subject-matter insured is warranted free from particular average under a specified percentage, a general average loss cannot be added to a particular average loss to make up the specified percentage.

(4) For the purpose of ascertaining whether the specified percentage has been reached, regard shall be had only to the actual loss suffered by the subject-matter insured. Particular charges and the expenses of and incidental to ascertaining and proving the loss must be excluded.

Successive
losses.

78.—(1) Unless the policy otherwise provides and subject to the provisions of this Act, the insurer is liable for successive losses, even though the total amount of such losses may exceed the sum insured.

(2) Where, under the same policy, a partial loss which has not been repaired or otherwise made good is followed by a total loss, the assured can only recover in respect of the total loss;

Provided that nothing in this section shall affect the liability of the insurer under the suing and labouring clause.

Suing and
labouring
clause.

79.—(1) Where the policy contains a suing and labouring clause, the engagement thereby entered into is deemed to be supplementary to the contract of insurance, and the assured may recover from the insurer any expenses properly incurred pursuant to the clause, notwithstanding that the insurer may have paid for a total loss, or that the subject-matter may have been warranted free from particular average, either wholly or under a certain percentage.

(2) General average losses and contributions and salvage charges as defined by this Act are not recoverable under the suing and labouring clause.

(3) Expenses incurred for the purpose of averting or diminishing any loss not covered by the policy are not recoverable under the suing and labouring clause.

SECTION 79 is vitally important. This clause in its usual terms will be found in the First Schedule to the Statute—"and in case of any loss or misfortune it shall be lawful to the assured, their factors, servants and assigns, to sue, labour, and travel for, in and about the defence, safeguards, and recovery of the said goods, etc." The purpose of this clause is obvious to enable the insured to take the necessary steps for the protection of the insurer's interest as well as his own without getting specific approval.

It will be observed that in some cases sue and labour charges may bring the insurer's liability to more than the face value of the policy.

Many policies of insurance other than marine contain a sue and labour clause but there is very little law on the subject applicable in Ontario and such a Section is highly desirable.

(4) It is the duty of the assured and his agents in all cases to take such measures as may be reasonable for the purpose of averting or minimizing a loss.

Rights of Insurer on Payment

80.—(1) Where the insurer pays for a total loss, either of the whole or, in the case of goods, of any apportionable part of the subject-matter insured, he thereupon becomes entitled to take over the interest of the assured in whatever may remain of the subject-matter so paid for, and he is thereby subrogated to all the rights and remedies of the assured in and in respect of that subject-matter as from the time of the casualty causing the loss. Right of subrogation

(2) Subject to the foregoing provisions, where the insurer pays for a partial loss, he acquires no title to the subject-matter insured, or such part of it as may remain, but he is thereupon subrogated to all rights and remedies of the assured in and in respect of the subject-matter insured as from the time of the casualty causing the loss, in so far as the assured has been indemnified, according to this Act, by such payment for the loss.

81.—(1) Where the assured is over-insured by double insurance, each insurer is bound, as between himself and the other insurers, to contribute rateably to the loss in proportion to the amount for which he is liable under his contract. Right of contribution

(2) If any insurer pays more than his proportion of the loss, he is entitled to maintain an action for contribution against the other insurers, and is entitled to the like remedies as a surety who has paid more than his proportion of the debt.

82. Where the assured is insured for an amount less than the insurable value or, in the case of a valued policy, for an amount less than the policy valuation, he is deemed to be his own insurer in respect of the uninsured balance. Effect of under-insurance.

Return of Premium

83. Where the premium, or a proportionate part thereof, is by this Act declared to be returnable,— Enforcement of return.

- (a) If already paid, it may be recovered by the assured from the insurer; and
- (b) if unpaid, it may be retained by the assured or his agent.

Return by
agreement.

84. Where the policy contains a stipulation for the return of the premium, or a proportionate part thereof, on the happening of a certain event, and that event happens, the premium, or, as the case may be, the proportionate part thereof, is thereupon returnable to the assured.

Return for
failure of
considera-
tion.

85.—(1) Where the consideration for the payment of the premium totally fails, and there has been no fraud or illegality on the part of the assured or his agents, the premium is thereupon returnable to the assured.

(2) Where the consideration for the payment of the premium is apportionable and there is a total failure of any apportionable part of the consideration, a proportionate part of the premium is, under the like conditions, thereupon returnable to the assured.

(3) In particular,—

(a) where the policy is void, or is avoided by the insurer as from the commencement of the risk, the premium is returnable, provided that there has been no fraud or illegality on the part of the assured; but if the risk is not apportionable, and has once attached, the premium is not returnable;

(b) where the subject-matter insured, or part thereof, has never been imperilled, the premium, or, as the case may be, a proportionate part thereof, is returnable;

Provided that where the subject-matter has been insured “lost or not lost” and has arrived in safety at the time when the contract is concluded, the premium is not returnable unless at such time the insurer knew of the safe arrival;

(c) where the assured has no insurable interest throughout the currency of the risk, the premium is returnable, provided that this rule does not apply to a policy effected by way of gaming or wagering;

(d) where the assured has a defeasible interest which is terminated during the currency of the risk, the premium is not returnable;

(e) where the assured has over-insured under an unvalued policy, a proportionate part of the premium is returnable;

(f) subject to the foregoing provisions, where the assured has over-insured by double insurance, a proportionate part of the several premiums is returnable;

SECTION 86. This is not common in Canada. In England there are a number of mutual associations writing protection and indemnity (third party liability generally), but when Canadian companies insure with them they do not, as a general rule, become members of the Association but obtain ordinary policies from them at a specific rate.

SECTION 90. The Statute is not a complete codification and it is designed so that reference can be had to the common law.

Provided that, if the policies are effected at different times, and any earlier policy has at any time borne the entire risk, or if a claim has been paid on the policy in respect of the full sum insured thereby, no premium is returnable in respect of that policy, and when the double insurance is effected knowingly by the assured no premium is returnable.

Mutual Insurance

86.—(1) Where two or more persons mutually agree to insure each other against marine losses there is said to be a mutual insurance. Modification of Act in case of mutual insurance.

(2) The provisions of this Act relating to the premium do not apply to mutual insurance, but a guarantee, or such other arrangement as may be agreed upon, may be substituted for the premium.

(3) The provisions of this Act, in so far as they may be modified by the agreement of the parties, may in the case of mutual insurance be modified by the terms of the policies issued by the association or by the rules and regulations of the association.

(4) Subject to the exceptions mentioned in this section, the provisions of this Act apply to a mutual insurance.

Supplemental

87. Where a contract of marine insurance is in good faith effected by one person on behalf of another, the person on whose behalf it is effected may ratify the contract even after he is aware of a loss. Ratification by assured.

88.—(1) Where any right, duty, or liability would arise under a contract of marine insurance by implication of law, it may be negatived or varied by express agreement, or by usage, if the usage be such as to bind both parties to the contract. Implied obligations varied by agreement or usage.

(2) The provisions of this section extend to any right, duty, or liability declared by this Act which may be lawfully modified by agreement.

89. Where by this Act any reference is made to reasonable time, reasonable premium, or reasonable diligence, the question what is reasonable is a question of fact. Reasonable time, etc., a question of fact.

90. The rules of the common law, including the law merchant, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to contracts of marine insurance. Rules of common law saved.

91. This Act may be cited as *The Marine Insurance Act*, Short title. 1946.

N.B.—Corn, fish, salt, fruit, flour, and seed are warranted free from average, unless general, or the ship be stranded; sugar, tobacco, hemp, flax, hides and skins are warranted free from average, under five pounds per centum; and all other goods, also the ship and freight, are warranted

free from average, under three pounds per centum, unless general, or the ship be stranded.

Rules for Construction of Policy.

The following are the rules referred to by this Act for the construction of a policy in the above or other like form, where the context does not otherwise require:

1. Where the subject-matter is insured "lost or not lost" and the ^{Lost or} loss has occurred before the contract is concluded, the risk attaches, unless ^{not lost.} at such time the assured was aware of the loss, and the insurer was not.

2. Where the subject-matter is insured "from" a particular place, the ^{From.} risk does not attach until the ship starts on the voyage insured.

3. (a) Where a ship is insured "at and from" a particular place, and ^{At and from.} she is at that place in good safety when the contract is concluded, the risk attaches immediately.

(b) If she be not at that place when the contract is concluded, the ^(Ship.) risk attaches as soon as she arrives there in good safety, and, unless the policy otherwise provides, it is immaterial that she is covered by another policy for a specified time after arrival.

(c) Where chartered freight is insured "at and from" a particular ^(Freight.) place, and the ship is at that place in good safety when the contract is concluded, the risk attaches immediately. If she be not there when the contract is concluded, the risk attaches as soon as she arrives there in good safety.

(d) Where freight, other than chartered freight, is payable without special conditions and is insured "at and from" a particular place, the risk attaches pro rata as the goods or merchandise are shipped; provided that if there be cargo in readiness which belongs to the ship-owner, or which some other person has contracted with him to ship, the risk attaches as soon as the ship is ready to receive such cargo.

4. Where goods or other movables are insured "from the loading ^{From the} thereof," the risk does not attach until such goods or movables are actually ^{loading} on board, and the insurer is not liable for them while in transit from the ^{thereof.} shore to the ship.

5. Where the risk on goods or other movables continues until they are ^{Safely} "safely landed," they must be landed in the customary manner and within ^{landed.} a reasonable time after arrival at the port of discharge, and if they are not so landed the risk ceases.

6. In the absence of any further licence or usage, the liberty to touch ^{Touch and} and stay "at any port or place whatsoever" does not authorize the ship ^{stay.} to depart from the course of her voyage from the port of departure to the port of destination.

7. The term "perils of the seas" refers only to fortuitous accidents ^{Perils of} or casualties of the seas. It does not include the ordinary action of the ^{the seas.} winds and waves.

8. The term "pirates" includes passengers who mutiny and rioters who ^{Pirates.} attack the ship from the shore.

9. The term "thieves" does not cover clandestine theft or a theft ^{Thieves.} committed by any one of the ship's company, whether crew or passengers.

10. The term "arrests, etc., of kings, princes, and people" refers to ^{Restraint of} political or executive acts, and does not include a loss caused by riot or ^{princes.} by ordinary judicial process.

11. The term "barratry" includes every wrongful act wilfully com- ^{Barratry.} mitted by the master or crew to the prejudice of the owner, or, as the case may be, the charterer.

- All other perils. 12. The term "all other perils" includes only perils similar in kind to the perils specifically mentioned in the policy.
- Average unless general. 13. The term "average unless general" means a partial loss of the subject-matter insured other than a general average loss, and does not include "particular charges."
- Stranded. 14. Where the ship has stranded, the insurer is liable for the excepted losses, although the loss is not attributable to the stranding, provided that when the stranding takes place the risk has attached and, if the policy be on goods, that the damaged goods are on board.
- Ship. 15. The term "ship" includes the hull, materials and outfit, stores and provisions for the officers and crew, and, in the case of vessels engaged in a special trade, the ordinary fittings requisite for the trade, and also, in the case of a steamship, the machinery, boilers, and coals, oils, and engine stores, if owned by the assured.
- Freight. 16. The term "freight" includes the profit derivable by a ship-owner from the employment of his ship to carry his own goods or movables, as well as freight payable by a third party, but does not include passage-money.
- Goods. 17. The term "goods" means goods in the nature of merchandise, and does not include personal effects or provisions and stores for use on board.

In The absence of any usage to the contrary, deck cargo and living animals must be insured specifically, and not under the general denomination of goods.

MR. BLACKWELL

No. 50

2ND SESSION, 22ND LEGISLATURE, ONTARIO
10 GEORGE VI, 1946

BILL

An Act respecting Marine Insurance.

MR. BLACKWELL

TORONTO
PRINTED BY T. E. BOWMAN
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

BILL

An Act respecting Marine Insurance.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Interpretation.

1. In this Act, unless the context otherwise requires,—

Expressions
interpreted.

- (a) "action" includes counterclaim and set-off;
- (b) "freight" includes the profit derivable by a ship-owner from the employment of his ship to carry his own goods or movables, as well as freight payable by a third party, but does not include passage-money;
- (c) "movables" means any movable tangible property, other than the ship, and includes money, valuable securities, and other documents;
- (d) "policy" means a marine policy.

2. A contract of marine insurance is a contract whereby the insurer undertakes to indemnify the assured, in manner and to the extent thereby agreed, against marine losses, that is to say, the losses incident to marine adventure.

Marine
insurance
defined.

3.—(1) A contract of marine insurance may, by its express terms or by usage of trade, be extended so as to protect the assured against losses on inland waters or on any land risk which may be incidental to any sea voyage.

Mixed sea
and land
risks.

(2) Where a ship in course of building, or the launch of a ship, or any adventure analogous to a marine adventure, is covered by a policy in the form of a marine policy, the provisions of this Act, in so far as applicable, shall apply thereto; but, except as by this section provided, nothing in this Act shall alter or affect any rule of law applicable to any contract

of insurance other than a contract of marine insurance as by this Act defined.

Marine
adventure
and mari-
time perils
defined.

4.—(1) Subject to the provisions of this Act, every lawful marine adventure may be the subject of a contract of marine insurance.

(2) In particular there is a marine adventure where,—

- (a) any ship, goods, or other movables are exposed to maritime perils. Such property is in this Act referred to as “insurable property”;
- (b) the earning or acquisition of any freight, passage-money, commission, profit, or other pecuniary benefit, or the security for any advances, loan, or disbursements, is endangered by the exposure of insurable property to maritime perils;
- (c) any liability to a third party may be incurred by the owner of, or other person interested in or responsible for, insurable property by reason of maritime perils.

(3) “Maritime perils” means the perils consequent on or incidental to the navigation of the sea, that is to say, perils of the seas, fire, war perils, pirates, rovers, thieves, captures, seizures, restraints, and detainments of princes and peoples, jettisons, barratry, and any other perils, either of the like kind or which may be designated by the policy.

Insurable Interest.

Avoidance of
wagering or
gaming
contracts.

5.—(1) Every contract of marine insurance by way of gaming or wagering is void.

(2) A contract of marine insurance is deemed to be a gaming or wagering contract,—

- (a) where the assured has not an insurable interest as defined by this Act, and the contract is entered into with no expectation of acquiring such an interest; or
- (b) where the policy is made “interest or no interest,” or “without further proof of interest than the policy itself,” or “without benefit of salvage to the insurer,” or subject to any other like term;

Provided that where there is no possibility of salvage a policy may be effected without benefit of salvage to the insurer.

6.—(1) Subject to the provisions of this Act, every person has an insurable interest who is interested in a marine adventure. Insurable interest defined.

(2) In particular a person is interested in a marine adventure where he stands in any legal or equitable relation to the adventure or to any insurable property at risk therein, in consequence of which he may benefit by the safety or due arrival of insurable property, or may be prejudiced by its loss or by damage thereto or by the detention thereof, or may incur liability in respect thereof.

7.—(1) The assured must be interested in the subject-matter insured at the time of the loss though he need not be interested when the insurance is effected; When interest must attach.

Provided that where the subject-matter is insured "lost or not lost," the assured may recover although he may not have acquired his interest until after the loss, unless at the time of effecting the contract of insurance the assured was aware of the loss and the insurer was not.

(2) Where the assured has no interest at the time of the loss, he cannot acquire interest by any act or election after he is aware of the loss.

8.—(1) A defeasible interest is insurable, as also is a contingent interest. Defeasible or contingent interest.

(2) In particular, where the buyer of goods has insured them, he has an insurable interest, notwithstanding that he might, at his election, have rejected the goods, or have treated them as at the seller's risk, by reason of the latter's delay in making delivery or otherwise.

9. A partial interest of any nature is insurable.

Partial interest.

10.—(1) The insurer under a contract of marine insurance has an insurable interest in his risk and may re-insure in respect of it. Re-insurance.

(2) Unless the policy otherwise provides, the original assured has no right or interest in respect of such reinsurance.

11. The lender of money on bottomry or respondentia has an insurable interest in respect of the loan. Bottomry.

12. The master or any member of the crew of a ship has an insurable interest in respect of his wages. Master's and seamen's wages.

13. In the case of advance freight, the person advancing Advance freight.

the freight has an insurable interest, in so far as such freight is not repayable in case of loss.

Charges of insurance.

14. The assured has an insurable interest in the charges of any insurance which he may effect.

Quantum of interest.

15.—(1) Where the subject-matter insured is mortgaged, the mortgagor has an insurable interest in the full value thereof, and the mortgagee has an insurable interest in respect of any sum due or to become due under the mortgage.

(2) A mortgagee, consignee, or other person having an interest in the subject-matter insured may insure on behalf and for the benefit of other persons interested as well as for his own benefit.

(3) The owner of insurable property has an insurable interest in respect of the full value thereof, notwithstanding that some third person may have agreed, or be liable, to indemnify him in case of loss.

Assignment of interest.

16. Where the assured assigns or otherwise parts with his interest in the subject-matter insured, he does not thereby transfer to the assignee his rights under the contract of insurance, unless there be an express or implied agreement with the assignee to that effect; but the provisions of this section do not affect a transmission of interest by operation of law.

Insurable Value.

Measure of insurable value.

17. Subject to any express provision or valuation in the policy, the insurable value of the subject-matter insured must be ascertained as follows:

- (a) In insurance on ship, the insurable value is the value, at the commencement of the risk, of the ship, including her outfit, provisions and stores for the officers and crew, money advanced for seamen's wages, and other disbursements, if any, incurred to make the ship fit for the voyage or adventure contemplated by the policy, plus the charges of insurance upon the whole.

The insurable value, in the case of a steamship, includes also the machinery, boilers, and coals, oils, and engine stores if owned by the assured, and, in the case of a ship engaged in a special trade, the ordinary fittings requisite for that trade;

- (b) In insurance on freight, whether paid in advance or otherwise, the insurable value is the gross amount of

the freight at the risk of the assured, plus the charges of insurance;

- (c) In insurance on goods or merchandise, the insurable value is the prime cost of the property insured, plus the expenses of and incidental to shipping and the charges of insurance upon the whole;
- (d) In insurance on any other subject-matter, the insurable value is the amount at the risk of the assured when the policy attaches, plus the charges of insurance.

Disclosure and Representations.

18. A contract of marine insurance is a contract based upon the utmost good faith, and if the utmost good faith be not observed by either party the contract may be avoided by the other party. Insurance is
uberrimae
fidei.

19.—(1) Subject to the provisions of this section, the assured must disclose to the insurer before the contract is concluded every material circumstance which is known to the assured, and the assured is deemed to know every circumstance which in the ordinary course of business ought to be known by him. If the assured fails to make such disclosure the insurer may avoid the contract. Disclosure
by assured.

(2) Every circumstance is material which would influence the judgment of a prudent insurer in fixing the premium or determining whether he will take the risk.

(3) In the absence of inquiry the following circumstances need not be disclosed, namely,—

- (a) any circumstance which diminishes the risk;
- (b) any circumstance which is known or presumed to be known to the insurer. The insurer is presumed to know matters of common notoriety or knowledge and matters which an insurer in the ordinary course of his business, as such, ought to know;
- (c) any circumstance as to which information is waived by the insurer;
- (d) any circumstance which it is superfluous to disclose by reason of any express or implied warranty.

(4) Whether any particular circumstance which is not disclosed be material or not is in each case a question of fact.

(5) The term "circumstance" includes any communication made to or information received by the assured.

Disclosure
by agent
effecting
insurance.

20. Subject to the provisions of the preceding section as to circumstances which need not be disclosed, where an insurance is effected for the assured by an agent, the agent must disclose to the insurer,—

- (a) every material circumstance which is known to himself, and an agent to insure is deemed to know every circumstance which in the ordinary course of business ought to be known by or to have been communicated to him; and
- (b) every material circumstance which the assured is bound to disclose, unless it come to his knowledge too late to communicate it to the agent.

Representa-
tions
pending
negotiation
of contract.

21.—(1) Every material representation made by the assured or his agent to the insurer during the negotiations for the contract, and before the contract is concluded, must be true. If it be untrue the insurer may avoid the contract.

(2) A representation is material which would influence the judgment of a prudent insurer in fixing the premium or determining whether he will take the risk.

(3) A representation may be either a representation as to a matter of fact or as to a matter of expectation or belief.

(4) A representation as to a matter of fact is true if it be substantially correct, that is to say, if the difference between what is represented and what is actually correct would not be considered material by a prudent insurer.

(5) A representation as to a matter of expectation or belief is true if it be made in good faith.

(6) A representation may be withdrawn or corrected before the contract is concluded.

(7) Whether a particular representation be material or not is in each case a question of fact.

When con-
tract is
deemed to
be con-
cluded.

22. A contract of marine insurance is deemed to be concluded when the proposal of the assured is accepted by the insurer, whether the policy be then issued or not; and for the purpose of showing when the proposal was accepted, reference may be made to the slip or covering note or other customary memorandum of the contract.

The Policy

23. A contract of marine insurance is inadmissible in evidence unless it is embodied in a marine policy in accordance with this Act. The policy may be executed and issued either at the time when the contract is concluded or afterwards.

Contract must be embodied in policy.

24. A marine policy must specify,—

What policy must specify.

- (a) the name of the assured or of some person who effects the insurance on his behalf;
- (b) the subject-matter insured and the risk insured against;
- (c) the voyage or period of time, or both, as the case may be, covered by the insurance;
- (d) the sum or sums insured;
- (e) the name or names of the insurers.

25.—(1) A marine policy must be signed by or on behalf of the insurer, provided that in the case of a corporation the corporate seal may be sufficient, but nothing in this section shall be construed as requiring the subscription of a corporation to be under seal.

Signature of insurer.

(2) Where a policy is subscribed by or on behalf of two or more insurers, each subscription, unless the contrary be expressed, constitutes a distinct contract with the assured.

26. Where the contract is to insure the subject-matter at and from, or from one place to another or others, the policy is called a "voyage policy," and where the contract is to insure the subject-matter for a definite period of time the policy is called a "time policy." A contract for both voyage and time may be included in the same policy.

Voyage and time policies.

27.—(1) The subject-matter insured must be designated in a marine policy with reasonable certainty.

Designation of subject-matter.

(2) The nature and extent of the interest of the assured in the subject-matter insured need not be specified in the policy.

(3) Where the policy designates the subject-matter insured in general terms, it shall be construed to apply to the interest intended by the assured to be covered.

(4) In the application of this section regard shall be had to any usage regulating the designation of the subject-matter insured.

Valued
policy.

28.—(1) A policy may be either valued or unvalued.

(2) A valued policy is a policy which specifies the agreed value of the subject-matter insured.

(3) Subject to the provisions of this Act, and in the absence of fraud, the value fixed by the policy is, as between the insurer and assured, conclusive of the insurable value of the subject intended to be insured, whether the loss be total or partial.

(4) Unless the policy otherwise provides, the value fixed by the policy is not conclusive for the purpose of determining whether there has been a constructive total loss.

Unvalued
policy.

29. An unvalued policy is a policy which does not specify the value of the subject-matter insured, but, subject to the limit of the sum insured, leaves the insurable value to be subsequently ascertained in the manner hereinbefore specified.

Floating
policy by
ship or
ships.

30.—(1) A floating policy is a policy which describes the insurance in general terms and leaves the name of the ship or ships and other particulars to be defined by subsequent declaration.

(2) The subsequent declaration or declarations may be made by endorsement on the policy or in other customary manner.

(3) Unless the policy otherwise provides, the declarations must be made in the order of dispatch or shipment. They must, in the case of goods, comprise all consignments within the terms of the policy, and the value of the goods or other property must be honestly stated, but an omission or erroneous declaration may be rectified even after loss or arrival, provided the omission or declaration was made in good faith.

(4) Unless the policy otherwise provides, where a declaration of value is not made until after notice of loss or arrival, the policy must be treated as an unvalued policy as regards the subject-matter of that declaration.

Construc-
tion of terms
in policy.

31.—(1) A policy may be in the form in the Schedule.

(2) Subject to the provisions of this Act, and unless the context of the policy otherwise requires, the terms and expressions mentioned in the Schedule shall be construed as having the scope and meaning in the Schedule assigned to them.

Premium to
be arranged.

32.—(1) Where an insurance is effected at a premium to

be arranged, and no arrangement is made, a reasonable premium is payable.

(2) Where an insurance is effected on the terms that an additional premium is to be arranged in a given event, and that event happens but no arrangement is made, then a reasonable additional premium is payable.

Double Insurance

33.—(1) Where two or more policies are effected by or on behalf of the assured on the same adventure and interest or any part thereof, and the sums insured exceed the indemnity allowed by this Act, the assured is said to be over-insured by double insurance.

(2) Where the assured is over-insured by double insurance,—

- (a) the assured, unless the policy otherwise provides, may claim payment from the insurers in such order as he may think fit, provided that he is not entitled to receive any sum in excess of the indemnity allowed by this Act;
- (b) where the policy under which the assured claims is a valued policy, the assured must give credit as against the valuation for any sum received by him under any other policy without regard to the actual value of the subject-matter insured;
- (c) where the policy under which the assured claims is an unvalued policy, he must give credit, as against the full insurable value, for any sum received by him under any other policy;
- (d) where the assured receives any sum in excess of the indemnity allowed by this Act, he is deemed to hold such sum in trust for the insurers, according to their right of contribution among themselves.

Warranties, etc.

34.—(1) A warranty, in the following sections relating to warranties, means a promissory warranty, that is to say, a warranty by which the assured undertakes that some particular thing shall or shall not be done, or that some condition shall be fulfilled, or whereby he affirms or negatives the existence of a particular state of facts.

(2) A warranty may be express or implied.

(3) A warranty, as above defined, is a condition which must be exactly complied with, whether it be material to the risk or not. If it be not so complied with, then, subject to any express provision in the policy, the insurer is discharged from liability as from the date of the breach of warranty, but without prejudice to any liability incurred by him before that date.

When breach
of warranty
excused.

35.—(1) Non-compliance with a warranty is excused when, by reason of a change of circumstances, the warranty ceases to be applicable to the circumstances of the contract, or when compliance with the warranty is rendered unlawful by any subsequent law.

(2) Where a warranty is broken, the assured cannot avail himself of the defence that the breach has been remedied and the warranty complied with before loss.

(3) A breach of warranty may be waived by the insurer.

Express
warranties.

36.—(1) An express warranty may be in any form of words from which the intention to warrant is to be inferred.

(2) An express warranty must be included in or written upon the policy, or must be contained in some document incorporated by reference into the policy.

(3) An express warranty does not exclude an implied warranty, unless it be inconsistent therewith.

Warranty of
neutrality.

37.—(1) Where insurable property, whether ship or goods, is expressly warranted "neutral," there is an implied condition that the property shall have a neutral character at the commencement of the risk, and that, so far as the assured can control the matter, its neutral character shall be preserved during the risk.

(2) Where a ship is expressly warranted "neutral," there is also an implied condition that, so far as the assured can control the matter, she shall be properly documented, that is to say, that she shall carry the necessary papers to establish her neutrality, and that she shall not falsify or suppress her papers or use simulated papers. If any loss occurs through breach of this condition, the insurer may avoid the contract.

No implied
warranty of
nationality.

38. There is no implied warranty as to the nationality of a ship or that her nationality shall not be changed during the risk.

Warranty of
good safety.

39. Where the subject-matter insured is warranted "well" or "in good safety" on a particular day, it is sufficient if it be safe at any time during that day.

40.—(1) In the voyage policy there is an implied warranty ^{Warranty of seaworthiness of ship.} that at the commencement of the voyage the ship shall be seaworthy for the purpose of the particular adventure insured.

(2) Where the policy attaches while the ship is in port, there is also an implied warranty that she shall at the commencement of the risk be reasonably fit to encounter the ordinary perils of the port.

(3) Where the policy relates to a voyage which is performed in different stages, during which the ship requires different kinds of or further preparation or equipment, there is an implied warranty that at the commencement of each stage the ship is seaworthy in respect of such preparation or equipment for the purposes of that stage.

(4) A ship is deemed to be seaworthy when she is reasonably fit in all respects to encounter the ordinary perils of the seas of the adventure insured.

(5) In a time policy there is no implied warranty that the ship shall be seaworthy at any stage of the adventure, but where, with the privity of the assured, the ship is sent to sea in an unseaworthy state, the insurer is not liable for any loss attributable to unseaworthiness.

41.—(1) In a policy on goods or other movables there is ^{No implied warranty - that goods are seaworthy.} no implied warranty that the goods or movables are seaworthy.

(2) In a voyage policy on goods or other movables there is an implied warranty that at the commencement of the voyage the ship is not only seaworthy as a ship, but also that she is reasonably fit to carry the goods or other movables to the destination contemplated by the policy.

42. There is an implied warranty that the adventure ^{Warranty of legality.} insured is a lawful one, and that, so far as the assured can control the matter, the adventure shall be carried out in a lawful manner.

The Voyage

43.—(1) Where the subject-matter is insured by a voyage policy "at and from" or "from" a particular place, it is not ^{Implied condition as to commencement of risk.} necessary that the ship should be at that place when the contract is concluded, but there is an implied condition that the adventure shall be commenced within a reasonable time, and that if the adventure be not so commenced the insurer may avoid the contract.

(2) The implied condition may be negated by showing that the delay was caused by circumstances known to the insurer before the contract was concluded, or by showing that he waived the condition.

Alteration of
port of
departure.

44. Where the place of departure is specified by the policy, and the ship, instead of sailing from that place, sails from any other place, the risk does not attach.

Sailing for
different
destination.

45. Where the destination is specified in the policy, and the ship, instead of sailing for that destination, sails for any other destination, the risk does not attach.

Change of
voyage.

46.—(1) Where, after the commencement of the risk, the destination of the ship is voluntarily changed from the destination contemplated by the policy, there is said to be a change of voyage.

(2) Unless the policy otherwise provides, where there is a change of voyage, the insurer is discharged from liability as from the time of change, that is to say, as from the time when the determination to change it is manifested; and it is immaterial that the ship may not in fact have left the course of voyage contemplated by the policy when the loss occurs.

Deviation.

47.—(1) Where a ship, without lawful excuse, deviates from the voyage contemplated by the policy, the insurer is discharged from liability as from the time of deviation, and it is immaterial that the ship may have regained her route before any loss occurs.

(2) There is a deviation from the voyage contemplated by the policy,—

(a) where the course of the voyage is specially designated by the policy and that course is departed from; or

(b) where the course of the voyage is not specifically designated by the policy, but the usual and customary course is departed from.

(3) The intention to deviate is immaterial; there must be a deviation in fact to discharge the insurer from his liability under the contract.

Several ports
of discharge.

48.—(1) Where several ports of discharge are specified by the policy, the ship may proceed to all or any of them, but, in the absence of any usage or sufficient cause to the contrary, she must proceed to them, or such of them as she goes to, in the order designated by the policy. If she does not there is a deviation.

(2) Where the policy is to "ports of discharge," within a given area, which are not named, the ship must, in the absence of any usage or sufficient cause to the contrary, proceed to them, or such of them as she goes to, in their geographical order. If she does not there is a deviation.

49. In the case of a voyage policy, the adventure insured must be prosecuted throughout its course with reasonable dispatch, and, if without lawful excuse it is not so prosecuted, the insurer is discharged from liability as from the time when the delay became unreasonable. Delay in voyage.

50.—(1) Deviation or delay in prosecuting the voyage contemplated by the policy is excused, — Excuses for deviation or delay.

- (a) where authorized by any special term in the policy; or
- (b) where caused by circumstances beyond the control of the master and his employer; or
- (c) where reasonably necessary in order to comply with an express or implied warranty; or
- (d) where reasonably necessary for the safety of the ship or subject-matter insured; or
- (e) for the purpose of saving human life, or aiding a ship in distress where human life may be in danger; or
- (f) where reasonably necessary for the purpose of obtaining medical or surgical aid for any person on board the ship; or
- (g) where caused by the barratrous conduct of the master or crew, if barratry be one of the perils insured against.

(2) When the cause excusing the deviation or delay ceases to operate, the ship must resume her course and prosecute her voyage with reasonable dispatch.

Assignment of Policy

51.—(1) A marine policy is assignable unless it contains terms expressly prohibiting assignment. It may be assigned either before or after loss. When and how policy is assignable.

(2) Where a marine policy has been assigned so as to pass the beneficial interest in such policy, the assignee of the policy is entitled to sue thereon in his own name; and the defendant is entitled to make any defence arising out of the contract which he would have been entitled to make if the action had been brought in the name of the person by or on behalf of whom the policy was effected.

(3) A marine policy may be assigned by endorsement thereon or in other customary manner.

Assured who
has no
interest can-
not assign.

52. Where the assured has parted with or lost his interest in the subject-matter insured, and has not, before or at the time of so doing, expressly or impliedly agreed to assign the policy, any subsequent assignment of the policy is inoperative;

*Provided that nothing in this section affects the assignment of a policy after loss.

The Premium

When
premium
payable.

53. Unless otherwise agreed, the duty of the assured or his agent to pay the premium, and the duty of the insurer to issue the policy to the assured or his agent, are concurrent conditions, and the insurer is not bound to issue the policy until payment or tender of the premium.

Policy
effected
through
broker.

54.—(1) Unless otherwise agreed, where a marine policy is effected on behalf of the assured by a broker, the broker is directly responsible to the insurer for the premium, and the insurer is directly responsible to the assured for the amount which may be payable in respect of losses or in respect of returnable premium.

(2) Unless otherwise agreed, the broker has, as against the assured, a lien upon the policy for the amount of the premium and his charges in respect of effecting the policy; and, where he has dealt with the person who employs him as a principal, he has also a lien on the policy in respect of any balance on any insurance account which may be due to him from such person, unless when the debt was incurred he had reason to believe that such person was only an agent.

Effect of
receipt on
policy

55. Where a marine policy effected on behalf of the assured by a broker acknowledges the receipt of the premium, such acknowledgment is, in the absence of fraud, conclusive as between the insurer and the assured, but not as between the insurer and broker.

Loss and Abandonment

Included and
excluded
losses.

56.—(1) Subject to the provisions of this Act, and unless the policy otherwise provides, the insurer is liable for any loss proximately caused by a peril insured against, but, subject as aforesaid, he is not liable for any loss which is not proximately caused by a peril insured against.

(2) In particular,—

(a) The insurer is not liable for any loss attributable to the wilful misconduct of the assured, but, unless the policy otherwise provides, he is liable for any loss proximately caused by a peril insured against, even

though the loss would not have happened but for the misconduct or negligence of the master or crew;

- (b) Unless the policy otherwise provides, the insurer on ship or goods is not liable for any loss proximately caused by delay, although the delay be caused by a peril insured against;
- (c) Unless the policy otherwise provides, the insurer is not liable for ordinary wear and tear, ordinary leakage and breakage, inherent vice or nature of the subject-matter insured, or for any loss proximately caused by rats or vermin, or for any injury to machinery not proximately caused by maritime perils.

57.—(1) A loss may be either total or partial. Any loss ^{Partial and total loss.} other than a total loss, as hereinafter defined, is a partial loss.

(2) A total loss may be either an actual total loss or a constructive total loss.

(3) Unless a different intention appears from the terms of the policy, an insurance against total loss includes a constructive as well as an actual total loss.

(4) Where the assured brings an action for a total loss and the evidence proves only a partial loss, he may, unless the policy otherwise provides, recover for a partial loss.

(5) Where goods reach their destination in specie, but by reason of obliteration of marks, or otherwise, they are incapable of identification, the loss, if any, is partial and not total.

58.—(1) Where the subject-matter insured is destroyed, ^{Actual total loss.} or so damaged as to cease to be a thing of the kind insured, or where the assured is irretrievably deprived thereof, there is an actual total loss.

(2) In the case of an actual total loss no notice of abandonment need be given.

59. Where the ship concerned in the adventure is missing, ^{Missing ship.} and after the lapse of a reasonable time no news of her has been received, an actual total loss may be presumed.

60. Where, by a peril insured against, the voyage is interrupted at an intermediate port or place under such circumstances as, apart from any special stipulation in the contract of affreightment, to justify the master in landing and reshipping the goods or other movables, or in transshipping them, and sending them on to their destination, the liability of the ^{Effect of transshipment, etc.}

insurer continues, notwithstanding the landing or transshipment.

Constructive
total loss
defined.

61.—(1) Subject to any express provision in the policy, there is a constructive total loss where the subject-matter insured is reasonably abandoned on account of its actual total loss appearing to be unavoidable, or because it could not be preserved from actual total loss without an expenditure which would exceed its value when the expenditure had been incurred.

(2) In particular, there is a constructive total loss,—

(a) where the assured is deprived of the possession of his ship or goods by a peril insured against, and

(i) it is unlikely that he can recover the ship or goods, as the case may be, or

(ii) the cost of recovering the ship or goods, as the case may be, would exceed their value when recovered; or

(b) in the case of damage to a ship, where she is so damaged by a peril insured against that the cost of repairing the damage would exceed the value of the ship when repaired.

In estimating the cost of repairs, no deduction is to be made in respect of general average contributions to those repairs payable by other interests, but account is to be taken of the expense of future salvage operations and of any future general average contributions to which the ship would be liable if repaired; or

(c) in the case of damage to goods, where the cost of repairing the damage and forwarding the goods to their destination would exceed their value on arrival.

Effect of
constructive
total loss.

62. Where there is a constructive total loss, the assured may either treat the loss as a partial loss or abandon the subject-matter insured to the insurer and treat the loss as if it were an actual total loss.

Notice of
abandonment.

63.—(1) Subject to the provisions of this section, where the assured elects to abandon the subject-matter insured to the insurer, he must give notice of abandonment. If he fails to do so the loss can only be treated as a partial loss.

(2) Notice of abandonment may be given in writing or by word of mouth, or partly in writing and partly by word of

mouth, and may be given in any terms which indicate the intention of the assured to abandon his insured interest in the subject-matter insured unconditionally to the insurer.

(3) Notice of abandonment must be given with reasonable diligence after the receipt of reliable information of the loss, but where the information is of a doubtful character the assured is entitled to a reasonable time to make inquiry.

(4) Where notice of abandonment is properly given, the rights of the assured are not prejudiced by the fact that the insurer refuses to accept the abandonment.

(5) The acceptance of an abandonment may be either express or implied from the conduct of the insurer. The mere silence of the insurer after notice is not an acceptance.

(6) Where notice of abandonment is accepted the abandonment is irrevocable. The acceptance of the notice conclusively admits liability for the loss and the sufficiency of the notice.

(7) Notice of abandonment is unnecessary where, at the time when the assured receives information of the loss, there would be no possibility of benefit to the insurer if notice were given to him.

(8) Notice of abandonment may be waived by the insurer.

(9) Where an insurer has re-insured his risk, no notice of abandonment need be given by him.

64.—(1) Where there is a valid abandonment, the insurer is entitled to take over the interest of the assured in whatever may remain of the subject-matter insured and all proprietary rights incidental thereto. Effect of abandonment.

(2) Upon the abandonment of a ship, the insurer thereof is entitled to any freight in course of being earned, and which is earned by her subsequent to the casualty causing the loss, less the expenses of earning it incurred after the casualty; and, where the ship is carrying the owner's goods, the insurer is entitled to a reasonable remuneration for the carriage of them subsequent to the casualty causing the loss.

Partial Losses (including Salvage and General Average and Particular Charges).

65.—(1) A particular average loss is a partial loss of the subject-matter insured, caused by a peril insured against, and which is not a general average loss. Particular average loss.

(2) Expenses incurred by or on behalf of the assured for the safety or preservation of the subject-matter insured, other than general average and salvage charges, are called particular charges. Particular charges are not included in particular average.

Salvage
charges.

66.—(1) Subject to any express provision in the policy, salvage charges incurred in preventing a loss by perils insured against may be recovered as a loss by those perils.

(2) "Salvage charges" means the charges recoverable under maritime law by a salvor independently of contract. They do not include the expenses of services in the nature of salvage rendered by the assured or his agents, or any person employed for hire by them, for the purpose of averting a peril insured against. Such expenses, where properly incurred, may be recovered as particular charges or as a general average loss, according to the circumstances under which they were incurred.

General
average loss.

67.—(1) A general average loss is a loss caused by or directly consequential on a general average act. It includes a general average expenditure as well as a general average sacrifice.

(2) There is a general average act where any extraordinary sacrifice or expenditure is voluntarily and reasonably made or incurred in time of peril for the purpose of preserving the property imperilled in the common adventure.

(3) Where there is a general average loss, the party on whom it falls is entitled, subject to the conditions imposed by maritime law, to a rateable contribution from the other parties interested, and such contribution is called a general average contribution.

(4) Subject to any express provision in the policy, where the assured has incurred a general average expenditure, he may recover from the insurer in respect of the proportion of the loss which falls upon him; and, in the case of a general average sacrifice, he may recover from the insurer in respect of the whole loss without having enforced his right of contribution from the other parties liable to contribute.

(5) Subject to any express provision in the policy, where the assured has paid, or is liable to pay, a general average contribution in respect of the subject insured, he may recover therefor from the insurer.

(6) In the absence of express stipulation, the insurer is not liable for any general average loss or contribution where the loss was not incurred for the purpose of avoiding, or in connection with the avoidance of, a peril insured against.

(7) Where ship, freight, and cargo, or any two of those interests, are owned by the same assured, the liability of the insurer in respect of general average losses or contributions is to be determined as if those subjects were owned by different persons.

Measure of Indemnity.

68.—(1) The sum which the assured can recover in respect of a loss on a policy by which he is insured, in the case of an unvalued policy to the full extent of the insurable value, or in the case of a valued policy to the full extent of the value fixed by the policy, is called the measure of indemnity. Extent of liability of insurer for loss.

(2) Where there is a loss recoverable under the policy, the insurer, or each insurer if there be more than one, is liable for such proportion of the measure of indemnity as the amount of his subscription bears to the value fixed by the policy in the case of a valued policy, or to the insurable value in the case of an unvalued policy.

69. Subject to the provisions of this Act and to any express Total loss. provision in the policy, where there is a total loss of the subject-matter insured,—

- (a) if the policy be a valued policy, the measure of indemnity is the sum fixed by the policy;
- (b) if the policy be an unvalued policy, the measure of indemnity is the insurable value of the subject-matter insured.

70. Where a ship is damaged, but is not totally lost, the Partial loss of ship. measure of indemnity, subject to any express provision in the policy, is as follows:

- (1) Where the ship has been repaired, the assured is entitled to the reasonable cost of the repairs, less the customary deductions, but not exceeding the sum insured in respect of any one casualty;
- (2) Where the ship has been only partially repaired, the assured is entitled to the reasonable cost of such repairs, computed as above, and also to be indemnified for the reasonable depreciation, if any, arising from the unrepaired damage, provided that the aggregate amount shall not exceed the cost of repairing the whole damage, computed as above;
- (3) Where the ship has not been repaired and has not been sold in her damaged state during the risk, the

assured is entitled to be indemnified for the reasonable depreciation arising from the unrepaired damage, but not exceeding the reasonable cost of repairing such damage, computed as above.

Partial loss
of freight.

71. Subject to any express provision in the policy, where there is a partial loss of freight, the measure of indemnity is such proportion of the sum fixed by the policy in the case of a valued policy, or of the insurable value in the case of an unvalued policy, as the proportion of freight lost by the assured bears to the whole freight at the risk of the assured under the policy.

Partial loss
of goods,
merchandise,
etc.

72. Where there is a partial loss of goods, merchandise, or other movables, the measure of indemnity, subject to any express provision in the policy, is as follows:

- (1) Where part of the goods, merchandise, or other movables insured by a valued policy is totally lost, the measure of indemnity is such proportion of the sum fixed by the policy as the insurable value of the part lost bears to the insurable value of the whole, ascertained as in the case of an unvalued policy;
- (2) Where part of the goods, merchandise, or other movables insured by an unvalued policy is totally lost, the measure of indemnity is the insurable value of the part lost, ascertained as in case of total loss;
- (3) Where the whole or any part of the goods or merchandise insured has been delivered damaged at its destination, the measure of indemnity is such proportion of the sum fixed by the policy in the case of a valued policy, or of the insurable value in the case of an unvalued policy, as the difference between the gross sound and damaged values at the place of arrival bears to the gross sound value;
- (4) "Gross value" means the wholesale price or, if there be no such price, the estimated value, with, in either case, freight, landing charges, and duty paid beforehand; provided that, in the case of goods or merchandise customarily sold in bond, the bonded price is deemed to be the gross value. "Gross proceeds" means the actual price obtained at a sale where all charges on sale are paid by the sellers.

Apportion-
ment of
valuation.

73.—(1) Where different species of property are insured under a single valuation, the valuation must be apportioned over the different species in proportion to their respective insurable values, as in the case of an unvalued policy. The

insured value of any part of a species is such proportion of the total insured value of the same as the insurable value of the part bears to the insurable value of the whole, ascertained in both cases as provided by this Act.

(2) Where a valuation has to be apportioned and particulars of the prime cost of each separate species, quality, or description of goods cannot be ascertained, the division of the valuation may be made over the net arrived sound values of the different species, qualities, or descriptions of goods.

74.—(1) Subject to any express provision in the policy, where the assured has paid, or is liable for, any general average contribution, the measure of indemnity is the full amount of such contribution, if the subject-matter liable to contribution is insured for its full contributory value; but, if such subject-matter be not insured for its full contributory value, or if only part of it be insured, the indemnity payable by the insurer must be reduced in proportion to the under-insurance, and where there has been a particular average loss which constitutes a deduction from the contributory value, and for which the insurer is liable, that amount must be deducted from the insured value in order to ascertain what the insurer is liable to contribute.

General average contributions and salvage charges.

(2) Where the insurer is liable for salvage charges the extent of his liability must be determined on the like principle.

75. Where the assured has effected an insurance in express terms against any liability to a third party, the measure of indemnity, subject to any express provision in the policy, is the amount paid or payable by him to such third party in respect of such liability.

Liabilities to third parties.

76.—(1) Where there has been a loss in respect of any subject-matter not expressly provided for in the foregoing provisions of this Act, the measure of indemnity shall be ascertained, as nearly as may be, in accordance with those provisions, in so far as applicable to the particular case.

General provisions as to measure of indemnity.

(2) Nothing in the provisions of this Act relating to the measure of indemnity shall affect the rules relating to double insurance, or prohibit the insurer from disproving interest wholly or in part, or from showing that at the time of the loss the whole or any part of the subject-matter insured was not at risk under the policy.

77.—(1) Where the subject-matter insured is warranted free from particular average, the assured cannot recover for a loss of part, other than a loss incurred by a general average sacrifice, unless the contract contained in the policy may be

Particular average warranties.

apportionable; but, if the contract be apportionable, the assured may recover for a total loss of any apportionable part.

(2) Where the subject-matter insured is warranted free from particular average, either wholly or under a certain percentage, the insurer is nevertheless liable for salvage charges, and for particular charges and other expenses properly incurred pursuant to the provisions of the suing and labouring clause in order to avert a loss insured against.

(3) Unless the policy otherwise provides, where the subject-matter insured is warranted free from particular average under a specified percentage, a general average loss cannot be added to a particular average loss to make up the specified percentage.

(4) For the purpose of ascertaining whether the specified percentage has been reached, regard shall be had only to the actual loss suffered by the subject-matter insured. Particular charges and the expenses of and incidental to ascertaining and proving the loss must be excluded.

Successive
losses.

78.—(1) Unless the policy otherwise provides and subject to the provisions of this Act, the insurer is liable for successive losses, even though the total amount of such losses may exceed the sum insured.

(2) Where, under the same policy, a partial loss which has not been repaired or otherwise made good is followed by a total loss, the assured can only recover in respect of the total loss;

Provided that nothing in this section shall affect the liability of the insurer under the suing and labouring clause.

Suing and
labouring
clause.

79.—(1) Where the policy contains a suing and labouring clause, the engagement thereby entered into is deemed to be supplementary to the contract of insurance, and the assured may recover from the insurer any expenses properly incurred pursuant to the clause, notwithstanding that the insurer may have paid for a total loss, or that the subject-matter may have been warranted free from particular average, either wholly or under a certain percentage.

(2) General average losses and contributions and salvage charges as defined by this Act are not recoverable under the suing and labouring clause.

(3) Expenses incurred for the purpose of averting or diminishing any loss not covered by the policy are not recoverable under the suing and labouring clause.

(4) It is the duty of the assured and his agents in all cases to take such measures as may be reasonable for the purpose of averting or minimizing a loss.

Rights of Insurer on Payment

80.—(1) Where the insurer pays for a total loss, either of the whole or, in the case of goods, of any apportionable part of the subject-matter insured, he thereupon becomes entitled to take over the interest of the assured in whatever may remain of the subject-matter so paid for, and he is thereby subrogated to all the rights and remedies of the assured in and in respect of that subject-matter as from the time of the casualty causing the loss. Right of subrogation

(2) Subject to the foregoing provisions, where the insurer pays for a partial loss, he acquires no title to the subject-matter insured, or such part of it as may remain, but he is thereupon subrogated to all rights and remedies of the assured in and in respect of the subject-matter insured as from the time of the casualty causing the loss, in so far as the assured has been indemnified, according to this Act, by such payment for the loss.

81.—(1) Where the assured is over-insured by double insurance, each insurer is bound, as between himself and the other insurers, to contribute rateably to the loss in proportion to the amount for which he is liable under his contract. Right of contribution

(2) If any insurer pays more than his proportion of the loss, he is entitled to maintain an action for contribution against the other insurers, and is entitled to the like remedies as a surety who has paid more than his proportion of the debt.

82. Where the assured is insured for an amount less than the insurable value or, in the case of a valued policy, for an amount less than the policy valuation, he is deemed to be his own insurer in respect of the uninsured balance. Effect of under-insurance.

Return of Premium

83. Where the premium, or a proportionate part thereof, is by this Act declared to be returnable,— Enforcement of return.

- (a) if already paid, it may be recovered by the assured from the insurer; and
- (b) if unpaid, it may be retained by the assured or his agent.

Return by
agreement.

84. Where the policy contains a stipulation for the return of the premium, or a proportionate part thereof, on the happening of a certain event, and that event happens, the premium, or, as the case may be, the proportionate part thereof, is thereupon returnable to the assured.

Return for
failure of
considera-
tion.

85.—(1) Where the consideration for the payment of the premium totally fails, and there has been no fraud or illegality on the part of the assured or his agents, the premium is thereupon returnable to the assured.

(2) Where the consideration for the payment of the premium is apportionable and there is a total failure of any apportionable part of the consideration, a proportionate part of the premium is, under the like conditions, thereupon returnable to the assured.

(3) In particular,—

(a) where the policy is void, or is avoided by the insurer as from the commencement of the risk, the premium is returnable, provided that there has been no fraud or illegality on the part of the assured; but if the risk is not apportionable, and has once attached, the premium is not returnable;

(b) where the subject-matter insured, or part thereof, has never been imperilled, the premium, or, as the case may be, a proportionate part thereof, is returnable;

Provided that where the subject-matter has been insured “lost or not lost” and has arrived in safety at the time when the contract is concluded, the premium is not returnable unless at such time the insurer knew of the safe arrival;

(c) where the assured has no insurable interest throughout the currency of the risk, the premium is returnable, provided that this rule does not apply to a policy effected by way of gaming or wagering;

(d) where the assured has a defeasible interest which is terminated during the currency of the risk, the premium is not returnable;

(e) where the assured has over-insured under an unvalued policy, a proportionate part of the premium is returnable;

(f) subject to the foregoing provisions, where the assured has over-insured by double insurance, a proportionate part of the several premiums is returnable;

Provided that, if the policies are effected at different times, and any earlier policy has at any time borne the entire risk, or if a claim has been paid on the policy in respect of the full sum insured thereby, no premium is returnable in respect of that policy, and when the double insurance is effected knowingly by the assured no premium is returnable.

Mutual Insurance

86.—(1) Where two or more persons mutually agree to insure each other against marine losses there is said to be a mutual insurance. Modification of Act in case of mutual insurance.

(2) The provisions of this Act relating to the premium do not apply to mutual insurance, but a guarantee, or such other arrangement as may be agreed upon, may be substituted for the premium.

(3) The provisions of this Act, in so far as they may be modified by the agreement of the parties, may in the case of mutual insurance be modified by the terms of the policies issued by the association or by the rules and regulations of the association.

(4) Subject to the exceptions mentioned in this section, the provisions of this Act apply to a mutual insurance.

Supplemental

87. Where a contract of marine insurance is in good faith effected by one person on behalf of another, the person on whose behalf it is effected may ratify the contract even after he is aware of a loss. Ratification by assured.

88.—(1) Where any right, duty, or liability would arise under a contract of marine insurance by implication of law, it may be negatived or varied by express agreement, or by usage, if the usage be such as to bind both parties to the contract. Implied obligations varied by agreement or usage.

(2) The provisions of this section extend to any right, duty, or liability declared by this Act which may be lawfully modified by agreement.

89. Where by this Act any reference is made to reasonable time, reasonable premium, or reasonable diligence, the question what is reasonable is a question of fact. Reasonable time, etc., a question of fact.

90. The rules of the common law, including the law merchant, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to contracts of marine insurance. Rules of common law saved.

91. This Act may be cited as *The Marine Insurance Act*, 1946. Short title.

Rules for Construction of Policy.

The following are the rules referred to by this Act for the construction of a policy in the above or other like form, where the context does not otherwise require:

1. Where the subject-matter is insured "lost or not lost" and the ^{Lost or} loss has occurred before the contract is concluded, the risk attaches, unless ^{not lost.} at such time the assured was aware of the loss, and the insurer was not.
2. Where the subject-matter is insured "from" a particular place, the ^{From.} risk does not attach until the ship starts on the voyage insured.
3. (a) Where a ship is insured "at and from" a particular place, and ^{At and from.} she is at that place in good safety when the contract is concluded, the risk attaches immediately.
- (b) If she be not at that place when the contract is concluded, the ^(Ship.) risk attaches as soon as she arrives there in good safety, and, unless the policy otherwise provides, it is immaterial that she is covered by another policy for a specified time after arrival.
- (c) Where chartered freight is insured "at and from" a particular ^(Freight.) place, and the ship is at that place in good safety when the contract is concluded, the risk attaches immediately. If she be not there when the contract is concluded, the risk attaches as soon as she arrives there in good safety.
- (d) Where freight, other than chartered freight, is payable without special conditions and is insured "at and from" a particular place, the risk attaches pro rata as the goods or merchandise are shipped; provided that if there be cargo in readiness which belongs to the ship-owner, or which some other person has contracted with him to ship, the risk attaches as soon as the ship is ready to receive such cargo.
4. Where goods or other movables are insured "from the loading ^{From the} thereof," the risk does not attach until such goods or movables are actually ^{loading} on board, and the insurer is not liable for them while in transit from the ^{thereof.} shore to the ship.
5. Where the risk on goods or other movables continues until they are ^{Safely} "safely landed," they must be landed in the customary manner and within ^{landed.} a reasonable time after arrival at the port of discharge, and if they are not so landed the risk ceases.
6. In the absence of any further licence or usage, the liberty to touch ^{Touch and} and stay "at any port or place whatsoever" does not authorize the ship ^{stay.} to depart from the course of her voyage from the port of departure to the port of destination.
7. The term "perils of the seas" refers only to fortuitous accidents ^{Perils of} or casualties of the seas. It does not include the ordinary action of the ^{the seas.} winds and waves.
8. The term "pirates" includes passengers who mutiny and rioters who ^{Pirates.} attack the ship from the shore.
9. The term "thieves" does not cover clandestine theft or a theft ^{Thieves.} committed by any one of the ship's company, whether crew or passengers.
10. The term "arrests, etc., of kings, princes, and people" refers to ^{Restraint of} political or executive acts, and does not include a loss caused by riot or ^{princes.} by ordinary judicial process.
11. The term "barratry" includes every wrongful act wilfully com- ^{Barratry.} mitted by the master or crew to the prejudice of the owner, or, as the case may be, the charterer.

All other
perils.

12. The term "all other perils" includes only perils similar in kind to the perils specifically mentioned in the policy.

Average
unless
general.

13. The term "average unless general" means a partial loss of the subject-matter insured other than a general average loss, and does not include "particular charges."

Stranded.

14. Where the ship has stranded, the insurer is liable for the excepted losses, although the loss is not attributable to the stranding, provided that when the stranding takes place the risk has attached and, if the policy be on goods, that the damaged goods are on board.

Ship.

15. The term "ship" includes the hull, materials and outfit, stores and provisions for the officers and crew, and, in the case of vessels engaged in a special trade, the ordinary fittings requisite for the trade, and also, in the case of a steamship, the machinery, boilers, and coals, oils, and engine stores, if owned by the assured.

Freight.

16. The term "freight" includes the profit derivable by a ship-owner from the employment of his ship to carry his own goods or movables, as well as freight payable by a third party, but does not include passage-money.

Goods.

17. The term "goods" means goods in the nature of merchandise, and does not include personal effects or provisions and stores for use on board.

In The absence of any usage to the contrary, deck cargo and living animals must be insured specifically, and not under the general denomination of goods.

Section 201 of *The Insurance Act* is amended by striking out the word "or" at the end of clause *b*, by inserting the words "or, unless the coverage is expressly extended under section 203" between clauses *b* and *c*, by striking out the said words where they now appear between clauses *c* and *d* and by adding at the end of clause *c* the word "or", so that the said section shall now read as follows:

Exceptions
from
liability.

201. The insurer shall not be liable under an owner's policy or a driver's policy,—

SECTION 4. In view of a recent decision in the Supreme Court of Ontario this amendment which clarifies and safeguards the rights of ordinary beneficiaries is desirable.

SECTION 5. The amendment permits policies of insurance different from the usual automobile type to be written for vehicles used chiefly "off the highway" but in all such cases the absolute liability provisions will apply.

The amendments contained in sections 3, 4 and 5 of this Bill are recommended by the Conference of Superintendents of Insurance.

SECTIONS 6 and 7. Section 201 in its present form relieves the insurance company of liability under an owner's or driver's policy for loss or damage incurred under clauses *a*, *b* and *c*. The section also relieves the company from liability under clauses *d*, *e* and *f* unless the coverage is expressly extended pursuant to section 203. It is desirable to permit the coverage to be extended under a driver's policy to enable a mechanic or driver to file proof of financial responsibility where necessary under his driver's insurance. As the Act now stands, section 201 does not permit this coverage to be given, but the amendment proposed will allow the coverage to be extended to cover such a case and this involves the complementary amendment of clause *a* of section 203.

- (a) for any liability imposed by any workmen's compensation law upon the insured; or
- (b) for loss or damage resulting from bodily injury to or the death of the insured or the son, daughter, wife, husband, mother, father, brother or sister of the insured;

or, unless the coverage is expressly extended under section 203,

- (c) to any person, not the owner of the automobile, engaged in the business of an automobile garage, repair shop or service station or as an automobile dealer, for loss or damage sustained while engaged in the operation or repair of the automobile; or
- (d) for any loss or damage resulting from bodily injury to or the death of any person being carried in or upon or entering or getting on to or alighting from the automobile; or
- (e) for loss or damage to property carried in or upon the automobile or owned by, or in the care, custody or control of the insured; or
- (f) for loss or damage resulting from bodily injury to or the death of any employee of the insured while engaged in the operation or repair of the automobile.

7. Clause *a* of section 203 of *The Insurance Act* is amended Rev. Stat., c. 256, s. 203, cl. a, amended. by inserting after the word "clauses" in the second line the letter "*c*", so that the first four lines and clause *a* of the said section shall now read as follows:

BILL

An Act to amend The Loan and Trust Corporations Act.

MR. BLACKWELL

EXPLANATORY NOTES

SECTION 1. The present section 7 requires the par value of shares of capital stock of loan and trust companies to be not less than \$50 nor more than \$100. The amendment is in line with other legislation of a similar nature. Its effect will be to enhance marketability of the stock of loan and trust companies and make possible a wider distribution thereof.

SECTION 2—Subsection 1. The investment powers of loan companies are brought into line with those of trust companies and insurance companies. This is a practical necessity in view of the change in methods of corporate financing since the enactment of the present provisions. Corresponding provisions governing insurance companies and trust companies have already been revised in the light of modern conditions and practices.

Subsection 2. The subsections repealed extend the investment powers of loan companies beyond what is at present required and are obsolete.

SECTION 3. Clause *c* which is repealed is not workable in view of modern corporate financing practices. Its purpose is to prevent loan companies investing in securities of a company which has not paid dividends of six per centum on its capital stock for the previous three years. Its effect is to prevent investment in the securities of any company which has no par value stock. Since the original enactment of the provision financing practices have altered substantially and the practice of issuing no par value stock has become common.

SECTION 4. This provision defines the amount which may be received *on deposits* by a loan corporation. To date there has been no provision for increasing this amount. Under subsection 2 of section 50 of *The Loan and Trust Corporations Act* the *total borrowing power* of such corporations is limited, but provision is made for increasing this figure by one hundred per cent. In order to reconcile these sections for the working purposes of the corporations, it is advisable to allow an increase by Order-in-Council in the amount which may be received as deposits, while at the same time leaving unchanged the total borrowing power limitation set out in subsection 2 of section 50.

BILL

An Act to amend The Loan and Trust Corporations Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. Section 7 of *The Loan and Trust Corporations Act* is repealed and the following substituted therefor: Rev. Stat., c. 257, s. 7, re-enacted.

7. The par value of a share of capital stock shall be any multiple of \$5 but shall not be less than \$10 nor of share.
more than \$100.

2.—(1) Clauses *b* and *c* of subsection 1 of section 29 of *The Loan and Trust Corporations Act* are repealed and the following substituted therefor: Rev. Stat., c. 257, s. 29, subs. 1, cl. *b*, re-enacted; cl. *c*, repealed.

(*b*) any of the securities mentioned in clauses *b* to *f* of subsection 1 of section 30.

(2) Subsections 2 and 4 of the said section 29 are repealed.

Rev. Stat., c. 257, s. 29, subs. 2, 4, repealed.

3. Clause *c* of subsection 1 of section 31 of *The Loan and Trust Corporations Act* is repealed.

Rev. Stat., c. 257, s. 31, subs. 1, cl. *c*, repealed.

4. Subsection 4 of section 48 of *The Loan and Trust Corporations Act* is amended by adding at the end thereof the words "provided that subject to the limitation set out in subsection 2 of section 50, the Lieutenant-Governor in Council may on the report of the Registrar, and upon such terms and conditions as may be prescribed, increase the amount of deposits which may be received by any corporation as aforesaid", so that the said subsection shall now read as follows:

Rev. Stat., c. 257, s. 48, subs. 4, amended.

(4) The amount to be received by any corporation entitled as hereinbefore provided to receive deposits shall not at any time exceed an amount equal to twice the aggregate amount of the then actually paid in and unimpaired permanent capital and of the Limit of deposits.

then actual reserve fund of the corporation plus the amount of its cash actually in hand or in any chartered bank to the credit of the corporation and beneficially owned by the corporation and not included in either the permanent capital or reserve fund; provided that subject to the limitation set out in subsection 2 of section 50, the Lieutenant-Governor in Council may on the report of the Registrar, and upon such terms and conditions as may be prescribed, increase the amount of deposits which may be received by any corporation as aforesaid.

Proviso.

Rev. Stat.,
c. 257, s. 49,
amended.

5. Section 49 of *The Loan and Trust Corporations Act* is amended by adding thereto the following subsection:

Reserves
required on
deposits.

- (2) Every loan company shall at all times maintain cash on hand and on deposit, debentures, bonds, stock or other securities of a kind referred to in subsection 1, and loans payable on demand and fully secured by such securities, to an aggregate amount of at least twenty per centum of the amount of money deposited with the company.

Rev. Stat.,
c. 257, s. 61,
re-enacted;
s. 62,
repealed.

6. Sections 61 and 62 of *The Loan and Trust Corporations Act* are repealed and the following substituted therefor:

Proceedings
to ratify
agreement.

61. At each of the meetings of shareholders the agreement or offer shall be considered, and if at each such meeting the agreement or offer is ratified or accepted by resolution passed by at least a three-fourths vote of such shares as are represented in person or by proxy and representing at least fifty per centum of the issued capital stock of the corporation, that fact shall be certified upon the agreement or offer by the secretary or manager under the corporate seal.

Rev. Stat.,
c. 257,
ss. 77, 78,
79, re-
enacted.

7. Sections 77, 78 and 79 of *The Loan and Trust Corporations Act* are repealed and the following substituted therefor:

Direction
as to dis-
position of
deposits or
debentures
on death.

77.—(1) A person who,—

- (a) has on deposit with a corporation, whether for guaranteed investment or otherwise, a sum not exceeding \$600;
- (b) is the holder of debentures issued by a corporation for a sum not exceeding \$600; or
- (c) has on deposit with a corporation a sum and holds debentures issued by the corporation, the amounts of which in the aggregate do not exceed \$600,

SECTION 5. There has been no provision assuring that a reasonable amount of liquid securities is behind all deposits. To date the regular inspection by departmental inspectors has shown that adequate provision has been made, but it is considered wise to ensure safety by the insertion of this liquidity provision.

SECTION 6. Sections 61 and 62 of *The Loan and Trust Corporations Act* provide for the affirmative vote of shareholders required to ratify an agreement for the amalgamation of two loan corporations or of two trust companies, or for the purchase and sale of assets between two loan corporations or two trust companies. The combined effect of these two sections makes the requirements uncertain and ambiguous.

The primary change involved in the amendments is to abandon the former principle of requiring two-thirds of the votes of all the shareholders representing not less than two-thirds of its paid in capital or stock. The new provision is for a three-fourths vote of such shares as are represented and representing at least fifty per cent of the issued capital stock. This change follows closely the corresponding section in the *Loan Companies Act* (Canada).

SECTION 7. Sections 77, 78 and 79 of *The Loan and Trust Corporations Act* are re-cast to remove doubt as to their application to deposits for guaranteed investment and holders of debentures. The limitation in the case of each person remains at \$600. Section 78 is widened to include cases where there is a will, it being presently restricted to cases of intestacy.

SECTION 8. The provision relates to the annual statement. The re-enacted subsection at present reads:

- (5) A copy of such statement shall be mailed or delivered without charge to every debenture holder resident in Canada and depositor of the corporation whose deposits shall exceed \$100, within thirty days after the annual meeting has been held.

In view of changed conditions since the original enactment of the provision the amendment is warranted.

may by a writing, signed by him and deposited with the corporation, nominate any person to receive the amount thereof at his death.

- (2) Subject to *The Succession Duty Act, 1939*, upon receiving an affidavit as to the death of a person who has made a nomination under subsection 1 the corporation may substitute on its books the name of the nominee in place of the name of such person or may forthwith pay to the nominee the amount due to such person. Rights of corporation. 1939 (2nd Sess.), c. 1.
78. Subject to the provisions of *The Succession Duty Act, 1939*, where a depositor or debenture holder as described in clauses *a, b* and *c* of section 77 dies without making a nomination in accordance with that section, the amount due may, without letters probate or letters of administration being taken out, be paid to the person who appears to the corporation to be entitled, under the will of such depositor or debenture holder or under *The Devolution of Estates Act*, in the case of an intestacy, to receive the amount, upon receiving an affidavit of the death and that the person claiming is so entitled. Where no direction. Rev. Stat., c. 163.
79. Where the corporation, after the death of a depositor or debenture holder, has paid such sum to the person who at the time appeared to be entitled thereto the payment shall be valid and effectual with respect to any demand from any other person as the legatee or next of kin or as the lawful representative of the deceased against the corporation, but the legatee, next of kin or representative shall be entitled to recover the amount of such payment from the person who received it. Payments by mistake.
8. Subsection 5 of section 114 of *The Loan and Trust Corporations Act* is repealed and the following substituted therefor: Rev. Stat., c. 257, s. 114, subs. 5, re-enacted.
- (5) A copy of such statement shall be mailed or delivered without charge to any debenture holder or depositor of the corporation upon request. Delivery of statement.
9. This Act may be cited as *The Loan and Trust Corporations Amendment Act, 1946*. Short title.

BILL

An Act to amend The Mental Incompetency Act.

MR. BLACKWELL

EXPLANATORY NOTE

The amendment is to provide for cases where a cure or recovery from a mental infirmity arising from disease, habitual drunkenness or the use of drugs, takes place in a short time. The present wording of the Act provides that where a person has been found to be mentally infirm by a court, he cannot be again placed in control of his property until the expiration of a year from the original order. It sometimes happens that a cure is accomplished in a shorter period than a year, and it is a hardship on the person who has regained his mental health that he should be discharged from a mental institution but that the court should be precluded from restoring the control of his property to him until the expiration of a further period.

This amendment corrects the situation and brings the provisions of the Act relating to persons who are mentally infirm, into line with the provisions of the Act dealing with persons who are mentally incompetent.

BILL

An Act to amend The Mental Incompetency Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. Subsection 6 of section 36 of *The Mental Incompetency Act* is repealed and the following substituted therefor:

Rev. Stat.,
c. 110, s. 36,
subs. 6,
re-enacted.

(6) Upon application at any time after the expiration of one year from the date of the order by which a person has been declared incapable of managing his affairs under subsection 1, or sooner by leave of the Court, the like proceedings may be taken and the like order made as provided in section 9 in the case of a person who has been declared a mentally incompetent person.

BILL
The Parole Act, 1946.

MR. DUNBAR

EXPLANATORY NOTES

This Bill is a general revision of *The Parole Act*. No substantial changes in principle are involved but various provisions of the Act are clarified and conflicts between *The Parole Act* and section 43 of the *Prisons and Reformatories Act* (Canada) are eliminated. For an understanding of *The Parole Act* a knowledge of section 43 of the *Prisons and Reformatories Act* (Canada) is necessary. The section reads as follows:

43. The Lieutenant-Governor of the province of Ontario may appoint a Board of Parole for the said Province whose duty it shall be to inquire from time to time into the cases of prisoners sentenced to the Ontario Reformatory, the Andrew Mercer Reformatory or any industrial farm, and where as a result of such inquiry the Board thinks proper, it may permit prisoners serving indeterminate sentences to be paroled under conditions approved of by the Minister of Justice, and when the terms on which such prisoners have been paroled have been complied with, the Board may recommend for the consideration of the Minister of Justice the final discharge of such prisoners.

SECTION 1. This corresponds to section 1 of the present Act with the addition of clause *b*. Clause *c* is divided into subclauses for clarification. In keeping with the established policy, clause *c*, as recast, limits the powers of the Board to dealing with indeterminate sentences. Under the definition in the present Act "prisoner" is defined as including a person serving either a definite or indeterminate sentence for a violation of a provincial statute but only a person serving an indeterminate sentence for a violation of a Dominion statute. The Board has never exercised jurisdiction in the case of definite sentences, the remission of definite sentences being dealt with by the Lieutenant-Governor in Council under sections 1 and 2 of *The Lieutenant-Governor's Act*. Accordingly the definition of "prisoner" is restricted to include only persons serving indeterminate sentences whether the offence was under a provincial or Dominion statute.

SECTION 2. This section is substantially the same as section 2 of the present Act. The part of the section which confirms acts of the Board performed at a time when the Board was not properly constituted, has served its purpose and is dropped.

SECTIONS 3 and 4. The combined effect of these two sections is the same as the effect of sections 3 and 4 of the present Act.

BILL

The Parole Act, 1946.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1. In this Act,—

tation,—

 - (i) a person convicted of an offence against a statute of Ontario or against a municipal by-law and sentenced to an indeterminate sentence, and
 - (ii) a prisoner referred to in section 43 of the *Prisons and Reformatories Act* (Canada) and sentenced to an indeterminate sentence; R.S.C., c. 163.

2. There shall be constituted a board to be known as the Board of Parole which shall be composed of not more than six persons to be appointed by the Lieutenant-Governor in Council. R.S.O. 1937, c. 397, s. 2, *part, amended*. Board of Parole established.

4. The Lieutenant-Governor in Council may appoint a secretary of the Board, a Chief Parole Officer and such parole officers as he may deem necessary. R.S.O. 1937, c. 397, s. 3 (1), *part*; s. 4, *amended*.

Salaries of chairman, secretary and parole officers.

5.—(1) The chairman of the Board, the secretary and the parole officers may be paid such salary as may be determined by the Lieutenant-Governor in Council. R.S.O. 1937, c. 397, ss. 5, 6, *amended*.

(2) The members of the Board other than the chairman shall serve without salary but the Lieutenant-Governor in Council may fix a per diem allowance to be payable to the members for their attendance at the meetings of the Board or for other attendances in connection with the transaction of any business of the Board. R.S.O. 1937, c. 397, s. 7, *part, amended*.

Travelling and living expenses.

(3) The chairman and members of the Board, the secretary and the parole officers shall be entitled to reasonable and necessary travelling and living expenses while absent from home on the business of the Board as certified by the chairman of the Board. R.S.O. 1937, c. 397, s. 7, *part, amended*.

(4) All such salaries, remuneration, allowances, travelling and living expenses and all other expenses of the Board shall be paid out of such moneys as may be appropriated by the Legislature for the general purposes of the Board. R.S.O. 1937, c. 397, s. 8, *amended*.

Release of prisoners on parole.

6. Subject to the regulations the Board may order the release on parole of any prisoner,—

(a) in the case of a prisoner referred to in subclause i of clause *c* of section 1, upon such conditions as the Board may deem proper; and

(b) in the case of a prisoner referred to in subclause ii of clause *c* of section 1, upon conditions approved by the Minister of Justice under section 43 of the *Prisons and Reformatories Act* (Canada). R.S.O. 1937, c. 397, s. 10, *amended*.

R.S.C., c. 163.

Re-taking prisoners on breach of conditions of parole.

7. In the case of prisoners referred to in subclause i of clause *c* of section 1, the Board may provide that a prisoner who fails to observe the conditions of his parole may be taken into custody by a parole officer or by any person appointed for such purpose, and may be returned to the prison or other place from which he was paroled. R.S.O. 1937, c. 397, s. 11, *amended*.

SECTION 5. This section replaces sections 5, 6, 7 and 8 of the present Act. The principal change in the effect of the provision is to permit the chairman to be appointed on a full-time basis and to be paid accordingly in the discretion of the Lieutenant-Governor in Council.

SECTION 6. This section is similar to section 10 of the present Act but has been altered to distinguish between its application to persons who have violated Ontario statutes and persons who have violated Dominion statutes, in a manner consistent with the provisions of section 43 of the *Prisons and Reformatories Act* (Canada).

SECTION 7. This section is similar to section 11 of the present Act but its application is limited to persons who have violated the provisions of Ontario statutes, there being no authority to apply its provisions to prisoners who have violated Dominion statutes.

SECTIONS 8 and 9. These sections are identical with sections 12 and 13 of the present Act.

SECTION 10. This section is similar to section 14 of the present Act with minor alterations to bring it into line with the present fiscal year of the Government.

SECTION 11. This is identical with section 15 of the present Act.

SECTION 12. Subsection 1 is substantially the same as subsection 1 of section 9 of the present Act. There is a slight change of wording in clause *a* due to the definition of "parole officer" in section 1. Specific references to the *Prisons and Reformatories Act* (Canada) in clauses *b* and *e* are omitted.

Subsection 2 replaces subsection 2 of section 9 of the present Act. Its effect is the same but the wording is altered for the purpose of clarification.

8. It shall be the duty of the Board to assist prisoners on parole in securing employment with trustworthy persons and in this manner to ensure as far as possible the success of the parole system. R.S.O. 1937, c. 397, s. 12. Assistance to prisoners.

9. It shall be the duty of every public officer or other person having information or having access to any information bearing upon the fitness of a prisoner to be paroled, to make such return in writing to the Board as may be required by the regulations. R.S.O. 1937, c. 397, s. 13. Returns.

10. 11. Nothing in this Act contained shall be construed as affecting or impairing or as intending or purporting to affect or impair the powers of the Governor-General of Canada or the Lieutenant-Governor of Ontario to grant a reprieve, pardon, or commutation of sentence in any case. R.S.O. 1937, c. 397, s. 15. Pardoning powers not affected.

Negotiation defeats vendor's lien.

- (a) such title to the goods as the person negotiating the receipt to him had or had ability to transfer to a purchaser in good faith for valuable consideration and also such title to the goods as the depositor or person to whose order the goods were to be delivered by the terms of receipt had or had ability to transfer to a purchaser in good faith for valuable consideration; and
- (b) the benefit of the obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt as fully as if the warehouseman has contracted directly with him.

Transfer of negotiable receipt without endorsement.

23. Where a negotiable receipt is transferred for valuable consideration by delivery, and the endorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to endorse the receipt, unless a contrary intention appears and the negotiation shall take effect as of the time when the endorsement is made.

Warranties on sale of receipt.

24. A person who for valuable consideration negotiates or transfers a receipt by endorsement or delivery, including one who assigns for valuable consideration a claim secured by a receipt, unless a contrary intention appears, warrants,—

- (a) that the receipt is genuine;
- (b) that he has a legal right to negotiate or transfer it;
- (c) that he has no knowledge of any fact that would impair the validity of the receipt; and
- (d) that he has a right to transfer the title to the goods, and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied, if the contract of the parties

had been to transfer without a receipt the goods represented thereby.

25. The endorsement of a receipt shall not make the endorser liable for any failure on the part of the warehouseman or previous endorsers of the receipt to fulfil their respective obligations. Endorser not a guarantor.

26. The validity of the negotiation of a receipt is not impaired by the fact that the negotiation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the receipt was induced by fraud, mistake or duress to entrust the possession or custody of the receipt to such person, if the person to whom the receipt was negotiated, or a person to whom the receipt was subsequently negotiated, paid value therefor without notice of the breach of duty, or fraud, mistake or duress. When negotiation not impaired by fraud, mistake or duress.

27. Where a person having sold, mortgaged or pledged goods that are in a warehouse and for which a negotiable receipt has been issued, or having sold, mortgaged, or pledged a negotiable receipt representing goods, continues in possession of the negotiable receipt, the subsequent negotiation thereof by that person under any sale, or other disposition thereof to any person receiving the same in good faith, for valuable consideration and without notice of the previous sale, mortgage or pledge, shall have the same effect as if a previous purchaser of the goods or receipt had expressly authorized the subsequent negotiation. Subsequent negotiation.

28. Where a negotiable receipt has been issued for goods, no seller's lien or right of stoppage in transitu shall defeat the rights of a purchaser for value in good faith to whom the receipt has been negotiated, whether the negotiation be prior or subsequent to the notification to the warehouseman who issued the receipt of the seller's claim to a lien or right of stoppage in transitu and the warehouseman shall not deliver the goods to an unpaid seller unless the receipt is first surrendered for cancellation. Negotiation defeats vendor's lien.

29. Nothing herein contained shall be deemed to include or apply to the manager or operator of a grain elevator as "Manager" and "Operator" are defined by *The Canada Grain Act* (Canada) or any railway or express company within the jurisdiction of the Parliament of Canada. Where Act not to apply.

BILL

The Teachers' and Inspectors' Superannuation Act, 1946.

MR. DREW

TORONTO
PRINTED BY T. E. BOWMAN.
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

EXPLANATORY NOTES

This revision of *The Teachers' and Inspectors' Superannuation Act* effects an arrangement of the Act and the regulations which renders the provisions of both the Act and the regulations more readily understandable. This is accomplished by,—

- (a) re-sorting the provisions of both the Act and the regulations with a view to a more logical grouping; and
- (b) clarifying ambiguous provisions in a manner consistent with established practices and sound principles.

Germane provisions which are presently found scattered throughout the Act and regulations thereby rendering accurate interpretation of the Act difficult, have been grouped. Generally it may be stated that all matters of policy and principle are incorporated in the Act, which leaves for the regulations matters of procedure and matters of an emergency nature or of a special nature which warrants the flexibility provided by regulations.

The Bill is arranged under twelve appropriate headings as follows:

BILL

An Act to amend The Apprenticeship Act.

MR. DALEY

EXPLANATORY NOTES

SECTION 1—Subsection 1. Section 7 of the Act refers to a period of employment permitted without entering into a contract of apprenticeship, and it is desirable for the purposes of clarification and conciseness to have this period defined.

Subsection 2. Under the Act, regulations may be made by the Board, and by the Provincial advisory committee. All regulations are to be approved by the Lieutenant-Governor in Council. This amendment is to bring the definition into line with the Act.

SECTION 2. Section 7 contained an absolute prohibition against persons eligible to be apprentices being employed for more than three months except under a contract of apprenticeship. The amendment gives an opportunity to another employer to try out a man who has served three months elsewhere for a period of one month before requiring the contract. Otherwise a person who had not suited one employer would have little hope of completing training as it would be difficult to find an employer who would enter a contract without some probationary period. Control is retained by requiring the authorization of the Director.

SECTION 3. The subsection formerly read as follows:

Every contract of apprenticeship shall be in the form prescribed by the Board and shall be approved by the Board and shall be registered with the Board.

The form of contract of apprenticeship is already provided for by new clause *b* of subsection 1 of section 15 of the Act, so that the words struck out are unnecessary.

BILL

An Act to amend The Apprenticeship Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

1.—(1) Section 1 of *The Apprenticeship Act* is amended by adding thereto the following clause: Rev. Stat., c. 192, s. 1, amended.

(ff) "Probationary period" shall mean the time during which a person eligible to be an apprentice in a designated trade is by section 7 permitted to be employed in the trade other than under a contract of apprenticeship. "Probationary period".

(2) Clause g of the said section 1 is amended by striking out the words "by the Lieutenant-Governor in Council" in the first and second line, so that the said clause shall now read as follows: Rev. Stat., c. 192, s. 1, cl. (g), amended.

(g) "Regulations" shall mean regulations made under the authority of this Act. "Regulations".

2. Section 7 of *The Apprenticeship Act* is repealed and the following substituted therefor: Rev. Stat., c. 192, s. 7, re-enacted.

7. No person who is eligible to be an apprentice in any designated trade and has not completed the period of apprenticeship prescribed for him shall be employed in such trade for a period or periods totalling more than three months except under a contract of apprenticeship, provided that the Director may in writing authorize the further employment of any such person for a period not exceeding one month by any employer by whom he has not been previously employed. Apprentices to be under contract.

3. Subsection 1 of section 8 of *The Apprenticeship Act* is amended by striking out the words "shall be in the form prescribed by the Board and" in the first and second lines, so that the said subsection shall now read as follows: Rev. Stat., c. 192, s. 8, subs. 1, amended.

Approval
and regis-
tration of
contracts.

- (1) Every contract of apprenticeship shall be approved by the Board and shall be registered with the Board.

Rev. Stat.,
c. 192, s. 15,
subs. 1,
re-enacted.

4.—(1) Subsection 1 of section 15 of *The Apprenticeship Act* as amended by section 4 of *The Statute Law Amendment Act, 1943*, and section 2 of *The Apprenticeship Amendment Act, 1944*, is repealed and the following substituted therefor:

Regulations.

- (1) Subject to the approval of the Lieutenant-Governor in Council, the Board may make regulations,—

- (a) prescribing the qualifications of persons who may become apprentices in any designated trade, the nature and number of educational classes to be attended and the course of training to be given;
- (b) prescribing the form of contract of apprenticeship, assignment of contract, notice of transfer and such other forms as may be required;
- (c) providing for the registration of contracts of apprenticeship, assignments of contracts and notices of transfer of contracts;
- (d) prescribing the hours of labour and rates of wages for apprentices;
- (e) providing for the issuance of certificates of apprenticeship to every apprentice who serves the prescribed term of apprenticeship and completes the school training to the satisfaction of the Board, and for the issuance of duplicate certificates of apprenticeship;
- (f) providing for examinations for certificates of qualification, for the issuance, annually or otherwise, of certificates of qualification, for their cancellation, suspension and renewal, and for the issuance of duplicate certificates;
- (g) requiring all persons engaged in any designated trade, other than registered apprentices and persons employed during a probationary period, to hold a current certificate of qualification, and prohibiting the employment in any designated trade of persons who have not complied with this requirement;
- (h) providing for the issuance without examination of certificates of qualification, upon payment of the prescribed fee, to holders of certificates of apprenticeship;

SECTION 4—Subsection 1—Clause (a). Former clause *a* unchanged.

Clause (b). Former clause *d* unchanged.

Clause (c). Former clause *e* unchanged.

Clause (d). Former clause *c* unchanged.

Clause (e). Former Clause *n* unchanged.

Clause (f). Former clause *b* amended to provide for examinations thereby rendering former clause *f* unnecessary. The question of fees for the certificates is now covered by clause *l*.

Clause (g). First five lines of former clause *bb* amended to exempt persons employed during a probationary period. The balance of former clause *bb* is inserted as subsection 3 of section 15 by subsection 2 of this section.

Clause (h). This is a new power to make regulations. The clause is self-explanatory as to purpose. Persons who have carried out the requirements to obtain certificates of apprenticeship should not be required to undergo further examination to obtain certificates of qualification.

Clause (*i*). This clause is new and the purpose is to provide authority in the Board to set out conditions precedent to the issue of certificates of qualification.

Clause (*j*). This is the former clause *h* which has been enlarged to include registration for persons running a one-man shop and others who are self-employed. This addition is essential to make the Act effective.

Clause (*k*). This is a new clause required to provide authority in the Board to prescribe forms necessary to the efficient administration of the Act.

Clause (*l*). This clause consolidates the provisions for fees set out in former clauses *g*, *i* and *o*, and provides as well for fees for renewal of certificates, and duplicate certificates.

Clause (*m*). This is the former clause *i* less the fees clause which is now part of clause *l*.

Clause (*n*). It is desirable for the carrying out of the Act that such a provision should exist.

Clause (*o*). This is the former clause *o* less the fees clause which is now part of clause *l*. The word "certificates" in the last line has been amended to read "licenses". The word "certificates" was obviously incorrect.

- (i) prescribing the terms and conditions upon which certificates of qualification may be issued to persons engaged in a designated trade;
- (j) providing for the registration of employers and self-employed persons engaged in a designated trade;
- (k) prescribing the form of certificates of qualification, applications for certificates of qualification and renewals thereof, registration of employers and self-employed persons engaged in a designated trade, and such other forms as may be required;
- (l) prescribing and requiring the payment of a fee for,
 - (i) examination for certificates of qualification;
 - (ii) the issuance of certificates of qualification and renewals thereof;
 - (iii) duplicate certificates of qualification;
 - (iv) duplicate certificates of apprenticeship;
 - (v) registration of employers and self-employed persons; and
 - (vi) licenses for trade-schools;
- (m) prescribing the purposes for which the moneys collected in registration fees may be used;
- (n) requiring the holder of a certificate of qualification to keep it posted conspicuously in the shop where he is engaged in a designated trade, or, where not possible, to carry it upon his person;
- (o) prescribing the terms and conditions upon which a license may be issued to a trade-school and generally prescribing the method of training to be followed in the schools and the manner in which the schools are to be operated, and for the cancellation, suspension and renewal of such licenses;

- (p) fixing the rate of assessment of employers and employees in each designated trade and governing the manner of making the assessment;
- (q) prescribing the constitution, powers and duties of provincial advisory committees and local apprenticeship committees and the qualifications of the members thereof;
- (r) providing for the calling of meetings of such committees and the procedure to be followed at such meetings;
- (s) providing for the books, records and forms to be used and the returns to be made by such committees;
- (t) prescribing the classes of persons in any designated trade, to whom this Act and the regulations shall apply; and
- (u) generally for the better carrying out of the provisions of this Act.

Rev. Stat.,
c. 192, s. 15,
amended.

(2) The said section 15 as amended by section 4 of *The Statute Law Amendment Act, 1943*, and section 2 of *The Apprenticeship Amendment Act, 1944*, is further amended by adding thereto the following subsection:

Exemption.

- (3) A regulation passed under clause g of subsection 1 shall not apply to a person who within two years of the coming into force of the regulation satisfies the provincial advisory committee that at the date of the coming into force of such regulation he had been engaged in the trade for a period equal to the apprenticeship period.

Rev. Stat.,
c. 192,
amended.

5. *The Apprenticeship Act* is amended by adding thereto the following section:

Members of
the forces.

- 23. Where a member has served as a member of any of the forces of His Majesty or any ally thereof, and is undertaking a course of training under a plan of rehabilitation approved by the Board, the Board may exempt such person from the operation of such provisions of this Act and the regulations as may be deemed necessary.

Short title.

6. This Act may be cited as *The Apprenticeship Amendment Act, 1946*.

Clause (*p*). Former clause *j* unchanged.

Clause (*q*). Former clause *k* unchanged.

Clause (*r*). Former clause *l* unchanged.

Clause (*s*). Former clause *m* unchanged.

Clause (*t*). This clause is new. It is essential to the effectiveness of the Act that power be given to prescribe the persons considered to be engaged in a particular designated trade within the meaning of the Act.

Clause (*u*). Former clause *p* unchanged.

SECTION 4—Subsection 2. This subsection is the latter part of the former clause *bb* of subsection 1 of section 15. It has been changed to subsection 3 of section 15 because in its former position it did not fit in contextually with the balance of the subsection.

SECTION 5. Certain provisions of the Act would preclude a member of the forces from any possibility of entering one of the designated trades. For example a person who has been discharged from the forces after the age of twenty-one years could not become a motor vehicle repairer although he might have had an intensive course of training and experience in that field in the forces, or might have completed one of the government's rehabilitation courses after discharge. This section is inserted to provide for such cases.
